foregrips/handguards, buttstocks, pistol grips and bayonet lugs from military rifles; empty ammunition cartridge casings; smokeless ammunition powder; ammunition primer; pistol receivers; pistol barrels; slides, hammers, trigger groups, sights, magazines, grips, bolt carriers and bolts from pistols; foregrips, buttstocks, pistol grips, trigger groups, gas piston assemblies, sight assemblies, magazines, rail attachments, dust cover assemblies, muzzle device assemblies, bolt carriers, bolts, carrying handles, operating rods, cocking handles, sporting rifle receivers, sporting rifle barrels and sporting barreled receivers from rifles; shotgun barrels; shotgun receivers; and, foregrips, buttstocks, pistol grips, trigger groups, gas piston assemblies, sight assemblies, magazines, rail attachments, dust cover assemblies, muzzle device assemblies, bolt carriers, bolts, carrying handles, operating rods and cocking handles for shotguns (duty rate ranges from duty-free to 4.2%). M.M.O. would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Military rifles; machine guns; semi-automatic pistols; steel, aluminum and plastic pistol barrels; steel and plastic pistol barrels; semiautomatic rifles (centerfire); steel, aluminum and plastic rifle receivers; steel and aluminum rifle barrels; military shotguns; steel and aluminum shotgun barrels; semiautomatic shotguns; pump-action shotguns; steel, aluminum and plastic shotgun receivers; and, .556mm, 7.62mm, .223, .50BMG, .308, 9mm, .45ACP and .40 ammunition (duty rate ranges from duty-free to 13%). The request indicates that certain materials/components are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 19, 2021. A copy of the notification will be available for public inspection in the “Reading Room” section of the Board’s website, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zones Board
[S–35–2021]
Foreign-Trade Zone 44—Mt. Olive, New Jersey; Application for Subzone; All Ways Pacific LLC, Dayton, New Jersey

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the State of New Jersey Department of State, grantees of FTZ 44, requesting subzone status for the facility of All Ways Pacific LLC, located in Dayton, New Jersey. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 2, 2021.

The proposed subzone (16.86 acres) is located at 10 Sigle Lane, Dayton, New Jersey. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 44.

In accordance with the FTZ Board’s regulations, Christopher Kemp of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is April 19, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 3, 2021.

A copy of the application will be available for public inspection in the “Reading Room” section of the FTZ Board’s website, which is accessible via trade.gov/ftz.

Common Alloy Aluminum Sheet From India: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of common alloy aluminum sheet (aluminum sheet) from India are being, or are likely to be, sold in the United States at less than fair value (LTFV) for the period of investigation January 1, 2019, through December 31, 2019.

DATES: Applicable March 8, 2021.

FOR FURTHER INFORMATION CONTACT: Jasun Moy or Nicolas Mayora, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8194 or (202) 482–3053, respectively.

SUPPLEMENTARY INFORMATION: Background

On October 15, 2020, Commerce published in the Federal Register the preliminary affirmative determination in the LTFV investigation of aluminum sheet from India, in which we also postponed the final determination until March 1, 2021. We invited interested parties to comment on the Preliminary Determination. A summary of the events that occurred since Commerce published the Preliminary Determination, may be found in the Issues and Decision Memorandum.

Scope of the Investigation

The products covered by this investigation are aluminum sheet from India. For a complete description of the scope of this investigation, see Appendix I.

See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Common Alloy Aluminum Sheet from India,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).
Scope Comments

During the course of this investigation, Commerce received scope comments from interested parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments. We received comments from interested parties on the Preliminary Scope Decision Memorandum, which we addressed in the Final Scope Decision Memorandum. Commerce is not modifying the scope language as it appeared in the Preliminary Determination. See Appendix I for the final scope of the investigation.

Analysis of Comments Received

All the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/index.html. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(j) of the Tariff Act of 1930, as amended (the Act).5

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings related to our request for information in lieu of verification, we made certain changes to the margin calculations for Manasksia Aluminum Company Limited (MALCO). For a discussion of these changes, see the “Margin Calculations” section of the Issues and Decision Memorandum.

Use of Adverse Facts Available

One of the respondents, Hindalco Industries Limited (Hindalco), failed to submit a timely response to Commerce’s supplemental section A questionnaire and did not timely file an extension request. Therefore, in the Preliminary Determination, pursuant to sections 776(a) and (b) of the Act, Commerce assigned Hindalco a rate based on partial adverse facts available (AFA). As discussed in the Issues and Decision Memorandum, we continue to find that the application of partial AFA pursuant to sections 776(a) and (b) of the Act is warranted with respect to Hindalco.6

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, de minimis, or determined entirely under section 776 of the Act. Commerce has determined that the estimated weighted-average dumping margin for MALCO is zero. Therefore, the only rate that is not zero, de minimis, or based entirely on facts otherwise available is the rate calculated for Hindalco. Consequently, the rate calculated for Hindalco is also assigned as the rate for all other producers and exporters.7

Final Determination

The final estimated weighted-average dumping margins are as follows:

Disclosure

We intend to disclose the calculations performed in this final determination within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend the liquidation of all appropriate entries of subject merchandise, as described in Appendix I of this notice, entered, or withdrawn from warehouse, for consumption on or after October 15, 2020, the date of publication in the Federal Register of the affirmative Preliminary Determination, except for those entries of subject merchandise produced and exported by MALCO. Because the estimated weighted-average dumping margin for MALCO is zero, we will not direct CBP to suspend liquidation of entries of the subject merchandise it produced and exported. Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, we will instruct CBP to require a cash deposit for such entries of merchandise equal to the estimated weighted-average dumping margin or estimated all-others rate, as follows: (1) The cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation

instructions will remain in effect until further notice.

Because the estimated weighted-average dumping margin for MALCO is zero, entries of shipments of subject merchandise from this company will not be subject to suspension of liquidation or cash deposit requirements. In such situations, Commerce also applies the exclusion from the provisional measures to the producer/exporter combination that was examined in the investigation. Accordingly, Commerce will direct CBP not to suspend liquidation of entries of subject merchandise produced and exported by MALCO. However, entries of shipments of subject merchandise from this company in any other producer/exporter combination (i.e., where MALCO is either the producer or the exporter, but not both), or by third parties that sourced subject merchandise from the excluded producer/exporter combination, will be subject to suspension of liquidation at the all-others rate. Because the estimated weighted-average dumping margin is zero for the producer/exporter combination identified above, entries of shipments of subject merchandise from this producer/exporter combination will be excluded from the potential antidumping duty (AD) order. Such an inclusion will not be applicable to merchandise exported to the United States by this respondent in any other producer/exporter combination or by third parties that sourced subject merchandise from the excluded producer/exporter combination.

Commerce normally adjusts cash deposits for estimated antidumping duties by the amount of export subsidies counselevied in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce made an affirmative determination for countervailable export subsidies (i.e., Advanced Authorization Program, Duty Drawback Program, Export Promotion of Capital Goods Scheme, Merchandise Export from India Scheme, and Export-Oriented Unit Scheme), Commerce has offset the estimated weighted-average dumping margins by the appropriate CVD rate. In the companion CVD investigation, we have found export subsidies for all producers and exporters of subject merchandise.

However, suspension of liquidation for provisional measures in the companion CVD case has been discontinued. Therefore, we are not instructing CBP to collect cash deposits based upon the estimated the estimated weighted-average dumping margins adjusted for export subsidies at this time. Any such adjusted cash deposit rate may be found in the “Final Determination” section above.

**International Trade Commission Notification**

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of aluminum sheet no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an AD order directing CBP to assess, upon further instruction by Commerce, AD duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption from or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

**Notification Regarding Administrative Protective Orders**

This notice will serve as a final reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

**Notification to Interested Parties**

This determination and this notice are issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: March 1, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance

**Appendix I—Scope of the Investigation**

The products covered by this investigation are common alloy aluminum sheet, which is a flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within this scope of this investigation includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. With respect to not clad aluminum sheet, common alloy sheet is manufactured from a XXX-, XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core. The use of a proprietary alloy or non-proprietary alloy that is not specifically registered by the Aluminum Association as a discrete 1XXX-, 3XXX-, or 5XXX-series alloy, but that has a chemistry that is consistent with these designations, does not remove an otherwise in-scope product from the scope.

Common alloy sheet may be made to ASTM specification B209–14 but can also be made to other specifications. Regardless of specification, however, all common alloy sheet meeting the scope description is included in the scope. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of this investigation in performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of this investigation is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock has been produced to gauges that range from 0.200 mm to 0.292 mm, and has an H–19, H–41, H–48, H–39, or H–391 temper. In addition, aluminum can stock has a lubricant applied to the flat surfaces of the can stock to facilitate its movement through machines used in the manufacture of beverage cans. Aluminum can stock is properly classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7606.12.3045 and 7606.12.3055. Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set for the above.

Common alloy sheet is currently classifiable under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3096, 7606.12.6000, 7606.91.3095, 7606.91.6095, 7606.92.3035, and 7606.92.6095. Further, merchandise that falls within the scope of this investigation may also be entered into the United States under HTSUS subheadings 7606.11.3030, 7606.12.3015, 7606.12.3025,

SUPPLEMENTARY INFORMATION:

Background

On August 14, 2020, Commerce published the Preliminary Determination in the Federal Register.1 In the Preliminary Determination, and in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(4), Commerce aligned the final determination of this CVD investigation with the final determination in the companion antidumping duty investigation of aluminum sheet from India.

A summary of the events that occurred since Commerce published the Preliminary Determination may be found in the Issues and Decision Memorandum.2 The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/fnd/. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Period of Investigation

The period of investigation is January 1, 2019, through December 31, 2019.

Scope of the Investigation

The product covered by this investigation is aluminum sheet from India. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

During the course of this investigation, Commerce received scope comments from interested parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments.3 We received comments from interested parties on the Preliminary Scope Decision Memorandum, which we addressed in the Final Scope Decision Memorandum.4 Commerce is not modifying the scope language as it appeared in the Preliminary Determination. See Appendix I for the final scope of the investigation.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Act.5
