Therefore, the total burden hours for survey participants and nonrespondents for the pilot and full survey for all segments is 4,978 hours (1,400 hours for recruitment and 3,578 hours for respondents).

**Estimated Total Burden Hour Opportunity Costs for Survey Participants**

The burden hour cost associated with this collection of information for respondents is derived by multiplying the appropriate average American wage published by the Bureau of Labor Statistics by the estimated burden hours for participants for each segment. The average American wage is estimated to be $29.81 per hour for “all employees on private nonfarm payrolls.”5 The estimated opportunity cost for participants for each segment for the pilot and full survey is $106,660.00, detailed in Table 6.
