I. Background

AmeriCorps, the operating name for Corporation for National and Community Service, is a Federal agency that engages millions of Americans in service. AmeriCorps members and AmeriCorps Seniors volunteers serve directly with nonprofit organizations to tackle our nation’s most pressing challenges. For more information, visit americorps.gov.

The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Sec. 701 of Pub. L. 114–74) (the “Act”), which is intended to improve the effectiveness of civil monetary penalties and to maintain the deterrent effect of such penalties, requires agencies to adjust the civil monetary penalties for inflation annually.

II. Method of Calculation

AmeriCorps has two civil monetary penalties in its regulations. A civil monetary penalty under the Act is a penalty, fine, or other sanction that is for a specific monetary amount as provided by Federal law or has a maximum amount provided for by Federal law and is assessed or enforced by an agency pursuant to Federal law and is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal courts. (See 28 U.S.C. 2461 note).

The inflation adjustment for each applicable civil monetary penalty is determined using the percent increase in the Consumer Price Index for all Urban Consumers (CPI–U) for the month of October of the year in which the amount of each civil money penalty was most recently established or modified. In the December 23, 2020, OMB Memo for the Heads of Executive Agencies and Departments, M–21–10, Implementation of Penalty Inflation Adjustments for 2021, Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, OMB published the multiplier for the required annual adjustment. The cost-of-living adjustment multiplier for 2021, based on the CPI–U for the month of October 2020, not seasonally adjusted, is 1.01182.

The agency identified two civil penalties in its regulations: (1) The penalty associated with Restrictions on Lobbying (45 CFR 1230.400) and (2) the penalty associated with the Program Fraud Civil Remedies Act (45 CFR 2554.1).

The civil monetary penalties related to Restrictions on Lobbying (Section 319, Pub. L. 101–121; 31 U.S.C. 1352) range from $20,489 to $204,892. Using the 2021 multiplier, the new range of possible civil monetary penalties is from $20,732 to $207,313.

The Program Fraud Civil Remedies Act of 1986 (Pub. L. 99–509) civil monetary penalty has an upper limit of $11,665. Using the 2021 multiplier, the new upper limit of the civil monetary penalty is $11,803.

III. Summary of Final Rule

This final rule adjusts the civil monetary penalty amounts related to Restrictions on Lobbying (45 CFR 1230.400) and the Program Fraud Civil Remedies Act of 1986 (45 CFR 2554.1). The range of civil monetary penalties related to Restrictions on Lobbying increased from “$20,489 to $204,892” to “$20,732 to $207,313.” The civil monetary penalties for the Program Fraud Civil Remedies Act of 1986 increased from “up to $11,665” to “up to $11,803.”

IV. Regulatory Procedures

A. Determination of Good Cause for Publication Without Notice and Comment

The agency finds, under 5 U.S.C. 553(b)(3)(B), that there is good cause to except this rule from the public notice and comment provisions of the Administrative Procedure Act, 5 U.S.C. 553(b). Because the agency is implementing a final rule pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, which requires the agency to update its regulations based on a prescribed formula, the agency has no discretion in the nature or amount of the change to the civil monetary penalties. Therefore, notice and comment for these prescribed updates is impracticable and unnecessary. As an interim final rule, no further regulatory action is required for the issuance of this legally binding rule. If you would like to provide technical comments, however, they may be submitted until April 12, 2021.

B. Review Under Procedural Statutes and Executive Orders

The agency has determined that making technical changes to the amount of civil monetary penalties in its regulations does not trigger any requirements under procedural statutes and Executive orders that govern rulemaking procedures.

V. Effective Date

This rule is effective March 11, 2021. The adjusted civil penalty amounts apply to civil penalties assessed on or after March 11, 2021, when the violation occurred after November 2, 2015. If the violation occurred prior to November 2, 2015, or a penalty was assessed prior to August 1, 2016, the pre-adjustment civil penalty amounts in effect prior to August 1, 2016, will apply.

Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Possession and Trip Limit Increases for the Common Pool Fishery
AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
ACTION: Temporary rule; inseason adjustment.
SUMMARY: This action increases the possession and trip limits of Georges Bank cod, Gulf of Maine cod, Gulf of Maine haddock, Southern New England/Mid-Atlantic winter flounder, American plaice, and witch flounder for Northeast multispecies common pool vessels for the remainder of the 2020 fishing year. This action will provide the common pool fishery greater opportunity to harvest, but not exceed, the annual quotas for these stocks.
