circumstance that causes the System to process Reserve Orders in an unintended manner. The Exchange does not anticipate this proposal will have any impact on competition whatsoever.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act 12 and Rule 19b–4(f)(6) thereunder. 13

A proposed rule change filed pursuant to Rule 19b–4(f)(6) under the Act 14 normally does not become operative for 30 days after the date of its filing. However, Rule 19b–4(f)(6)(iii) 15 permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. Waiver of the operative delay would allow the Exchange to immediately amend its Reserve Order rule to account for scenarios that may occur today and harmonize its Reserve Order rule with that of Nasdaq.16 The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing. 17

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments
