Abstract: National Heritage Areas (NHAs) are designated by Congress as places of natural, cultural, and historic significance. Authorized by the Historic Sites Act of 1935 (54 U.S.C. Ch. 3201), the NPS NHA Program is responsible for tracking the performance and progress of each heritage area in implementing its management plans and goals. The reporting forms in the collection will track performance metrics needed to distribute funds and report on heritage area management and budgetary activities as directed by Congress.

NHAs combine conservation, recreation, and economic development to form a cohesive, nationally important

landscape. The NHA Program currently includes 55 heritage areas. To track the performance of each NHA and facilitate mandated financial reporting, the NPS is requesting to use the two reporting forms listed below to collect information used to monitor the progress of each heritage area.

- **NPS Form 10–320 Annual Program Report—Part I Funding Report:** This form is used to allocate Heritage Partnership Program (HPP) funds and prepare the annual NPS Budget Justification in response to directives from Congress. The information gathered includes required non-federal match sources; organizational

sustainability planning; Heritage Area accomplishments and any challenges using the HPP funds.

- **NPS Form 10–231 Annual Program Report—Part II Progress Report:** This form tracks progress and informs individual heritage area evaluations.
