

mammals are implicated by this action, and; (5) appropriate monitoring and reporting requirements are included.

Endangered Species Act

Section 7(a)(2) of the Endangered Species Act of 1973 (ESA: 16 U.S.C. 1531 *et seq.*) requires that each Federal agency insure that any action it authorizes, funds, or carries out is not likely to jeopardize the continued existence of any endangered or threatened species or result in the destruction or adverse modification of designated critical habitat. No incidental take of ESA-listed marine mammal species is expected to result from this activity, and none would be authorized. Therefore, NMFS has determined that consultation under section 7 of the ESA is not required for this action.

National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216-6A, NMFS must review our proposed action (*i.e.*, the issuance of an incidental harassment authorization) with respect to potential impacts on the human environment.

This action is consistent with categories of activities identified in Categorical Exclusion B4 (IHAs with no anticipated serious injury or mortality) of the Companion Manual for NOAA Administrative Order 216-6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has determined that the issuance of the IHA Renewal qualifies to be categorically excluded from further NEPA review.

Renewal

NMFS has issued a Renewal IHA to CTJV for the take of marine mammals incidental to construction associated with the PTST at Virginia Beach, Virginia, for a period of one year.

Dated: March 11, 2021.

Donna S. Wieting,

Director, Office of Protected Resources,
National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XA941]

Marine Mammals; File No. 18786

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for permit amendment.

SUMMARY: Notice is hereby given that the NMFS Office of Protected Resources, Marine Mammal Health and Stranding Response Program (Responsible Party: Teri Rowles, D.V.M., Ph.D.), 1315 East West Highway, Silver Spring, MD 20910 has applied for an amendment to Scientific Research Permit No. 18786-05.

DATES: Written, telefaxed, or email comments must be received on or before April 16, 2021.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 18786 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 18786 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Shasta McClenahan, Ph.D. or Amy Sloan, (301)427-8401.

SUPPLEMENTARY INFORMATION: The subject amendment to Permit No. 18786-05 is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

Permit No. 18786, issued on June 30, 2015 (80 FR 44939), authorizes the permit holder to: (1) Carry out response, rescue, rehabilitation and release of threatened and endangered marine mammals under NMFS jurisdiction (*Cetacea* and *Pinnipedia* (excluding walrus)), and disentanglement of all marine mammals under NMFS jurisdiction, pursuant to sections 109(h), 112(c), and Title IV of the MMPA; and, carry out such activities as enhancement pursuant to section 10(a)(1)(A) of the ESA; (2) Conduct health-related, bona fide scientific research studies on marine mammals and marine mammal parts under NMFS jurisdiction pursuant to sections 104(c) and Title IV of the MMPA and section 10(a)(1)(A) of the ESA, including research related to emergency response that may involve compromised animals, and research on healthy animals that have not been subject to emergency response (*e.g.*, baseline health studies); (3) Conduct Level B harassment on all marine mammal species under NMFS jurisdiction incidental to MMHSRP activities in the U.S.; and (4) Collect, salvage, receive, possess, transfer, import, export, analyze, and curate marine mammal specimens under NMFS jurisdiction for purposes delineated in numbers (1) and (2) above. The permit holder is requesting the permit be amended to include authorization to extend the duration of the permit for 12 months through December 31, 2022.

An environmental assessment (EA) was prepared for the original permit (No. 18786) in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), to examine whether significant environmental impacts could result from issuance of the proposed scientific research permit. Based on the analyses in the EA, NMFS determined that issuance of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on June 29, 2015. The activities in this proposed amendment are consistent with the analyses in the original EA and no additional NEPA analysis is required for the issuance of this amendment. The original EA and FONSI are available upon request.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: March 11, 2021.

Amy Sloan,

Acting Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Commerce Spectrum Management Advisory Committee

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Call for applications to serve on Advisory Committee.

SUMMARY: The National Telecommunications and Information Administration (NTIA) is seeking applications from persons interested in serving on the Department of Commerce Spectrum Management Advisory Committee (CSMAC or committee) for two-year terms. The CSMAC provides advice to the Assistant Secretary for Communications and Information and NTIA Administrator on spectrum policy matters.

DATES: Applications must be postmarked or electronically transmitted on or before April 16, 2021.

ADDRESSES: Persons may submit applications, with the information specified below, to Antonio Richardson, Designated Federal Officer, by email to arichardson@ntia.gov (preferred) or by U.S. mail or commercial delivery service to Office of Spectrum Management, National Telecommunications and Information Administration, 1401 Constitution Avenue NW, Room 4600, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Antonio Richardson at (202) 482-4156 or arichardson@ntia.gov.

SUPPLEMENTARY INFORMATION: The Commerce Spectrum Management Advisory Committee is chartered by the Department of Commerce under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, and pursuant to Section 105(b) of the National Telecommunications and Information Administration Organization Act, as amended, 47 U.S.C. 904(b). The committee will continue as provided in Executive Order 13889 effective September 27, 2019. The Department of Commerce re-chartered the CSMAC on October 1, 2019, for a two-year period. The CSMAC advises the Assistant

Secretary of Commerce for Communications and Information on a broad range of issues regarding spectrum policy. In particular, the current charter provides that the committee will provide advice and recommendations on needed reforms to domestic spectrum policies and management in order to: License radio frequencies in a way that maximizes their public benefit; keep wireless networks as open to innovation as possible; and make wireless services available to all Americans. The CSMAC functions solely as an advisory body in compliance with the FACA. Additional information about the CSMAC and its activities may be found at <http://www.ntia.gov/category/csmac>.

Under the terms of the committee's charter, it will have no fewer than five (5) members and no more than thirty (30) members. The members serve on the CSMAC in the capacity of Special Government Employee (SGE). As SGEs, members must comply with certain federal conflict of interest statutes and ethics regulations, including some financial disclosure requirements. Members will not receive compensation or reimbursement for travel or for per diem expenses. No member may be a registered federal lobbyist pursuant to the Lobbying Disclosure Act of 1995 (*codified at 2 U.S.C. 1601 et seq.*). See Office of Management and Budget, *Revised Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards, and Commissions*, 79 FR 47482 (Aug. 13, 2014). No member may be an agent of a foreign principal required to register pursuant to the Foreign Agents Registration Act of 1938, as amended (*codified at 22 U.S.C. 611 et seq.*).

The Secretary of Commerce appoints members of the committee who serve at the Secretary's pleasure and discretion for up to a two-year term and may be reappointed for additional terms. NTIA currently seeks applicants for new two-year terms that will commence in approximately April 2021 and continue for two years, subject to the anticipated timely renewal of the committee's charter or its termination by proper authority.

The committee's membership will be fairly balanced in terms of the points of view represented by members and the functions to be performed. Accordingly, its membership will reflect a cross-section of interests in spectrum management and policy, including non-federal spectrum users; state, regional, and local sectors; technology developers and manufacturers; academia; civil society; and service providers with customers in both domestic and

international markets. A description of factors that will be considered to determine each applicant's expertise is contained in the committee's Membership Balance Plan (*available at <http://www.ntia.gov/other-publication/2019/csmac-membership-balance-plan>*).

In particular, NTIA seeks applicants with strong technical and engineering knowledge and experience, familiarity with commercial or private wireless technologies and associated businesses, or expertise with specific applications of wireless technologies. The Secretary may consider factors including, but not limited to, educational background, past work or academic accomplishments, and the industry sector in which a member is currently or previously employed. All appointments are made without discrimination on the basis of age, ethnicity, gender, sexual orientation, disability, cultural, religious, or socioeconomic status.

Each application must include the applicant's full name, address, telephone number, and email address, along with a summary of the applicant's qualifications that identifies, with specificity, how his or her education, training, experience, expertise, or other factors would support the CSMAC's work and how his or her participation would help achieve the balance factors described above. Each application must also include a detailed resume or *curriculum vitae*.

Dated: March 12, 2021.

Kathy D. Smith,

Chief Counsel, National Telecommunications and Information Administration.
