SUPPLEMENTARY INFORMATION:

CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Application to Use Automated Commercial Environment (ACE).

OMB Number: 1651-0105.

Current Actions: Extension.

Type of Review: Extension (without change).

Affected Public: Businesses.

Abstract: The Automated Commercial Environment (ACE) is a trade data processing system that is replacing the Automated Commercial System (ACS), the current import system for U.S. Customs and Border Protection (CBP) operations. ACE is authorized by Executive Order 13659 which mandates implementation of a Single Window through which businesses will transmit data required by participating agencies for the importation or exportation of cargo. *See* 79 FR 10655 (February 25, 2014). ACE supports government agencies and the trade community with border-related missions with respect to moving goods across the border efficiently and securely. Once ACE is fully implemented, all related CBP trade functions and the trade community will be supported from a single common user interface.

To establish an ACE Portal account, participants submit information such as their name, their employer identification number (EIN) or social security number (SSN), and if applicable, a statement certifying their capability to connect to the internet. This information is submitted through the ACE Secure Data Portal which is accessible at: <http://www.cbp.gov/trade/automated>

Please Note: a CBP-assigned number may be provided in lieu of your SSN. If you have an EIN, that number will automatically be used and no CBP number will be assigned. A CBP-assigned number is for CBP use only.

There is a standalone capability for electronically filing protests in ACE. This capability is available for participants who have not established ACE Portal Accounts for other trade activities, but desire to file protests electronically. A protest is a procedure whereby a private party may administratively challenge a CBP decision regarding imported merchandise and certain other CBP decisions. Trade members can establish a protest filer account in ACE through a separate application and the submission of specific data elements includes, but is not limited to, their name; their employer identification number (EIN) or social security number (SSN); and contact information. *See* 81 FR 57928 (August 24, 2016).
