

producers of subject merchandise that have not received their own separate rate above, the cash deposit rate will be the cash deposit rate established for the China-wide entity; and (3) for all non-Chinese exporters of subject merchandise which have not received their own separate rate above, the cash deposit rate will be the cash deposit rate applicable to the Chinese exporter/producer combination that supplied that non-Chinese exporter. These suspension of liquidation instructions will remain in effect until further notice.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce makes an affirmative determination for domestic subsidy pass-through or export subsidies, Commerce offsets the calculated estimated weighted-average dumping margin by the appropriate rates. Commerce continues to find that SKY and all non-individually-examined companies found eligible for a separate rate qualify for a double-remedy adjustment. Further, we have continued to adjust the cash deposit rates for SKY, Wuyi Xilinde, all non-individually-examined separate rate companies, and the China-wide entity for export subsidies in the companion CVD investigation by the appropriate export subsidy rates⁶ as indicated in the above chart. However, suspension of liquidation according to provisional measures in the companion CVD case has been discontinued effective December 26, 2020; therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated weighted-average dumping margin for those export subsidies and double remedy adjustment at this time.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with

material injury, by reason of imports, or sales (or the likelihood of sales) for importation of non-refillable cylinders no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that material injury or threat of material injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: March 15, 2021.

Christian Marsh,

Acting Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* of this administrative review on July 23, 2020.¹ This administrative review covers 21 producers and/or exporters of the subject merchandise.² Commerce selected Borusan for individual examination.³ The producers/exporters not selected for

² This review covers the following companies: Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (Borusan Mannesmann) and Borusan Istikbal Ticaret T.A.S. (Borusan Istikbal) (collectively, Borusan); Toscelik Profil ve Sac Endustrisi A.S. (Toscelik Endustrisi), Tosyali Dis Ticaret A.S. (Tosyali Ticaret), and Toscelik Metal Ticaret A.S. (Borusan Ithicat); Borusan Mannesmann Yatirim Holding (BMYH), Tubeco Pipe and Steel Corporation (Tubeco); Erbosan Erciyas Boru Sanayi ve Ticaret A.S. (Erbosan); Kale Baglanti Teknolojileri San. ve Tic. A.S. (Kale Baglanti), Noksel Selik Boru Sanayi A.S. (Noksel Selik), Yucel Boru ve Profil Endustrisi A.S. ³ In prior segments of this proceeding, we treated Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S. as a single entity. See, e.g., *Welded Carbon Steel Standard Pipe and Tube Products from Turkey: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2013–2014*, 80 FR 76674, 76674 n.2 (December 10, 2015). We determined that there is no evidence in this proceeding's record for altering our treatment of Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S., as a single entity. The record does not support treating the following companies as part of the Borusan Mannesmann Boru Sanayi ve Ticaret A.S./Borusan Istikbal Ticaret T.A.S. entity: (1) Borusan Birlesik; (2) Borusan Gemlik; (3) Borusan Ihracat; (4) Borusan Ithicat; and (5) Tubeco. Accordingly, as discussed *infra*, each of these five companies will be assigned the rate applicable to companies not selected for individual examination in this administrative review.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made no changes to the preliminary weighted-average margin calculations for Borusan and for those companies not selected for individual review.⁹

Final Determination of No Shipment

In the *Preliminary Results*, we found that the following eight companies made no shipment of the subject merchandise to the United States during the POR: (1) Cinar Boru; (2) Noksel Selik; (3) Cayirova; (4) Yucel; (5) Yucelboru; (6) Toscelik Endustrisi A.S.; (7) Tosyali Ticaret; and (8) Toscelik Metal. No parties commented on this determination. For the final results of review, we continue to find that these companies made no shipment of subject merchandise to the United States during the POR.

As a result of this administrative review, we are assigning the following weighted-average dumping margins to the manufacturers/exporters listed below for the period of May 1, 2018 through April 30, 2019:

Disclosure

Commerce intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the

⁹ See accompanying IDM.

Federal Register, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.¹⁰ Commerce calculated importer-specific *ad valorem* AD assessment rates for Borusan by aggregating for each importer identified for the reported sales, the total amount of dumping calculated for the sales for which that importer was identified and dividing each of these amounts by the total entered value of those sales. Commerce will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or *de minimis*.

In this review, we have calculated weighted-average dumping margin of 12.03 percent for Borusan. When only one weighted-average dumping margin for the individually investigated respondents is not zero, *de minimis*, or based entirely on facts available, the rate for companies that we did not individually examine will be equal to that single weighted-average dumping margin. Accordingly, we have assigned to Borusan Birlesik; Borusan Gemlik; BMBYH; Borusan Ihracat; Borusan Ithicat; BMYH; Tubeco; Erbosan; Kale Baglanti; Kale Baglann; and Istikbal Ticaret, companies not individually examined in this review a margin of 12.03 percent, which is the calculated weighted average dumping margin of Borusan.

For entries of subject merchandise during the POR produced by Borusan for which it did not know its merchandise was destined for the United States, and for entries associated with the seven companies for which Commerce found “no shipments” during the POR, Commerce will instruct CBP to liquidate such unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transactions.¹¹

¹⁰ In these final results, Commerce applied the assessment rate calculation methodology adopted in *Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

¹¹ For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Consistent with its recent notice,¹² Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice of final results of administrative review in the **Federal Register** for all shipments of subject merchandise entered, or withdrawn from warehouse for consumption on or after the date of publication of the notice, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Borusan is equal to the weighted-average dumping margin determined in the final results of review; (2) for previously reviewed or investigated companies not listed in the table above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter was not covered in this review, a prior completed review, or the investigation, but the producer was covered, the cash deposit rate will be the rate established in the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 14.74 percent *ad valorem*, the all-others rate established in the investigation in this proceeding.¹³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant POR entries. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of

antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.
