Certain Carbon and Alloy Steel Cut-to-Length Plate From the Republic of Korea: Final Results and Partial Rescission of Countervailing Duty Administrative Review, 2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that POSCO and certain other producers/exporters of certain carbon and alloy steel cut-to-length plate (CTL plate) from the Republic of Korea (Korea) received *de minimis* net countervailable subsidies during the period of review (POR), January 1, 2018, through December 31, 2018.

DATES: Applicable March 22, 2021.

FOR FURTHER INFORMATION CONTACT:

Paris Montgomery or Bob Palmer, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1537 and (202) 482-9068, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 27, 2020, Commerce published the *Preliminary Results* of this administrative review.¹ We invited interested parties to comment on the *Preliminary Results*. For a complete description of the events that occurred subsequent to the *Preliminary Results*, see the Issues and Decision Memorandum.²

¹ See *Certain Carbon and Alloy Steel Cut-to-Length Plate from the Republic of Korea: Preliminary Results of Countervailing Duty Administrative Review, and Intent to Rescind Review, in Part*, 2018, 85 FR 45185 (July 27, 2020) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Issues and Decision Memorandum for the Final Results of Countervailing Duty Administrative Review: Certain Carbon and Alloy Steel Cut-to-Length Plate from the Republic of Korea; 2018,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Scope of the Order³

The product covered by the *Order* is CTL plate from Korea. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/fn/>.

Changes Since the Preliminary Results

Based on the comments received from interested parties and record information, we made changes to the net subsidy rate calculated for the mandatory respondent POSCO. For a discussion of these issues, see the Issues and Decision Memorandum.

Partial Rescission of Administrative Review

As noted in the *Preliminary Results*, Commerce timely received no-shipment certifications from Hyundai Steel Company and Dongkuk Steel Mill Co., Ltd. We inquired with U.S. Customs and Border Protection (CBP) whether these companies had shipped merchandise to the United States during the POR, and CBP provided no evidence to contradict the claims of no shipments made by these companies. Accordingly, in the *Preliminary Results*, Commerce stated its intention to rescind the review with respect to these companies in the final results. As no party commented on this aspect of the *Preliminary Results*, we are rescinding the administrative review of these companies, pursuant to 19 CFR 351.213(d)(3).

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that

³ See *Certain Carbon and Alloy Steel Cut-to-Length Plate from the Republic of Korea: Countervailing Duty Order*, 82 FR 24103 (May 25, 2017) (*Order*).

there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a full description of the methodology underlying our conclusions, see the Issues and Decision Memorandum.

Rate for Non-Selected Companies Under Review

The statute and Commerce’s regulations do not directly address the establishment of rates to be applied to companies not selected for individual examination where Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation. We also note that section 777A(e)(2) of the Act provides that “the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}.” Section 705(c)(5)(A)(i) of the Act states that, in general, for companies not investigated, we will determine an all-other rate by using the weighted-average countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based solely on the facts available. Additionally, section 705(c)(5)(A)(ii) provides that when the countervailable subsidy rates established for all exporters and producers individually investigated are zero or *de minimis* rates, or based solely on facts available, Commerce may use any reasonable method to establish a rate for those companies, including averaging the weighted average countervailable subsidy rates determined for the exporters and producers individually investigated.

In the final results of this review, we calculated a *de minimis* net countervailable subsidy rate for POSCO, the sole mandatory respondent. As a result, for the reasons discussed in the Issues and Decision Memorandum, we have determined that it is reasonable to assign to the firms subject to the review, but not selected for individual examination, the *de minimis* net countervailable subsidy rate calculated for POSCO in this review.

⁴ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.
