

purposes. The written description of the scope of the AD order is dispositive.

Final Results of Review

As noted above, Commerce received no comments concerning the *Preliminary Results*. As there are no changes from, or comments upon, the *Preliminary Results*, Commerce finds that there is no reason to modify its analysis and calculations. Accordingly, we adopt the analysis and explanation in our *Preliminary Results* for the purposes of these final results and we have not prepared an Issues and Decision Memorandum to accompany this **Federal Register** notice. The final weighted-average dumping margin for the period July 1, 2018, through June 30, 2019, for Jindal is 0.00 percent.

Assessment Rates

Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries in this review, in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1). Commerce intends to issue assessment instructions directly to CBP no earlier than 35 days after publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for statutory injunction has expired (*i.e.*, within 90 days of publication). Because we calculated a zero margin in the final results of this review for Jindal, in accordance with 19 CFR 351.212 we will instruct CBP to liquidate the appropriate entries without regard to dumping duties.³

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Jindal will be zero, the rate established in the final results of this review; (2) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period in which that company participated; (3) if the exporter is not a firm covered in this or any previous review or in the original less-than-fair-value (LTFV) investigation, but the manufacturer is,

the cash-deposit rate will be the rate established for the manufacturer of the merchandise in these final results of review or in the final results for the most recent period in which that manufacturer participated; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the investigation, the cash-deposit rate will continue to be the all-others rate of 5.71 percent, which is the all-others rate established by Commerce in the LTFV investigation.⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, there are no calculations to disclose here because Commerce made no changes to the analysis or calculations in the *Preliminary Results*.⁵

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2014, Commerce published the antidumping duty order on steel concrete reinforcing bar (rebar) from Mexico in the **Federal Register**.¹

¹ See *Steel Concrete Reinforcing Bar from Mexico: Antidumping Duty Order*, 79 FR 65925 (November 6, 2014) (*Order*).

³ See 19 CFR 351.106(c)(2).

On January 17, 2020, pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), Commerce initiated an administrative review of the *Order*.²

On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.³ Subsequently, on July 21, 2020, Commerce tolled all deadlines in administrative reviews by an additional 60 days.⁴ On October 9, 2020, we extended the deadline for the preliminary results to March 19, 2021.⁵

Commerce initiated this administrative review covering the following companies: AceroMex S.A.; Aceros Especiales Simec Tlaxcala; Arcelor Mittal; Arcelor Mittal Celaya; ArcelorMittal Cordoba S.A. de C.V.; ArcelorMittal Lazaro Cardenas S.A. de C.V.; Cia Siderurgica de California, S.A. de C.V.; Compania Siderurgica de California, S.A. de C.V.; DE ACERO SA. DE CV.; Deacero; Grupo Simec; Grupo Villacero S.A. de C.V.; Industrias CH; Orge S.A. de C.V.; Siderurgica Tultitlan S.A. de C.V.; Simec International S.A. de C.V.; Talleres y Aceros, S.A. de C.V.; and, Ternium Mexico, S.A. de C.V. On March 4, 2020, we limited the number of respondents selected for individual examination in this administrative review to Deacero.⁶ We did not select the remaining companies for individual

examination, and these companies remain subject to this administrative review.⁷

Scope of the Order

The product covered by the *Order* is steel concrete reinforcing bar from Mexico. For a complete description of the scope, see the Preliminary Decision Memorandum.⁸

Preliminary Determination of No Shipments

We preliminarily determine that Ternium made no shipments of subject merchandise during the POR. Moreover, consistent with our practice, we are not preliminarily rescinding the review with respect to Ternium, but, rather, we will complete the review with respect to the company and issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of this review.⁹ For further discussion, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Act. Constructed export price was calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of

the methodology underlying our preliminary results, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is attached as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

Rate for Non-Selected Companies

We are applying to the non-selected companies the rate preliminarily calculated for Deacero in this administrative review, which is the only calculated rate in this administrative review that is not zero, *de minimis* or determined entirely on the basis of facts available. For a detailed discussion, see the Preliminary Decision Memorandum.

Preliminary Results of the Review

We preliminarily determine the following weighted-average dumping margins exist for the POR:

Disclosure and Public Comment

We intend to disclose the calculations performed in these preliminary results to parties in this proceeding within five days of the date of publication of this notice.¹² Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the date for filing case briefs.¹³ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁴ Case and rebuttal briefs should be filed using ACCESS¹⁵ and must be served on interested parties.¹⁶ Executive Summaries should be limited to five pages total, including footnotes.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via Commerce’s electric records system, ACCESS. An electronically filed request must be received successfully in its entirety by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice.¹⁷ Requests should contain: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be

determined.¹⁸ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, including the results of our analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, unless extended.¹⁹

Assessment Rate

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries. If the weighted-average dumping margin for Deacero (*i.e.*, the sole individually examined respondent in this review) is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the total amount of dumping calculated for the examined sales made during the POR to each importer and the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* assessment rate is zero or *de minimis* in the final results of review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2). If a respondent’s weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, *i.e.*, “{w}here the weighted-average margin of dumping for the exporter is determined to be zero or *de minimis*, no antidumping duties will be assessed.”²⁰ For the companies which

were not selected for individual review, we will assign an assessment rate based on the weighted-average dumping margin calculated for the sole individually examined respondent in this review, Deacero.

For entries of subject merchandise during the POR produced by Deacero for which the producer did not know its merchandise was destined for the United States, or for any respondent for which we have a final determination of no shipments, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company (or companies) involved in the transaction.²¹

Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of the final results of this review in the **Federal Register**, in accordance with 19 CFR 356.8(a).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Deacero and other companies listed above will be equal to the weighted-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent, and therefore *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the

most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 20.58 percent, the rate established in the investigation of this proceeding.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h)(1).
