Changes Since the Preliminary Results

We made two changes to the preliminary margin calculation: (1) We refined conversion costs by diameters using ratios derived from the reported production-line-month specific costs; (2) we corrected the beginning date for U.S. sales. For a full discussion of these changes, see Comments 1 and 2 in the Issues and Decision Memorandum.

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the period October 31, 2017 through April 30, 2019:

Producer and/or exporter	Weighted-average dumping margin (percent)
POSCO	0.94

Disclosure

We intend to disclose the calculations performed for the final results of review within five days of the publication date of this notice in the **Federal Register**, in accordance with section 751(a) of the Act and 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.¹² In accordance with 19 CFR 351.212(b)(1), Commerce calculated an importer-specific *ad valorem* antidumping assessment rate for POSCO that is not zero or *de minimis*, and will instruct CBP to assess antidumping duties on all appropriate entries covered by this review.

Consistent with Commerce's assessment practice, for entries of subject merchandise during the POR

produced by POSCO for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹³

Consistent with its recent notice,¹⁴ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for POSCO is equal to the weighted-average dumping margin established in the final results of this review; (2) for previously investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter was not covered in this review or the investigation, but the producer was covered, the cash deposit rate will be the rate established in the most recently completed segment of this proceeding for the producer of subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 41.10 percent, the all-others rate established in the original less-than-fair-value investigation.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement

of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Final Results of the Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that sales of diffusion-

annealed, nickel-plated flat-rolled steel products (nickel-plated steel products) from Japan were made at less than normal value during the period of review, May 1, 2018, through April 30, 2019.

DATES: Applicable March 23, 2021.

FOR FURTHER INFORMATION CONTACT: Ian Hamilton, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC, 20230; telephone: (202) 482-4798.

SUPPLEMENTARY INFORMATION:

Background

This review covers one producer/exporter of the subject merchandise, Toyo Kohan Co., Ltd. (Toyo Kohan). On July 21, 2020, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ Also on July 21, 2020, Commerce tolled all deadlines in this administrative review by 60 days.² On August 27, 2020, we received a case brief on behalf of Thomas Steel Strip Corporation (the petitioner).³ On September 3, 2020, we received a rebuttal brief on behalf of Toyo Kohan.⁴

Scope of the Order

The merchandise subject to the order is diffusion-annealed, nickel-plated flat-rolled steel products from Japan. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7212.50.0000 and 7210.90.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description remains dispositive.⁵

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties on the *Preliminary Results*, we made changes to the preliminary margin calculations for Toyo Kohan.⁷

Final Results of the Review

As a result of this review, Commerce determines that a weighted-average dumping margin of 4.56 percent exists for Toyo Kohan for the period May 1, 2018, through April 30, 2019.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Pursuant to 19 CFR 351.212(b)(1), Toyo Kohan reported the entered value of its U.S. sales such that we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Consistent with its recent notice,⁸ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is

2019 Administrative Review of the Antidumping Duty Order on Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products from Japan," dated concurrently with, and hereby adopted by, this notice (IDM).

⁷ See IDM at 2.

⁸ See *Notice of Discontinuation of Policy to Issue Liquidation Instructions After 15 Days in Applicable Antidumping and Countervailing Duty Administrative Proceedings*, 86 FR 884 (January 15, 2021).

filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Toyo Kohan will be equal to the weighted-average dumping margin that is established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not participating in this review, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 45.42 percent, the all-others rate established in the LTFV investigation.⁹ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

⁹ See *Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products from Japan: Antidumping Duty Order*, 79 FR 30816 (May 29, 2014).

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 16, 2021.
