

Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Application for the U.S. Presidential Scholars Program.

*OMB Control Number:* 1860-0504.

*Type of Review:* An extension of a currently approved information collection.

*Respondents/Affected Public:* Individuals and Households.

*Total Estimated Number of Annual Responses:* 3,300.

*Total Estimated Number of Annual Burden Hours:* 52,800.

*Abstract:* The United States Presidential Scholars Program is a national recognition program to honor outstanding graduating high school seniors. Candidates are invited to apply based on academic achievements on the SAT or ACT assessments, through nomination from Chief State School Officers, other recognition program partner organizations, on artistic merits based on participation in a national talent program and achievement in career and technical education programs. This program was established by Presidential Executive Orders 11155, 12158 and 13697.

Dated: March 23, 2021.

## DEPARTMENT OF ENERGY

### Agency Information Collection Extension

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice of request for comments.

**SUMMARY:** The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years, an information

collection request with the Office of Management and Budget (OMB).

**DATES:** Comments regarding this proposed information collection must be received on or before May 24, 2021. If you anticipate any difficulty in submitting comments within that period, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section as soon as possible.

**ADDRESSES:** Written comments may be sent to Alesia Harmon, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585 -1615, or by email at [alesia.gant@hq.doe.gov](mailto:alesia.gant@hq.doe.gov); Mrs. Harmon may also be contacted at (202) 287-1476.

**FOR FURTHER INFORMATION CONTACT:**

Alesia Harmon at (202) 287-1476, or at the address listed in ADDRESSES. Reporting requirements can be found at: <https://energy.gov/sites/prod/files/2016/01/f28/Policy%20Flash%202016-11%20-%20Model%20H-Clause%201-14-16.pdf>.

**SUPPLEMENTARY INFORMATION:** Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains:

(1) *OMB No.* 1910-0600.

(2) *Information Collection Request Titled:* Industrial Relations.

(3) *Type of Review:* Renewal.

(4) *Purpose:* This information is required for management oversight of the Department of Energy's Facilities Management Contractors and to ensure that the programmatic and administrative management requirements of the contract are managed efficiently and effectively.

(5) *Annual Estimated Number of Respondents:* 39.

(6) *Annual Estimated Number of Total Responses:* 282.

(7) *Annual Estimated Number of Burden Hours:* 3530.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* \$0.

**Authority:** 42 U.S.C. 7256; 48 CFR 970.0370-1.

### Signing Authority

This document of the Department of Energy was signed on March 15, 2021, by John Bashista, Director, Office of Acquisition Management, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on March 23, 2021.

**Treena V. Garrett,**

*Federal Register Liaison Officer, U.S. Department of Energy.*

## DEPARTMENT OF ENERGY

### Energy Information Administration

#### Agency Information Collection Proposed Extension

**AGENCY:** U.S. Energy Information Administration (EIA), Department of Energy (DOE).

**ACTION:** Notice and request for comments.

**SUMMARY:** EIA invites public comment on the proposed three-year extension, with changes, to the Petroleum Marketing Program (PMP) as required under the Paperwork Reduction Act of 1995. EIA's PMP collects volumetric and price information needed for determining the supply of and demand for crude oil and refined petroleum products. PMP consists of 10 surveys that collect data on petroleum products. EIA uses this information to monitor volumes and prices for crude oil and petroleum products.

**DATES:** EIA must receive all comments on this proposed information collection no later than May 25, 2021. If you anticipate any difficulties in submitting your comments by the deadline, contact the person listed in the **ADDRESSES** section of this notice as soon as possible.

**ADDRESSES:** Submit comments electronically to Tammy Heppner by email at [tammy.heppner@eia.gov](mailto:tammy.heppner@eia.gov).

**FOR FURTHER INFORMATION CONTACT:**

Tammy Heppner, U.S. Energy Information Administration, telephone (202) 586-4748, or by email at [tammy.heppner@eia.gov](mailto:tammy.heppner@eia.gov). The forms and instructions are available on EIA's website at <http://www.eia.gov/survey/notice/marketing2021.php>.

**SUPPLEMENTARY INFORMATION:** This information collection request contains:

- (1) *OMB No.*: 1905-0174;
- (2) *Information Collection Request Title*: Petroleum Marketing Program;
- (3) *Type of Request*: Three year extension with changes;
- (4) *Purpose*: The surveys included in the Petroleum Marketing Program collect volume and price information needed for determining the supply of and demand for crude oil and refined petroleum products. These surveys provide a basic set of data pertaining to the structure, efficiency, and behavior of petroleum markets. These data are published by EIA on its website, at <http://www.eia.gov>. The Petroleum Marketing Program consists of the following surveys:

Form EIA-14 *Refiners' Monthly Cost Report*;

Form EIA-182 *Domestic Crude Oil First Purchase Report*;

Form EIA-782A *Refiners'/Gas Plant Operators' Monthly Petroleum Product Sales Report*;

Form EIA-782C *Monthly Report of Prime Supplier Sales of Petroleum Products Sold For Local Consumption*;

Form EIA-821 *Annual Fuel Oil and Kerosene Sales Report*;

Form EIA-856 *Monthly Foreign Crude Oil Acquisition Report*;

Form EIA-863 *Petroleum Product Sales Identification Survey*;

Form EIA-877 *Winter Heating Fuels Telephone Survey*;

Form EIA-878 *Motor Gasoline Price Survey*;

Form EIA-888 *On-Highway Diesel Fuel Price Survey*;

(4a) *Proposed Changes to Information Collection*:

**Form EIA-888, On-Highway Diesel Fuel Price Survey**

EIA is proposing to collect annual sales volumes of on-highway diesel fuel on Form EIA-888, *On-Highway Diesel Fuel Price Survey*. This survey collects weekly retail on-highway diesel fuel prices from a sample of truck stops and service stations and publishes price estimates at various regional levels and the State of California. EIA is updating its frame of retail diesel fuel outlets and proposing to redesign the sample of retail outlets using a new sample design. The new sample will replace the current sample that reports on Form EIA-888.

EIA will continue to use Form EIA-888, Schedule A to collect weekly prices from the new sample and will use the new Form EIA-888, Schedule B to collect annual sales volume information and station characteristics that will be used to determine eligibility and size. EIA will use annual sales volumes of on-highway diesel fuel to determine the measure of size used for weighting data reported by the outlets selected in the new sample and are collected one time from newly sampled outlets.

**Form EIA-878, Motor Gasoline Price Survey**

EIA proposes to modify Schedule B of Form EIA-878, *Motor Gasoline Price Survey* to further clarify the collection of gasoline octane levels and ethanol content by grade for annual gasoline sales volumes. These volumes are used to determine a measure of size used for weighting data reported by the sampled outlets and are collected one time from newly sampled outlets.

**Form EIA-877, Winter Heating Fuels Telephone Survey**

EIA proposes to collect residential heating oil and propane prices on a monthly basis during the off-heating season (April to September) beginning April 2023 on Form EIA-877, *Winter Heating Fuels Telephone Survey*. This survey collects weekly residential heating oil and propane prices during the heating season, October to March, from a sample of retail outlets that sell these heating fuels. EIA receives many requests for EIA-877 summer prices each year because many heating oil and propane customers fill their tanks before the winter heating season starts, when prices are generally lower than during the winter months. Collecting monthly prices during the summer will meet the needs of these customers, as well as provide a data series for more comprehensive EIA analysis on these markets.

(5) *Annual Estimated Number of Respondents*: 22,516;

(6) *Annual Estimated Number of Total Responses*: 196,032;

(7) *Annual Estimated Number of Burden Hours*: 63,226;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$5,162,403 (63,226 annual burden hours multiplied by \$81.65 per hour). EIA estimates that respondents will have no additional costs associated with the surveys other than the burden hours and the maintenance of the information during the normal course of business. Comments are invited on whether or not: (a) The proposed collection of information is necessary for the proper

performance of agency functions, including whether the information will have a practical utility; (b) EIA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used, is accurate; (c) EIA can improve the quality, utility, and clarity of the information it will collect; and (d) EIA can minimize the burden of the collection of information on respondents, such as automated collection techniques or other forms of information technology.

**Statutory Authority:** 15 U.S.C. 772(b) and 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on March 22, 2021.

**Samson A. Adeshiyan,**

*Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.*

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Docket No. CP17-101-000]

**Transcontinental Gas Pipe Line Company, LLC; Notice of Request for Extension of Time**

Take notice that on March 19, 2021, Transcontinental Gas Pipe Line Company, LLC (Transco) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time until May 3, 2023 to complete construction of, and place into service, its Northeast Supply Enhancement (NESE) Project located in Pennsylvania, onshore and offshore New Jersey, and offshore New York as authorized in the Order Issuing Certificate (Order) on May 3, 2019.<sup>1</sup> Ordering Paragraph (B)(1) of the Order required Transco to complete the construction of the NESE Project facilities and make them available for service within two years of the date of the Order, or by May 3, 2021.

On May 15, 2020, the New York State Department of Environmental Conservation (NYSDEC) denied Transco's application for a water quality certification under section 401 of the Clean Water Act. Simultaneously, the New Jersey Department of Environmental Protection denied Transco's application for a water quality certification and other individual permits. As part of its denial, NYSDEC
