DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP17-101-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Request for Extension of Time

Take notice that on March 19, 2021, Transcontinental Gas Pipe Line Company, LLC (Transco) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time until May 3, 2023 to complete construction of, and place into service, its Northeast Supply Enhancement (NESE) Project located in Pennsylvania, onshore and offshore New Jersey, and offshore New York as authorized in the Order Issuing Certificate (Order) on May 3, 2019.¹ Ordering Paragraph (B)(1) of the Order required Transco to complete the construction of the NESE Project facilities and make them available for service within two years of the date of the Order, or by May 3, 2021.

On May 15, 2020, the New York State Department of Environmental Conservation (NYSDEC) denied Transco's application for a water quality certification under section 401 of the Clean Water Act. Simultaneously, the New Jersey Department of Environmental Protection denied Transco's application for a water quality certification and other individual permits. As part of its denial, NYSDEC cites lack of demand for the NESE Project. Transco asserts that the market disruption caused by the COVID-19 pandemic is temporary and a need for additional firm transportation remains. Transco states that its binding precedent agreement with National Grid remains in full force and effect and Transco remains fully committed to constructing the NESE Project. Transco avers the COVID-19 pandemic is also having a direct and adverse impact on state and local areas resources and Transco's development of the NESE Project. Moreover, Transco states that it plans to refile its section 401 applications later this year. Transco avers that postponement of the in-service date for the NESE Project has no impact on the

public interest findings in the Order and the environmental record is current and relevant. Accordingly, Transco now requests an additional two years, or until May 3, 2023, to complete the construction of the NESE Project and make it available for service.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Transco's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).²

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for Natural Gas Act facilities when such requests are contested before order issuance. For those extension requests that are contested,³ the Commission will aim to issue an order acting on the request within 45 days.⁴ The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.⁵ The Commission will not consider arguments that re-litigate the issuance of the Order, including whether the Commission properly found the project to be in the public convenience and necessity and whether the Commission's environmental analysis for the certificate complied with the National Environmental Policy Act.⁶ At the time a pipeline requests an extension of time, orders on certificates of public convenience and necessity are final and the Commission will not re-litigate their issuance.⁷ The OEP Director, or his or her designee, will act

Notice of Administrative Settlement Agreement and Order on Consent for Response Action by Prospective Purchaser

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with the requirements of the Resource Conservation and Recovery Act, as amended by the Hazardous and Solid Waste Amendments (RCRA), and the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA), notice is hereby given by the U.S. Environmental Protection Agency (EPA), of an Administrative Settlement Agreement and Order on Consent for Response Action by Prospective Purchaser (Settlement Agreement), with NP Falls Township Industrial 2, LLC

(Purchaser). The Settlement Agreement pertains to Purchaser's acquisition of a 342.97-acre property (Property) at the 2799-acre U.S. Steel Mon Valley Works—Fairless Hills Facility, located at S Pennsylvania Avenue, Fairless Hills, PA (Facility). The Settlement Agreement requires performance of specified cleanup activities pursuant to EPA's RCRA corrective action program at the Property and establishment of financial assurance for the benefit of EPA to ensure completion of the cleanup work. In return, the Settlement Agreement will resolve potential claims of the United States government for cleanup at the Facility under RCRA and CERCLA.

DATES: Comments must be submitted on or before April 26, 2021.

ADDRESSES: The proposed Settlement Agreement is available at: https://www.epa.gov/sites/production/files/2020-12/documents/us_steel_northpoint_2_ppa_final_.pdf. Comments should be submitted to Linda Matyskiela, Remedial Project Manager, EPA Region 3, Mail Code 3LD20, 1650 Arch Street, Philadelphia, PA 19103, (215) 814-3420, Matyskiela.Linda@epa.gov and should reference the Settlement Agreement.
