2011 (76 FR 16452). PTL was previously recognized by OSHA as TUV Rheinland PTL, whose name was changed following a sale to SolarPTL in October 2018. PTL submitted a timely request for renewal, dated April 2, 2015 (OSHA–2010–0013), and has retained their recognition pending OSHA’s final decision in this renewal process. OSHA conducted on-site assessments of PTL on February 18–22, 2016, November 14–15, 2017, and January 30–31, 2019, during which it identified nonconformities with 29 CFR 1910.7. Although PTL worked to resolve these nonconformities, it took several years for PTL to demonstrate compliance with 29 CFR 1910.7. The current address of the PTL facility recognized by OSHA and included as part of the renewal request is: SolarPTL, 1007 West Fairmont Avenue, Tempe, Arizona 85252.

OSHA evaluated PTL’s application for renewal and made a preliminary determination that PTL can meet the requirements prescribed by 29 CFR 1910.7 for recognition.

OSHA published the preliminary notice announcing PTL’s renewal application in the Federal Register on February 3, 2021 (86 FR 8042). The agency requested comments by February 18, 2021, and received no comments in response to this notice. OSHA is now proceeding with this final notice to renew PTL’s NRRTL recognition.

To obtain or review copies of all public documents pertaining to the PTL application, go to www.regulations.gov or contact the Docket Office, Docket No. OSHA–2010–0013 contains all materials in the record concerning PTL’s NRRTL recognition. Please note: Due to the COVID–19 pandemic, the Docket Office is closed to the public at this time but can be contacted at (202) 693–2350.

II. Final Decision and Order

OSHA hereby gives notice of the renewal of recognition of PTL as a NRRTL. OSHA examined PTL’s renewal application and all pertinent information related to PTL’s request for renewal of NRRTL recognition. Based on this review of the renewal request and other pertinent information, OSHA finds that PTL meets the requirements of 29 CFR 1910.7 for renewal of recognition as a NRRTL, subject to the specified limitation and conditions. OSHA limits the renewal of PTL’s recognition to include the terms and conditions of PTL’s recognition found in 76 FR 16452. The NRRTL scope of recognition for PTL is also available on the OSHA website at: https://www.osha.gov/dts/otpca/nrrtl/ptl.html. This renewal extends PTL’s recognition as a NRRTL for a period of five years from March 29, 2021.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, PTL must abide by the following conditions of recognition:

1. PTL must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in their operations as a NRRTL, and provide details of the change(s);

2. PTL must agree to increased OSHA oversight of their operations including:

(a) More frequent on-site assessments of PTL facilities; and

(b) PTL shall continue to provide OSHA with written notification of any new or revised NRRTL certificates that it issues, within 7 calendar days of issuing the certification. This notification shall include:

(i) Name and address of the applicant;

(ii) Model number(s) for the certified products;

(iii) PTL Certification number;

(iv) PTL Project number;

(v) Name(s) of PTL staff involved with the project; and

(vi) Location where the product evaluation and testing took place.

3. Upon request, PTL must provide copies of the test data, certification report and other related information for new or revised certifications to OSHA.

4. PTL must meet all the terms of their recognition and comply with all OSHA policies pertaining to this recognition; and

5. PTL must continue to meet the requirements for recognition, including all previously published conditions on PTL’s scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby renews the recognition of PTL as a NRRTL.

DEPARTMENT OF LABOR
Wage and Hour Division

Notice of Approved Agency Information Collection; Information Collection: Records To Be Kept by Employers—Fair Labor Standards Act

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA), the Wage and Hour Division (WHD) is providing notice to the public that the WHD sponsored information collection request (ICR) titled, “Records to be kept by Employers—Fair Labor Standards Act,” has been approved by the Office of Management and Budget (OMB).

WHD is notifying the public that the revision to this ICR is effective immediately and approved through November 30, 2022.

DATES: OMB approval of the revision of this ICR is effective immediately with an expiration date of November 30, 2022.

FOR FURTHER INFORMATION CONTACT: Robert Waterman, Division of Regulations, Legislation, and Interpretations, Wage and Hour Division, U.S. Department of Labor, Room S–3502, 200 Constitution Avenue NW, Washington, DC 20210; telephone: (202) 693–0406 (this is not a toll-free number), or send an email to WHDPRAComments@dol.gov. Copies of this notice may be obtained in alternative formats (Large Print, Braille, Audio Tape or Disc), upon request, by calling (202) 693–0023 (not a toll-free number). TTY/TDD callers may dial toll-free (877) 889–5627 to obtain information or request materials in alternative formats.

SUPPLEMENTARY INFORMATION: The Department of Labor published the final rule, Tip Regulations under the Fair Labor Standards Act, on December 30, 2020 (85 FR 86756). The final rule explains the impact of the Consolidated Appropriations Act, 2018 (CAA) amendments to sections 3(m), 16(b), 16(c), and 16(e) of the FLSA. The amendments, among other things, prohibit employers from keeping employee tips. The Department submitted the ICR to OMB at the time of publication of the final rule. The ICR was previously submitted with the notice of proposed rulemaking under a duplicate control number 1235–0030, and OMB asked that the Department resubmit with the final rule after reviewing any comments. Because two separate actions implicating the ICR 1235–0018 were occurring in close proximity to one another, and OMB can
only have one ICR under the same control number open at a time, the Department was encumbered by the need to submit the same package for two separate actions. The addition of 1235–0030 provided a temporary solution for OMB to act on the same collection at the same time. The ICR under control number 1235–0018 was unencumbered at the time of the final rule so the Department submitted the revision to add the burdens from the Tip Regulations final rule. On February 24, 2021, OMB issued a Notice of Action approving the revision of this ICR under OMB Control Number 1235–0018. Section (k) of 5 CFR 1320.11, “Clearance of Collections of Information in Proposed Rules” states, “[a]fter receipt of notification of OMB’s approval, instruction to make a substantive or material change to, disapproval of a collection of information, or failure to act, the agency shall publish a notice in the Federal Register to inform the public of OMB’s decision.” This notice fulfills the Department’s obligation to notify the public of OMB’s approval of ICR.

Amy DeBisschop,
Director, Division of Regulations, Legislation, and Interpretation.
