

only have one ICR under the same control number open at a time, the Department was encumbered by the need to submit the same package for two separate actions. The addition of 1235–0030 provided a temporary solution for OMB to act on the same collection at the same time. The ICR under control number 1235–0018 was unencumbered at the time of the final rule so the Department submitted the revision to add the burdens from the Tip Regulations final rule.

On February 24, 2021, OMB issued a Notice of Action approving the revision of this ICR under OMB Control Number 1235–0018. Section (k) of 5 CFR 1320.11, “Clearance of Collections of Information in Proposed Rules” states, “[a]fter receipt of notification of OMB’s approval, instruction to make a substantive or material change to, disapproval of a collection of information, or failure to act, the agency shall publish a notice in the **Federal Register** to inform the public of OMB’s decision.” This notice fulfills the Department’s obligation to notify the public of OMB’s approval of ICR.
