Abstract: Enrollment data is an important source of information which allows the Indian Affairs and other Federal agencies to equitably distribute resources because it is a quantifiable representation of a Tribe’s population. Different population sizes generally require different levels of services and resources. BIA must collect this information immediately to ensure effective, accurate, and timely distribution of assistance to respond to the coronavirus pandemic in Indian Country, as provided in the American Rescue Plan. An agency may not conduct or sponsor a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq).
