**SUPPLEMENTARY INFORMATION:**

**I. Proceedings in the Investigation**

Italy has adopted a DST that applies to companies that during the previous

calendar year, generated €750 million or more in worldwide revenues and €5.5 million or more in revenues deriving from the provision of digital services in Italy.

On June 2, 2020, the U.S. Trade Representative initiated an investigation of Italy's DST pursuant to section 302(b)(1)(A) of the Trade Act of 1974, as amended (Trade Act). See 85 FR 34709 (June 5, 2020) (notice of initiation). The notice of initiation solicited written comments on, *inter alia*, the following aspects of Italy's DST: Discrimination against U.S. companies; retroactivity; and possibly unreasonable tax policy. With respect to tax policy, USTR solicited comments on, *inter alia*, whether the DST diverged from principles reflected in the U.S. and international tax systems including extraterritoriality; taxing revenue not income; and a purpose of penalizing particular technology companies for their commercial success. Interested persons filed over 380 written submissions in response. The public submissions are available on [www.regulations.gov](http://www.regulations.gov) in docket number USTR-2020-0022.

Under section 303 of the Trade Act, the U.S. Trade Representative requested consultations with the government of Italy regarding the issues involved in the investigation. Consultations were held on November 10, 2020.

Based on information obtained during the investigation, USTR prepared a comprehensive report on Italy's DST (Italy DST Report). The Italy DST Report is posted on the USTR website at <https://ustr.gov/issue-areas/enforcement/section-301-investigations/section-301-digital-services-taxes>. The report includes a full description of Italy's DST, and supports findings that Italy's DST is unreasonable and discriminatory and burdens or restricts U.S. commerce.

On January 6, 2021, based on the information obtained during the investigation and the advice of the Section 301 Committee, the U.S. Trade Representative determined that Italy's DST is unreasonable or discriminatory and burdens or restricts U.S. commerce, and therefore is actionable under sections 301(b) and 304(a) of the Trade Act (19 U.S.C. 2411(b) and 2414(a)). See 86 FR 2477 (January 12, 2021).

**II. Proposed Action**

Section 301(b) provides that upon determining that the acts, policies, and practices under investigation are actionable and that action is appropriate, the U.S. Trade Representative shall take all appropriate and feasible action authorized under

section 301(c), subject to the specific direction, if any, of the President regarding such action, and all other appropriate and feasible action within the power of the President that the President may direct the U.S. Trade Representative to take under section 301(b), to obtain the elimination of that act, policy, or practice.

Section 301(c)(1)(B) of the Trade Act authorizes the U.S. Trade Representative to impose duties on the goods of the foreign country subject to the investigation. Pursuant to sections 301(b) and (c), USTR proposes that the U.S. Trade Representative should determine that action is appropriate and that appropriate action would include the imposition of additional *ad valorem* tariffs on certain products of Italy.

In particular, USTR proposes to impose additional tariffs of up to 25 percent *ad valorem* on an aggregate level of trade that would collect duties on goods of Italy in the range of the amount of DST that Italy is expected to collect from U.S. companies. Initial estimates indicate that the value of the DST payable by U.S.-based company groups to Italy will be up to approximately \$140 million per year.

USTR further proposes that the goods of Italy subject to additional tariffs would be drawn from the preliminary list of products in the Annex to this notice, as specified by the listed eight-digit tariff subheadings.

**III. Request for Public Comments**

In accordance with section 304(b) of the Trade Act (19 U.S.C. 2414(b)), USTR invites comments from interested persons with respect to whether action is appropriate, and if so, the appropriate action to be taken.

USTR requests comments with respect to any issue related to the action to be taken in this investigation. With respect to the proposed tariff action outline above, USTR specifically invites comments regarding:

- The level of the burden or restriction on U.S. commerce resulting from Italy's DST, including the amount of DST payments owed by U.S. companies, the annual growth rate of such payments, and other effects, such as compliance costs.
- The appropriate aggregate level of trade to be covered by additional duties.
- The level of the increase, if any, in the rate of duty.
- The specific products to be subject to increased duties, including whether the tariff subheadings listed in the Annex should be retained or removed, or whether tariff subheadings not currently on the list should be added.

In commenting on the inclusion or removal of particular products on the preliminary list of products subject to the proposed additional duties, USTR requests that commenters specifically address whether imposing increased duties on a particular product would be practicable or effective to obtain the elimination of Italy’s acts, policies, and practices, and whether imposing additional duties on a particular product would cause disproportionate economic harm to U.S. interests, including small- or medium-size businesses and consumers.

Simultaneously with this notice, USTR also is requesting public comments on proposed trade actions in five other DST investigations initiated at the same time as the Italy DST investigation. Certain interested persons may wish to provide written comments or oral testimony on multi-jurisdictional issues common to two or more investigations. To avoid duplication, the USTR portal will have a separate docket for multi-jurisdictional submissions, and USTR will hold a separate multi-jurisdictional hearing.

To be assured of consideration, you must submit written comments on the proposed action by April 30, 2021, and post-hearing rebuttal comments by May 10, 2021 for the multi-jurisdictional hearing, and by May 12, 2021 for the Italy DST hearing.

**IV. Hearing Participation**

The Section 301 Committee will convene a virtual public hearing for comments pertaining to the Italy DST proposed action on May 5, 2021, beginning at 9:30 a.m. Those requesting to appear at this hearing should have comments applicable only to the Italy DST proposed action.

The Section 301 Committee will convene a virtual public hearing for comments pertaining to multiple jurisdictions on May 3, 2021, beginning at 9:30 a.m. Those requesting to appear at the multi-jurisdictional hearing should have comments that are applicable to two or more DST investigations.

For either hearing, you must submit a request to appear at the specific hearing using the electronic portal at <https://comments.ustr.gov/s/>. You will be able to view a docket entitled ‘Request to

Appear at Hearing on Proposed Action in Section 301 Investigation of Italy’s Digital Services Tax.’ Requests to appear must include a summary of testimony, and may be accompanied by a pre-hearing submission. Remarks at the hearing are limited to five minutes to allow for possible questions from the Section 301 Committee. All submissions must be in English. To be assured of consideration, USTR must receive your request to appear by April 21, 2021.

**V. Procedures for Written Submissions**

You must submit written comments, rebuttal comments, and requests to appear at the hearing using the electronic portal at <https://comments.ustr.gov/s/>. You will be able to view a docket entitled ‘Comments Concerning Proposed Action in Section 301 Investigation of Italy’s Digital Services Tax’ on the portal, docket number USTR–2021–0004.

You do not need to establish an account to submit comments. Fields with a gray (BCI) notation are for Business Confidential Information and the information entered will not be publicly available. Required fields are marked ‘Required’ and will have a red asterisk (\*). Fields with a green (Public) notation will be viewable by the public.

The first screen of the portal requires you to enter identification and contact information. Third party organizations such as law firms, trade associations, or customs brokers should identify the full legal name of the organization they represent, and identify the primary point of contact for the submission. The remaining fields of the form are optional.

After entering the identification and contact information, you can complete the remainder of the questionnaire, or any portion of it by clicking ‘Next.’ You can comment on multiple products in a single entry, or submit multiple comments. You will be able to navigate through each screen of the form by clicking ‘Next,’ with or without entering a response to each field on an individual screen or page. Additionally, you will be able to upload documents at the end of the form and designate whether USTR should treat the documents as business confidential or public information.

For uploads containing BCI, the file name of the business confidential version should begin with the characters ‘BCI’. Any page containing BCI must be clearly marked ‘BUSINESS CONFIDENTIAL’ on the top of that page and the submission should clearly indicate, via brackets, highlighting, or other means, the specific information that is BCI. If you request business confidential treatment, you must certify in writing that disclosure of the information would endanger trade secrets or profitability, and that the information would not customarily be released to the public. Parties uploading attachments containing BCI also must submit a public version of their comments. The file name of the public version—which must be uploaded on <https://comments.ustr.gov/s/>, should begin with the character ‘P’. The ‘BCI’ and ‘P’ should be followed by the name of the person or entity submitting the comments or rebuttal comments. If these procedures are not sufficient to protect BCI or otherwise protect business interests, please contact the USTR Section Hotline 301 line at (202) 395–5725 to discuss whether alternative arrangements are possible. USTR will post attachments uploaded to the docket for public inspection, except for attachments marked as business confidential.

## SUPPLEMENTARY INFORMATION:

### I. Proceedings in the Investigation

Turkey has adopted a DST that  
applies to companies that during the  
previous calendar year, generated €750  
million or more in worldwide revenues  
and TRY 20 million or more in revenues  
deriving from the provision of digital  
services in Turkey.

On June 2, 2020, the U.S. Trade  
Representative initiated an investigation  
of Turkey's DST pursuant to section  
302(b)(1)(A) of the Trade Act of 1974, as  
amended (Trade Act). *See* 85 FR 34709  
(June 5, 2020) (notice of initiation). The  
notice of initiation solicited written  
comments on, *inter alia*, the following  
aspects of Turkey's DST: Discrimination  
against U.S. companies; retroactivity;  
and possibly unreasonable tax policy.  
With respect to tax policy, USTR  
solicited comments on, *inter alia*,  
whether the DST diverged from  
principles reflected in the U.S. and  
international tax systems including  
extraterritoriality; taxing revenue not  
income; and a purpose of penalizing  
particular technology companies for  
their commercial success. Interested  
persons filed over 380 written  
submissions in response. The public  
submissions are available on  
[www.regulations.gov](http://www.regulations.gov) in docket number  
USTR-2020-0022.

Under section 303 of the Trade Act,  
the U.S. Trade Representative requested  
consultations with the government of  
Turkey regarding the issues involved in  
the investigation. Consultations were  
held on September 29, 2020.

Based on information obtained during  
the investigation, USTR prepared a  
comprehensive report on Turkey's DST  
(Turkey DST Report). The Turkey DST  
Report is posted on the USTR website  
at [https://ustr.gov/issue-areas/  
enforcement/section-301-investigations/  
section-301-digital-services-taxes](https://ustr.gov/issue-areas/enforcement/section-301-investigations/section-301-digital-services-taxes). The  
report includes a full description of  
Turkey's DST, and supports findings  
that Turkey's DST is unreasonable and  
discriminatory and burdens or restricts  
U.S. commerce.

On January 6, 2021, based on the  
information obtained during the  
investigation and the advice of the  
Section 301 Committee, the U.S. Trade  
Representative determined that Turkey's  
DST is unreasonable or discriminatory  
and burdens or restricts U.S. commerce,  
and therefore is actionable under  
sections 301(b) and 304(a) of the Trade

Act (19 U.S.C. 2411(b) and 2414(a)). *See*  
86 FR 2480 (January 12, 2021).

### II. Proposed Action

Section 301(b) provides that upon  
determining that the acts, policies, and  
practices under investigation are  
actionable and that action is  
appropriate, the U.S. Trade  
Representative shall take all appropriate  
and feasible action authorized under  
section 301(c), subject to the specific  
direction, if any, of the President  
regarding such action, and all other  
appropriate and feasible action within  
the power of the President that the  
President may direct the U.S. Trade  
Representative to take under section  
301(b), to obtain the elimination of that  
act, policy, or practice.

Section 301(c)(1)(B) of the Trade Act  
authorizes the U.S. Trade  
Representative to impose duties on the  
goods of the foreign country subject to  
the investigation. Pursuant to sections  
301(b) and (c), USTR proposes that the  
U.S. Trade Representative should  
determine that action is appropriate and  
that appropriate action would include  
the imposition of additional *ad valorem*  
tariffs on certain products of Turkey.

In particular, USTR proposes to  
impose additional tariffs of up to 25  
percent *ad valorem* on an aggregate  
level of trade that would collect duties  
on goods of Turkey in the range of the  
amount of the DST that Turkey is  
expected to collect from U.S.  
companies. Initial estimates indicate  
that the value of the DST payable by  
U.S.-based company groups to Turkey  
will be up to approximately \$160  
million per year.

USTR further proposes that the goods  
of Turkey subject to additional tariffs  
would be drawn from the preliminary  
list of products in the Annex to this  
notice, as specified by the listed eight-  
digit tariff subheadings.

### III. Request for Public Comments

In accordance with section 304(b) of  
the Trade Act (19 U.S.C. 2414(b)), USTR  
invites comments from interested  
persons with respect to whether action  
is appropriate, and if so, the appropriate  
action to be taken.

USTR requests comments with  
respect to any issue related to the action  
to be taken in this investigation. With  
respect to the proposed tariff action  
outline above, USTR specifically invites  
comments regarding:
