**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Karen Epps, (202) 453–6337.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C.

3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* CRRSAA Supplemental Aid to Institutions of Higher Education Application.

*OMB Control Number:* 1840–New.

*Type of Review:* New collection.

*Respondents/Affected Public:* Private Sector; State, Local, and Tribal Governments.

*Total Estimated Number of Annual Responses:* 1,500.

*Total Estimated Number of Annual Burden Hours:* 4,500.

*Abstract:* Section 314(a)(3) of Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) allocates funds for institutions of higher education that the Secretary determines have the greatest unmet needs related to the coronavirus. This collection includes (1) a certification and agreement and (2) a profile form that will be used by institutions applying for discretionary grant funding under this section.

*Additional Information:* Emergency processing was requested for the Department to issue these awards in a timely manner. These awards are particularly needed by IHEs that have experienced the greatest economic and educational disruptions caused by 2019–nCoV in order to support their recovery. Given the short timeframe, ED is unable to consult with the public prior to issuing the forms. However, ED has ample experience designing other similar forms in a way that is clear and

minimizes burden. We estimate that the application will require 3 hours per applicant to complete.

Dated: March 29, 2021.

#### o. Scoping Process

Commission staff will prepare either an environmental assessment (EA) or an Environmental Impact Statement (EIS) that describes and evaluates the probable effects, if any, of the licensee's proposed action and alternatives. The EA or EIS will consider environmental impacts and reasonable alternatives to the proposed action. The Commission's scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission prepares an EA or an EIS. Due to restrictions on mass gatherings related to COVID-19, we do not intend to conduct a public scoping meeting and site visit in this case. Instead, we are soliciting written comments and suggestions on the preliminary list of issues and alternatives to be addressed in the NEPA document, as described in scoping document 1 (SD1), issued March 26, 2021.

Copies of the SD1 outlining the subject areas to be addressed in the NEPA document were distributed to the parties on the Commission's mailing list and the applicant's distribution list.
