More information on the manufacturer request, risk evaluations under TSCA, and EPA’s solicitation of comment can be found in the **Federal Register** issue of February 19, 2021.

An extension of the comment period was requested by stakeholders to allow interested parties additional time to thoroughly review the inclusion of any additional conditions of use and potentially exposed or susceptible subpopulations. The Agency is in the process of broadly re-examining how it intends to implement these and other provisions of amended TSCA including determining how new executive orders and other direction provided by the Biden-Harris Administration will be addressed. EPA agrees that an extension of the comment period is warranted.
