In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be made available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**Information Collection Requirement**

*OMB Control Number 1652–0069; Military Severely Injured Joint Support Operations Center (MSIJSOC) and Travel Protocol Office (TPO) Programs.* TSA established the MSIJSOC and the TPO programs to support and facilitate the movement of wounded warriors, severely injured military personnel, veterans, and other travelers requiring an escort through the airport security screening process. The MSIJSOC and TPO programs are available at commercial airports within the continental United States and its territories.

The MSIJSOC program works with passengers who are wounded warriors, severely injured military members, and veterans. Once flight arrangements are made with the airlines, the traveler, his or her family, or other representative may contact the TSA Cares Hotline no later than 72 hours prior to their scheduled flight time with the details of the itinerary. TSA will collect the traveler's name, travel itinerary (flight departure and arrival information), and a point-of-contact's mobile phone number. Once TSA collects this information, TSA Cares will contact MSIJSOC, where the staff will vet the request via the appropriate Wounded Warrior Care Coordinator to verify the eligibility for an escort of a wounded warrior, severely injured military member, or veteran. After verifying eligibility, the MSIJSOC will contact the respective TSA official at the appropriate airport for action.

Additionally, the TPO program facilitates the movement of foreign dignitaries, accredited Ambassadors to the United States, and others who may require an escort through the airport security screening process. These travelers may contact the TPO office by submitting a request for travel support via telephone. Travelers and their points-of-contact should submit their travel support requests no later than 72 hours prior to the respective scheduled flight to allow TSA to make timely notification regarding the travel. TSA will collect the traveler's name, travel itinerary (flight departure and arrival information), and a point-of-contact's mobile phone number.

The estimated annual burden for this collection is 136.5 hours. The estimated number of annual respondents is 1,638 with each response taking approximately 0.08333 hours (1,638 × 0.08333).

Dated: April 2, 2021.
