

for approval. To comply with this requirement, the OCC is publishing notice of the proposed collection of information set forth in this document.

Title: Release of Non-Public Information.

OMB Control No.: 1557–0200.

Abstract: The information collection requirements require individuals who are requesting non-public OCC information to provide the OCC with information regarding the legal grounds for the request. The release of non-public OCC information to a requester without sufficient legal grounds to obtain the information would inhibit open consultation between a bank and the OCC, thereby impairing the OCC's supervisory and regulatory mission. The OCC is entitled, under statute and case law, to require requesters to demonstrate that they have sufficient legal grounds for the OCC to release non-public OCC information. The OCC needs to identify the requester's legal grounds to determine if it should release the requested non-public OCC information.

The information requirements in 12 CFR part 4, subpart C, are as follows:

- 12 CFR 4.33: Request for non-public OCC records or testimony;
- 12 CFR 4.35(b)(3): Third parties requesting testimony;
- 12 CFR 4.37(a)(2): OCC former employee notifying OCC of subpoena;
- 12 CFR 4.37(a) and (b): Prohibition on dissemination of released information;
- 12 CFR 4.38(a) and (b): Restrictions on dissemination of released information; and
- 12 CFR 4.39(d): Request for authenticated records or certificate of nonexistence of records.

The OCC uses the information to process requests for non-public OCC information and to determine if sufficient grounds exist for the OCC to release the requested information or provide testimony that would include a discussion of non-public information. This information collection facilitates the processing of requests and expedites the OCC's release of non-public information and testimony to the requester, as appropriate.

SUPPLEMENTARY INFORMATION:

Title: Reporting, Procedures and Penalties Regulations.

OMB Number: 1505–0164.

Type of Review: Extension without change of a currently approved collection.

Description: The collections of information are contained in sections 501.601 through 501.605, 501.801, and 501.805 through 501.807 of OFAC's Reporting, Procedures and Penalties Regulations (the "Regulations"), and certain other parts, and pertain to the operation of various economic sanctions programs administered by OFAC under 31 CFR chapter V. Section 501.601 addresses the maintenance of records and § 501.602 relates to OFAC demands for information relative to any transaction or property subject to the provisions of 31 CFR chapter V. Section 501.603 imposes reporting requirements pertaining to blocked property and retained funds, as well as property that is released from blocked status (unblocked property). This information is required by OFAC to monitor compliance with regulatory requirements, to support diplomatic negotiations concerning the targets of sanctions, and to support settlement negotiations addressing U.S. claims. Section 501.604 requires the filing of reports for compliance purposes by U.S. persons where a transaction is not required to be blocked but where processing or otherwise engaging in the transaction would nonetheless violate, or facilitate a transaction that is prohibited under, other provisions in 31 CFR chapter V. Section 501.605 requires reporting of information pertaining to litigation, arbitration, and other binding alternative dispute resolution proceedings in the United States to prevent the intentional or inadvertent transfer through such proceedings of

blocked property or retained funds. Sections 501.801 and 501.805 relate, respectively, to license requests and records requests. Section 501.806 sets forth the procedures to be followed by a person seeking to have funds unblocked at a financial institution if the person believes that the funds were blocked due to mistaken identity. Section 501.807 sets forth the procedures to be followed by a person seeking administrative reconsideration of a designation or of a vessel as blocked, or who wishes to assert that the circumstances resulting in the designation or blocking no longer apply.

The reports covered by this information collection will be reviewed by the U.S. Department of the Treasury and may be used for compliance, civil penalty, and enforcement purposes by the agency.

Forms: OFAC requires the submission of the Annual Report of Blocked Property (ARBP) through approved form: TD-F 90-22.50. OFAC also maintains voluntary forms for submission of certain other information required as a part of the information collections covered by this notice including the following approved forms: Report on Blocked Property—Financial, TD-F 93.02; Report on Blocked Property—Tangible/Real/Other Non-Financial Property, TD-F 93.08; Report on Rejected Transaction, TD-F 93.07; TSRA License Application, TD-F 93.04; and Licensing Cover Sheet, TD-F 98-22.61. Any other information collections covered by this notice do not have mandatory or voluntary forms.

Affected Public: Financial institutions, business organizations, individuals, and legal representatives.

Estimated Number of Respondents: OFAC's estimate for the number of unique reporting respondents is approximately 5,600. The significant decrease in the number of unique respondents since OFAC's last information collection submission regarding the Regulations in 2019 is due to OFAC's increased use of technology, which has enabled it to consolidate multiple filers within a single institution under one unique identification number assigned to the institution for all reports submitted to OFAC. Previously, OFAC did not have the ability to easily ascertain the number of unique respondents due to different identification numbers being selected for reports filed by different individuals within the same institution, or different branches or offices of the same institution. This inability to uniquely identify all reports associated with one institution led to counting numerous filers that were all associated

with the same institution instead of counting the institutions themselves as unique respondents, resulting in an inflated number of respondents in past information collection submissions. OFAC is now adjusting its number of unique reporting respondents based on its more accurate data set.

Frequency of Response: The estimated annual frequency of responses is between 1 and 4,641, varying greatly by entity depending on the size, nature, and scope of business activities of each respondent, with the majority of filers providing a small number of responses and a small number of filers submitting a higher number of responses.

Estimated Total Number of Annual Responses: The estimated total number of responses per year is approximately 30,051.

Estimated Time per Response: OFAC assesses that there is an average time estimate for reports associated with forms ranging from 15 minutes to 2 hours and for reports associated with general licenses and other miscellaneous reports ranging from 15 minutes to 5 hours.

Estimated Total Annual Burden Hours: The estimated total annual reporting burden is approximately 14,752 hours.
