Responses: 13,000; Total Annual Responses: 13,000; Total Annual Hours: 4,290 (For policy questions regarding this collection contact Luis Pons Perez at 410–786–8557)

3. Type of Information Collection: Extension of a currently approved collection; Title of Information Collection: Program Integrity II; Use: On June 19, 2013, HHS published proposed rule CMS–9957–P: Program Integrity: Exchanges, SHOP, Premium Stabilization Programs, and Market Standards (78 FR 37302) (Program Integrity Proposed Rule) which, among other things, contained third party disclosure requirements and data collections that supported the oversight of premium stabilization programs, State Exchanges, and qualified health plan (QHP) issuers in Federally-facilitated Exchanges (FFEs). Parts of the proposed rule were finalized as Patient Protection and Affordable Care Act; Program Integrity: Exchange, Premium Stabilization Programs, and Market Standards; Amendments to the HHS Notice of Benefit and Payment Parameters for 2014; Final Rule (Program Integrity Final Rule II), 78 FR 25326 (October 24, 2013). This ICR relates to a portion of the information collection request (ICR) requirements set forth in the final rule. Form Number: CMS–10516 (OMB control number: 0938–1277); Frequency: Annually; Affecting Public: Private Sector, State, Business, and Not-for Profits; Number of Respondents: 428; Number of Responses: 428; Total Annual Hours: 40,420. (For questions regarding this collection, contact Joshua Van Drei at 410–786–4335)

4. Type of Information Collection Request: Revision of a currently approved information collection; Title of Information Collection: Medicare Registration Application; Use: Physicians and practitioners complete the Medicare Enrollment Application—Enrollment for Eligible Ordering, Certifying Physicians and Other Eligible Professionals if they are enrolling in Medicare not to obtain Medicare billing privileges but strictly to order, refer, or certify certain Medicare items and services. It is used by Medicare contractors to collect data that helps ensure the applicant has the necessary credentials to order and certify certain Medicare items and services. The MAC establishes Medicare Identification Numbers. The MACs store these numbers and information in CMS’ Provider Enrollment, Chain and Ownership System (PECOS). The application is used by the CMS contractors to collect data ensures that the applicant has the necessary information for unique identification. The license numbers are validated against state licensing websites. All the license numbers are captured and stored in the MAC database. Social Security Numbers (SSNs) are validated against the Social Security Administration database (SSA) and only the valid entries are allowed to proceed in the process of getting a Medicare billing number. Correspondence address and contact information is captured to contact the provider/supplier. The collection and verification of this information defends and protects our beneficiaries from illegitimate providers/suppliers. These procedures also protect the Medicare Trust Fund against fraud. It gathers information that allow Medicare contractors to ensure that the physician or eligible professional is not sanctioned from the Medicare and/or Medicaid program(s), or debarred, or excluded from any other Federal agency or program. The data collected also ensures that the applicant has the necessary credentials to order and certify health care services. This is sole instrument implemented for this purpose. Form Number: CMS–855O (OMB Control Number: 0938–1135); Frequency: Occasionally; Affecting Public: Private Sector (Business or other for-profits), State, Local, or Tribal Governments; Number of Respondents: 448,000; Number of Responses: 24,000; Total Annual Hours: 243,600. (For questions regarding this collection contact Kimberly McPhillips (410–786–8438))

5. Type of Information Collection Request: Reinstatement without change of a previously approved collection; Title of Information Collection: Organ Procurement Organization Histocompatibility Laboratory Cost Report; Use: The Form CMS–216–94 cost report is needed to determine Organ Procurement Organization (OPO)/Histocompatibility Lab (HL) reasonable costs incurred in procuring and transporting organs for transplant into Medicare beneficiaries and reimbursement due to or from the provider. The reasonable costs of procuring and transporting organs cannot be determined for the fiscal year until the OPO/HL files its cost report and costs are verified by the Medicare contractor. During the fiscal year, an interim rate is established based on cost report data from the previous year. The OPO/HL bills the transplant hospital for services rendered. The transplant hospital pays interim payments, approximating reasonable cost, to the OPO/HL. The Form CMS–216–94 cost report is filed by each OPO/HL at the end of its fiscal year and there is a cost report settlement to take into account increases or decreases in costs. The cost report reconciliation and settlement take into consideration the difference between the total reasonable costs minus the total interim payments received or receivable from the transplant centers. Form Number: CMS–216–94 (OMB Control number: 0938–0102); Frequency: Annually; Affecting Public: Private Sector—Business or other for-profits; Number of Respondents: 95; Total Annual Responses: 95; Total Annual Hours: 4,275 (For policy questions regarding this collection contact Luann Piccione at 410–786–5423)

Dated: April 6, 2021.

Administration for Community Living

Availability of Program Application Instructions for the Title VII, Part C of the Act, Centers for Independent Living (CILs) To Expand COVID–19 Vaccine Access for People With Disabilities

Title: Expanding Disabilities Network’s (CILs) Access to COVID–19 Vaccines.

Announcement Type: Initial.

Statutory Authority: The statutory authority for grants under this program announcement is contained in Section 711 and Section 712 of the Rehabilitation Act of 1973 [Pub. L. 93–112] [As Amended Through Pub. L. 114–95, Enacted December 10, 2015].

Catalog of Federal Domestic Assistance (CFDA) Number: 93.432.

DATES: The deadline date for the submission of the Expanding Disabilities Network’s (CILs) Access to COVID–19 Vaccines is 11:59 p.m. Eastern Time April 23, 2021.

I. Funding Opportunity Description

The Administration for Community Living (ACL) announced a new funding opportunity to increase vaccine access for people with disabilities. With funding and partnership support from the Centers for Disease Control (CDC), ACL is providing grants to disability networks to provide critical services to help communities combat COVID–19. A leading priority of this joint effort is to...
ensure vaccines are equally accessible to the
disability population.

Approximately 61 million adults living with in the U.S. have a disability,
representing approximately 26 percent of the adult population. Disability alone
may not be related to increased risk for contracting COVID–19 based on where
they live. Some people with disabilities live in group settings which places them
at higher risk for acquiring COVID–19 in comparison to people without
disabilities. People with disabilities may also require close contact with direct
service providers, including personal care attendants or other care providers,
who help with activities of daily living. Moreover, many people with disabilities
have underlying health conditions (e.g.,
diabetes, heart disease, and obesity) that
increases the risk of severe illness due
to COVID–19. In addition, research also
found that people with Down Syndrome
are significantly more likely to be
hospitalized from COVID–19 than the
general population.

There are increasing reports of
barriers of unequal access in
communities to vaccinate people with
disabilities. For example, some people
with disabilities may experience
difficulties scheduling appointments,
communicating, obtaining accessible
transportation, or require direct support
services to attend vaccination
appointments. Others living in the
community may be isolated or unable to
leave their home and may require in-
home vaccination.

This funding opportunity is designed
to breakdown those barriers to expand
vaccine access in communities.
Examples of activities consistent with
the purpose of this funding are the following:
• Education about the importance
  of receiving a vaccine,
• Identifying people unable to
  independently travel to a vaccination
  site,
• Helping with scheduling a vaccine
  appointment,
• Arranging or providing accessible
  transportation,
• Providing companion/personal
  support,
• Reminding people of their second
  vaccination appointment if needed,
  and/or,
• Providing technical assistance to
  local health departments or other
  entities on vaccine accessibility.

Awards authorized under Title VII,
Part C of the Rehabilitation Act shall be
provided funding under this
opportunity. Award recipients will be
required to submit annual progress
reports in the form of a written
summary on the activities conducted,
IV. Submission Information

1. Letter of Assurance

To receive funding, eligible entities must provide a Letter of Assurance containing all the information outlined in Section III above. Letters of Assurance should be addressed to: Alison Barkoff, Acting Administrator and Assistant Secretary for Aging, Administration for Community Living, 330 C Street SW, Washington, DC 20201.

Letters of Assurance should be submitted electronically via email to your ACL program officer. The following table identifies the designated program officer against each of the 10 ACL regions:

<table>
<thead>
<tr>
<th>Program Officer</th>
<th>ACL regions</th>
<th>Email/phone</th>

</tbody>
</table>

2. Submission Dates and Times

To receive consideration, Letters of Assurance must be submitted by 11:59 p.m. Eastern Time on April 23, 2021. Letters of Assurance should be submitted electronically via email and have an electronic time stamp indicating the date/time submitted.

VII. Agency Contacts

1. Programmatic and Submission Issues

Direct programmatic inquiries to Program Officer found in the table in “Section IV. Submission Information.”

2. Submission Issues

Direct inquiries regarding submission of the Letters of Assurance to Program Officer found in the table in “Section IV. Submission Information.”

Dated: April 5, 2021.

Alison Barkoff,
Acting Administrator and Assistant Secretary for Aging.
