SUPPLEMENTARY INFORMATION: The Board created the Community Advisory Council (CAC) as an advisory committee to the Board on issues affecting consumers and communities. The CAC is composed of a diverse group of experts and representatives of consumer and community development organizations and interests, including from such fields as affordable housing, community and economic development, employment and labor, financial services and technology, small business, and asset and wealth building. CAC members meet semiannually with the members of the Board in Washington, DC to provide a range of perspectives on the economic circumstances and financial services needs of consumers and communities, with a particular focus on the concerns of low- and moderate-income consumers and communities. The CAC complements two of the Board’s other advisory councils—the Community Depository Institutions Advisory Council (CDIAC) and the Federal Advisory Council (FAC)—whose members represent depository institutions.

The CAC serves as a mechanism to gather feedback and perspectives on a wide range of policy matters and emerging issues of interest to the Board of Governors and aligns with the Federal Reserve’s mission and current responsibilities. These responsibilities include, but are not limited to, banking supervision and regulatory compliance (including the enforcement of consumer protection laws), systemic risk oversight and monetary policy decision-making, and, in conjunction with the Office of the Comptroller of the Currency (OCC) and Federal Deposit Insurance Corporation (FDIC), responsibility for implementation of the Community Reinvestment Act (CRA).

This Notice advises individuals of the opportunity to be considered for appointment to the CAC. To assist with the selection of CAC members, the Board will consider the information submitted by the candidate along with other publicly available information that it independently obtains.

Council Size and Terms

The CAC consists of at least 15 members. The Board will select members in the fall of 2021 to replace

current members whose terms will expire on December 31, 2021. The newly appointed members will serve three-year terms that will begin on January 1, 2022. If a member vacates the CAC before the end of the three-year term, a replacement member will be appointed to fill the unexpired term.

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled TEMPORARY HALT IN RESIDENTIAL EVICTIONS TO PREVENT THE FURTHER SPREAD OF COVID-19. The information collection originally pertained to the September 4, 2020 CDC Order of the same name that temporarily halts residential evictions of covered persons for nonpayment of rent from September 4, 2020, through December 31, 2020. As of March 31, the Order is further extended until June 30, 2021. The Declaration in this information collection request will serve as an attestation by a tenant, lessee, or resident that they meet the criteria therein, to prevent an eviction proceeding per the Order issued by the CDC.

DATES: CDC must receive written comments on or before June 11, 2021.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2021-0035 by any of the following methods:

In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:
