Twist Ties From the People's Republic of China: Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing antidumping duty (AD) and countervailing duty (CVD) orders on twist ties from the People's Republic of China (China).

DATES: Applicable April 14, 2021.

FOR FURTHER INFORMATION CONTACT: Alex Wood (AD) or Ajay Menon (CVD), AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1959 or (202) 482-1993, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d) and 735(d) of the Tariff Act of 1930, as amended (the Act), on February 22, 2021, Commerce published its affirmative final determination of sales at less-than-fair-value (LTFV)¹ and its affirmative final determination that countervailable subsidies are being provided to producers and exporters of twist ties from China.² On April 8, 2021, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of LTFV imports and subsidized imports of twist ties from China, within the meaning of sections 705(b)(1)(A)(i) and 735(b)(1)(A)(i) of the Act.³

Scope of the Orders

The products covered by these orders are twist ties from China. For a complete description of the scope of the orders, see Appendix to this notice.

AD Order

On April 8, 2021, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of twist ties from China.⁴ Therefore, Commerce is issuing this AD order in accordance with sections 735(c)(2) and 736 of the Act. Because the ITC determined that imports of twist ties from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from China entered, or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise for all relevant entries of twist ties from China. Antidumping duties will be assessed on unliquidated entries of twist ties from China entered, or withdrawn from warehouse, for consumption on or after December 10, 2020, the date of publication of the *LTFV Preliminary Determination*, but will not be assessed on entries occurring after the expiration of the provisional measures period and

before publication of the ITC's final affirmative injury determinations, as further described below.⁵

Continuation of Suspension of Liquidation—AD

In accordance with section 736 of the Act, we will instruct CBP to continue to suspend liquidation on all relevant entries of twist ties from China entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's final affirmative injury determinations in the **Federal Register**. These instructions suspending liquidation will remain in effect until further notice. For each producer and exporter combination, Commerce will also instruct CBP to require cash deposits for estimated antidumping duties equal to the cash deposit rates listed below.

Accordingly, effective on the date of publication of the ITC's final affirmative injury determinations, CBP will require, at the same time as an importer of record would normally deposit estimated duties on the subject merchandise, a cash deposit for each entry of subject merchandise equal to the cash deposit rates listed below.⁶ As stated in the *LTFV Final Determination*, Commerce made certain adjustments for export subsidies from the *CVD Final Determination* to the estimated weighted-average dumping margin to determine each of the cash deposit rates.

Exporter	Producer	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent)
Rongfa Plastic Products Co., Ltd. (also known as Zhenjiang Rongfa Plastic Co., Ltd).	Rongfa Plastic Products Co., Ltd. (also known as Zhenjiang Rongfa Plastic Co., Ltd).	72.96	62.42
Tianjin Kyoei Packaging Supplies Co., Ltd China-Wide Entity ⁷	Tianjin Kyoei Packaging Supplies Co., Ltd	72.96 72.96	62.42 62.42

Provisional Measures—AD

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. Commerce published its

LTFV Preliminary Determination on December 10, 2020.⁸ Commerce's *LTFV Final Determination* published on February 22, 2021.⁹ Therefore, the four-month period beginning on the date of publication of the *LTFV Preliminary Determination* ended on April 8, 2021.

Therefore, in accordance with section 733(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation and to

liquidate, without regard to antidumping duties, unliquidated entries of twist ties from China entered, or withdrawn from warehouse, for consumption after April 8, 2021, the date on which the provisional measures expired, through the day preceding the date of publication of the ITC's final affirmative injury determinations in the **Federal Register**. Suspension of liquidation will resume on the date of

publication of the ITC’s final affirmative injury determinations in the **Federal Register**.

CVD Order

On April 8, 2021, in accordance with section 705(d) of the Act, the ITC notified Commerce of its final determinations that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of imports of twist ties from China.¹⁰ Therefore, Commerce is issuing this CVD order in accordance with sections 705(c)(2) and 706 of the Act. Because the ITC determined that imports of twist ties from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from China entered, or withdrawn from warehouse, for consumption are subject to the assessment of countervailing duties.

Therefore, in accordance with section 706(a)(1) of the Act, Commerce will direct CBP to assess, upon further instruction by Commerce, countervailing duties on all relevant entries of twist ties from China. Countervailing duties will be assessed on unliquidated entries of twist ties from China which are entered, or withdrawn from warehouse, for consumption on or after December 1, 2020, the date of publication of the *CVD Preliminary Determination*,¹¹ but will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final affirmative injury determinations, as further described below.

Suspension of Liquidation—CVD

In accordance with section 706 of the Act, we will instruct CBP to reinstitute suspension of liquidation on all relevant entries of twist ties from China, effective on the date of publication of the ITC’s final affirmative injury determinations in the **Federal Register**, and to assess, upon further instruction by Commerce, pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rate for the subject merchandise. These instructions suspending liquidation will remain in effect until further notice. Commerce will also instruct CBP to require cash deposits equal to the amounts as

indicated below. Accordingly, effective on the date of publication of the ITC’s final affirmative injury determinations, CBP will require, at the same time as importers would normally deposit estimated duties on the subject merchandise, a cash deposit for each entry of subject merchandise equal to the subsidy rates listed below.¹² The all-others rate applies to all producers or exporters not specifically listed below, as appropriate.

Company	Subsidy rate (percent)
Dongguan Guanqiao Industrial Co., Ltd	111.96
Foshan Shunde Ronggui Yingli Industrial Co., Ltd	111.96
Yiwu Kurui Handicraft Co. Ltd	111.96
Zhenjiang Hongda Commodity Co. Ltd	111.96
Zhenjiang Zhonglian VE Co., Ltd	111.96
All Others	111.96

Provisional Measures—CVD

Section 703(d) of the Act states that suspension of liquidation instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months. Commerce published its *CVD Preliminary Determination* on December 1, 2020. Therefore, the provisional measures period, beginning on the date of publication of the *CVD Preliminary Determination*, ended on March 30, 2021. Pursuant to section 707(b) of the Act, the collection of cash deposits at the rate listed above will begin on the date of publication of the ITC’s final affirmative injury determinations.

Therefore, in accordance with section 703(d) of the Act, Commerce instructed CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of twist ties from China entered, or withdrawn from warehouse, for consumption after March 30, 2021, the date on which the provisional measures expired, through the day preceding the date of publication of the ITC’s final injury determinations in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC’s final affirmative injury determinations in the **Federal Register**.

Appendix

Scope of the Orders

The merchandise covered by these orders consists of twist ties, which are thin, bendable ties for closing containers, such as bags, bundle items, or identifying objects. A twist tie in most circumstances is comprised of one or more metal wires encased in a covering material, which allows the tie to retain its shape and bind against itself. However, it is possible to make a twist tie with plastic and no metal wires. The metal wire that is generally used in a twist tie is stainless or galvanized steel and typically measures between the gauges of 19 (.0410” diameter) and 31 (.0132”) (American Standard Wire Gauge). A twist tie usually has a width between .075” and 1” in the cross-machine direction (width of the tie— measurement perpendicular with the wire); a thickness between .015” and .045” over the wire; and a thickness between .002” and .020” in areas without wire. The scope includes an all-plastic twist tie containing a plastic core as well as a plastic covering (the wing) over the core, just like paper and/or plastic in a metal tie. An all-plastic twist tie (without metal wire) would be of the same measurements as a twist tie containing one or more metal wires. Twist ties are commonly available individually in pre-cut lengths (“singles”), wound in large spools to be cut later by machine or hand, or in perforated sheets of spooled or single twist ties that are later slit by machine or by hand (“gangs”).

The covering material of a twist tie may be paper (metallic or plain), or plastic, and can be dyed in a variety of colors with or without printing. A twist tie may have the same covering material on both sides or one side of paper and one side of plastic. When comprised of two sides of paper, the paper material is bound together with an adhesive or plastic. A twist tie may also have a tag or label attached to it or a pre-applied adhesive attached to it.

Excluded from the scope of the orders are twist ties packaged with bags for sale together where the quantity of twist ties does not exceed twice the number of bags in each package. Also excluded are twist ties that constitute part of the packaging of the imported product, for example, merchandise anchored/secured to a backing with twist ties in the retail package or a bag of bread that is closed with a twist tie.

Twist ties are imported into the United States under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8309.90.0000 and 5609.00.3000. Subject merchandise may also enter under HTSUS subheadings 3920.51.5000, 3923.90.0080, 3926.90.9990, 4811.59.6000, 4821.10.2000, 4821.10.4000, 4821.90.2000, 4821.90.4000, and 4823.90.8600. SUPPLEMENTARY INFORMATION:

Background

On September 3, 2019, Commerce published a notice of opportunity to request an administrative review of the order on HWR pipes and tubes from Turkey for the period of January 1, 2018, through December 31, 2018.¹ On September 30, 2019, Commerce received timely requests for an administrative review from the petitioners and Ozdemir, in accordance with section 751(a) of the Tariff Act of 1930, as

amended (the Act), and 19 CFR 351.213(b).² Commerce received no other requests for administrative review.

On November 12, 2019, pursuant to these requests, and in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice in the **Federal Register** initiating an administrative review of the CVD order on HWR pipes and tubes from Turkey.³ On February 10, 2020, the petitioners timely withdrew their request for an administrative review with respect to Agir Haddecilik A.S., Cag Celik Demir ve Celik Endustri A.S., Cinar Boru Profil San Ve Tic. A.S., Mescier Dis Ticaret Ltd. Sti., MTS Lojistik ve Tasimacilik Hizmetleri TIC A.C. Istanbul, Noksel Celik Boru Sanayi A, SEBA Dis Ticaret AS., and Tosyali Toyo Celik A.S.⁴ As a result, the only company for which the request for review was not withdrawn was Ozdemir.

On January 27, 2021, Commerce published the *Preliminary Results* of the administrative review with respect to Ozdemir.⁵ Commerce gave interested parties an opportunity to comment on the *Preliminary Results*.⁶ No interested parties submitted comments. Commerce has conducted this review in accordance with section 751(a)(1)(A) of the Act.

Changes Since the Preliminary Results

As no parties submitted comments on the *Preliminary Results*, we made no changes to the subsidy calculations for Ozdemir in the final results of this review.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. The petitioners' withdrawal request was timely submitted, and no other interested party requested an administrative review of the eight companies named above. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this administrative review of the CVD order on HWR pipes and tubes from Turkey, in part, with respect to the aforementioned eight companies.

Final Results of Administrative Review

In accordance with section 777A(e)(1) of the Act and 19 CFR 351.221(b)(5), we determine that the following net countervailable subsidy rate exists for Ozdemir for the period January 1, 2018, through December 31, 2018:⁷

⁷ We have made no changes to this rate since the *Preliminary Results*. Therefore, no additional
