

particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a moving safety zone that will prohibit entry within a 100-yard radius of the USS BONHOMME RICHARD while being towed from Pier 2 Naval Base San Diego to the San Diego Bay Channel Entrance. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

Procedures for Issuing Guidance Documents

AGENCY: Office of the Secretary, Interior.
ACTION: Final rule; rescission of regulations.

SUMMARY: On October 26, 2020, the Department of the Interior (Department) published an interim final rule implementing an Executive order (E.O.),

entitled “Promoting the Rule of Law Through Improved Agency Guidance Documents.” The E.O. defined guidance documents and required Federal agencies to finalize regulations or amend existing regulations to establish processes and procedures for issuing guidance documents, among other actions. In accordance with the E.O. entitled, “Revocation of Certain Executive Orders Concerning Federal Regulation” issued by President Biden on January 20, 2021, this final rule rescinds the Department’s interim final rule.

DATES: This rule is effective April 15, 2021.

SUPPLEMENTARY INFORMATION:

I. Discussion

On October 26, 2020, the Department of the Interior published an interim final rule on guidance (85 FR 67666) implementing E.O. 13891, “Promoting the Rule of Law Through Improved Agency Guidance Documents,” signed by President Trump on October 9, 2019. As required by the E.O., the rule contained the Department’s procedural requirements governing the development, review, and clearance of guidance documents; the processes for the public to petition for withdrawal or modification of a particular guidance document, including designating the officials to whom petitions should be directed; and the procedures for review and approval of significant guidance documents.

On January 20, 2021, President Biden issued E.O. 13992, “Revocation of Certain Executive Orders Concerning Federal Regulation,” which, among other actions, revoked E.O. 13891 and directed agencies to promptly take steps to rescind any rules implementing or enforcing the executive orders. The January 20, 2021, E.O. states that it is the policy of the Administration “to use available tools to confront the urgent challenges facing the Nation, including the coronavirus disease 2019 (COVID–19) pandemic, economic recovery, racial justice, and climate change. To tackle these challenges effectively, executive departments and agencies (agencies) must be equipped with the flexibility to use robust regulatory action to address national priorities. This E.O. revokes harmful policies and directives that

threaten to frustrate the Federal Government's ability to confront these problems and empowers agencies to use appropriate regulatory tools to achieve these goals." After consideration and review, the Department concluded that the October 26, 2020, interim final rule on our procedural requirements deprives the Department and subordinate Bureaus and Offices of the necessary flexibility in determining when and how best to issue public guidance based on particular facts and circumstances. The interim final rule also unduly restricts the Department's ability to provide timely guidance on which the public can confidently rely. Therefore, in accordance with President Biden's January 20, 2021, E.O., the Department is issuing this final rule, which rescinds the October 26, 2020, interim final rule.

In accordance with OMB memorandum "Guidance for Regulatory Review" (M-09-13), the Office of Management and Budget will continue to review all agency actions and

documents subject to the Office of Information and Regulatory Affairs review under E.O. 12866. These reviews include policy and guidance documents that OMB determines to be significant.

In order to ensure transparency, the single, searchable, indexed website (www.doi.gov/elips/browse) that contains all of the Department's guidance documents and was made available to the public on February 28, 2020 (85 FR 12009), will remain active. However, the website will be revised to remove any references to E.O. 13891.

II. Final Rule

The Department has determined that this rule is suitable for final rulemaking. The rule rescinds the October 26, 2020, revisions to the Department's existing procedures and associated implementation as it related to the development, review, and clearance of guidance documents as directed by E.O. 13891. As with the October 26, 2020, interim final rule, the Department is not required to engage in a notice and comment process to issue this rule

under the Administrative Procedure Act. See 5 U.S.C. 553(b)(3)(B). Furthermore, because this rule is procedural rather than substantive; the normal requirement of 5 U.S.C. 553(d) that a rule not be effective until at least 30 days after publication in the **Federal Register** is inapplicable.

This action is taken pursuant to delegated authority.
