**Federal Energy Regulatory Commission**

[Docket No. CP21-94-000]

**Transcontinental Gas Pipe Line Company, LLC; Notice of Application and Establishing Intervention Deadline**

Take notice that on March 26, 2021, Transcontinental Gas Pipe Line Company, LLC (Transco), P.O. Box 1396, Houston, Texas 77251, filed in the above referenced docket an application pursuant to section 7(b) and 7(c) of the Natural Gas Act (NGA) and Parts 157 and 284 of the Commission's regulations to construct, install, modify, operate and maintain its Regional Energy Access Expansion (REAE Project), an expansion of Transco's existing pipeline system that will enable Transco to provide an additional 829,400 dekatherms per day of firm transportation service to shippers (Project Shippers), and to abandon certain compression facilities. Transco estimates that the REAE Project will cost approximately \$950.05 million, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Specifically, Transco proposes to: (1) Construct 22.3 miles of 30-inch-diameter pipeline in Luzerne County, Pennsylvania; (2) construct 13.8 miles of 42-inch-diameter pipeline in Monroe County, Pennsylvania; (3) construct the new 11,107 hp Compressor Station 201 in Gloucester County, New Jersey; (4) construct an additional 15,800 hp at its existing Compressor Station 505 in Somerset County, New Jersey; (5) construct an additional 46,742 hp at its existing Compressor Station 515 in Luzerne County, Pennsylvania; (6) increase the certificated station compression by 5,000 hp at its existing Compressor Station 195 in York County, Pennsylvania; (7) modify its existing Compressor Station 200 in Chester County, Pennsylvania; (8) increase the certificated station compression by 4,100 hp at its existing Compressor Station 207 in Middlesex County, New Jersey; and (9) additional modifications to tie-ins, regulators, and delivery meter

stations in Pennsylvania, New Jersey, and Maryland. Transco states that it has executed binding precedent agreements with the Project Shippers for 100% of the incremental firm transportation service under the REAE Project.

Transco's application states that a water quality certificate under section 401 of the Clean Water Act is required for the project from the Pennsylvania Department of Environmental Protection. The request for certification must be submitted to the certifying agency and to the Commission concurrently. Proof of the certifying agency's receipt date must be filed no later than five (5) days after the request is submitted to the certifying agency.
