Alliance Pipeline L.P.; Notice of Application and Establishing Intervention Deadline

Take notice that on April 1, 2021, Alliance Pipeline L.P. (Alliance) filed an abbreviated application under Section 7(c) of the Natural Gas Act for its purposed Three Rivers Interconnection Project (Project). Specifically, Alliance requests: (i) Authorization to construct, own operate and maintain 2.85 miles of 20-inch diameter pipeline, a new meter and regulating station and related appurtenances to provide natural gas to Competitive Power Ventures' new Three Rivers Energy Center, a power generation facility currently under construction in Grundy County, Illinois; and (ii) any waivers, authority, and further relief as may be necessary to implement the proposal contained in its application. Alliance estimates the total cost of the Project to be \$27.7 million, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

Alliance's application states that a water quality certificate under section 401 of the Clean Water Act is required for the project from the Illinois Environmental Protection Agency. The request for certification must be submitted to the certifying agency and to the Commission concurrently. Proof of the certifying agency's receipt date must be filed no later than five (5) days after the request is submitted to the certifying agency.
