Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the service(s) deleted from the Procurement List.

End of Certification

Accordingly, the following service(s) are deleted from the Procurement List:

SUPPLEMENTARY INFORMATION:

Title: Core Principles and Other Requirements for Swap Execution Facilities (OMB Control No. 3038–0074). This is a request for extension of a currently approved information collection.

Abstract: Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act") added new section 5h to the Commodity Exchange Act ("CEA") to impose requirements concerning the registration and operation of swap execution facilities ("SEFs"), which the Commission has incorporated in part 37 of its regulations. These information collections are needed for the Commission to ensure that SEFs comply with these requirements. Among other requirements, part 37 of the Commission's regulations imposes SEF registration requirements for a trading platform or system, obligates SEFs to provide transaction confirmations to swap counterparties, and requires SEFs to comply with 15 core principles. Collection 3038–0074 was created in response to the part 37 regulatory requirements for SEFs.

In April 2018, the Commission published a 30-Day Notice of Intent to Renew Collection 3038–0074 (30-Day Renewal Notice) and stated that 25 SEFs were registered with the Commission.² However, since publication of the 30-Day Renewal Notice, the Commission has granted permanent registration to several additional SEFs, while others SEFs have had their registrations vacated or have been deemed dormant under part 40 of the Commission regulations, for a total of 21 registered SEFs.³ Therefore, on January 19, 2021,

² 83 FR 15557 (Apr. 21, 2018).

³ This includes 20 SEFs that are currently registered with the Commission and one dormant SEF that is in the process of filing for reinstatement

the Commission published in the **Federal Register** notice of the proposed extension of this information collection, which proposed revising the below burden statement for OMB Control No. 3038–0074 to account for the decrease in the number of registered SEFs, and provided 60 days for public comment on the proposed extension, 86 FR 5147, (Jan. 19, 2021) (60-Day Renewal Notice). The Commission received four non-substantive comments on the 60-Day Renewal Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection to account for the change in the number of SEFs currently registered with the Commission. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 21.

Estimated Average Burden Hours per Respondent: 21,000.

Estimated Total Annual Burden Hours: 21,000.⁴

Frequency of Collection: As applicable.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: April 13, 2021.

Robert Sidman,

Deputy Secretary of the Commission.
