operated as well as expected, such that a modified approach is justified to reduce unnecessary administrative burdens? For example, are there current regulations, policies, or procedures, specifically related to citizenship and naturalization, family-based immigration (including intercountry adoptions), educational opportunities in the United States, employment-based immigrant/nonimmigrant programs, adjustment of status, or humanitarian programs that could be modernized, streamlined, or otherwise improved? (11) Is there information you believe USCIS currently collects that it does not need or that USCIS does not use effectively to achieve regulatory objectives?

(12) Are there data-sharing activities in which individual DHS components (for example, USCIS, U.S. Customs and Border Protection, and/or U.S. Immigration and Customs Enforcement) engage, so that the repetitive collections of the same data do not occur from one component to the next?

(13) Are there data-sharing activities in which DHS components should engage with other Federal Government agencies (such as the Departments of State, Justice, Labor, or Health and Human Services) so that the repetitive collections of the same data do not occur from one agency to the next?

(14) Are there areas where DHS components’ regulations (including those of USCIS) create duplicative, conflicting, or difficult to navigate situations for individuals also engaging with other Federal Government agencies (such as the Departments of State, Justice, Labor, or Health and Human Services), such that consideration of greater cooperation or coordination would be warranted?

(15) Are there regulations or forms that have been overtaken by technological developments or that should be amended as part of USCIS’ eProcessing initiative?^4

(16) Are there new technologies that USCIS should consider leveraging to modify, streamline, or do away with existing regulatory or form requirements?

(17) Are there “bright spots,” in the form of existing USCIS regulations and/or processes—or processes previously in place—that are not burdensome, and that you recommend DHS/USCIS look to as examples it can emulate in other program areas?

IV. Review of Public Feedback

DHS will use the public’s feedback to help initiate strategic plans, consider reforms, and execute reports pursuant to President Biden’s requests of DHS outlined in E.O. 14012. DHS will also use the public’s feedback to consider reduction of administrative burdens more broadly. This notice is issued solely for information and program-planning purposes. Public input provided in response to this notice does not bind DHS to any further actions, to include publishing a formal response or agreement to initiate a recommended change. DHS reserves the right to make changes to the feedback and make changes or process improvements at its sole discretion. Commenting on this notice is not a substitute for commenting on other ongoing DHS rulemaking efforts. To be considered as part of a specific rulemaking effort, comments on DHS rules must be received during the comment period identified in the relevant rule published in the Federal Register, and in the manner specified therein. Finally, comments submitted in response to this notice will not be considered as petitions for rulemaking submitted pursuant to 5 U.S.C. 553(e) unless they comply with DHS regulations at 6 CFR part 3, Petitions for Rulemaking.

BILLING CODE 9111–97–P

SUMMARY: On April 5, 2021, HUD published a Notice of Intent in the Federal Register entitled “Notice of Intent To Prepare a Draft Environmental Impact Statement (EIS) for the One San Pedro Specific Plan Project in Los Angeles City, California.” The Notice of Intent, as required by the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA), notified the public of a second Public Scoping Meeting on April 27, 2021 to discuss a combined Environmental Impact Report (EIR) and Environmental Impact Statement (EIS) for the Rancho San Pedro public housing redevelopment project, located in Los Angeles, California. The notice provided the incorrect Zoom link and call-in information for the Public Scoping Meeting. Today’s notice provides the correct Zoom link and call-in information for the public to use for the Tuesday, April 27, 2021 Public Scoping Meeting.

DATES: The Public Scoping Meeting to satisfy NEPA requirements will be held virtually on Tuesday, April 27, 2021, from 5 p.m. to 6:30 p.m. Pacific Time, at https://zoom.us/j/92936528280?pwd=RmN5NFJ0bVlVYi8w5ZLWx1ekpnZ2d9 or by calling (669) 900–6833 (Meeting ID: 929 3652 8288, Passcode: 392390).

FOR FURTHER INFORMATION CONTACT: With respect to this technical correction, contact Aaron Santa Anna, Associate General Counsel for Legislation and Regulations, Department of Housing and Urban Development, 451 7th Street SW, Room 10238, Washington, DC 20410; telephone number 202–708–1793 (this is a toll-free number). Persons with hearing or speech impairments may access this free number through TTY by calling (669) 900–6833 (Meeting ID: 929 3652 8288, Passcode: 392390).

SUPPLEMENTARY INFORMATION: On April 5, 2021 (86 FR 17621) [FR Doc. 2021–06929], HUD published a Notice of Intent in the Federal Register entitled “Notice of Intent To Prepare a Draft Environmental Impact Statement (EIS) for the One San Pedro Specific Plan Project in Los Angeles City, California.” For projects that require an Environmental Impact Statement (EIS), the Responsible Entity, as defined in 24 CFR 58.2(a)(7), must provide a Notice of Intent (NOI) to begin the public scoping process in accordance with the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 431 et. seq. (NEPA); the Council of Environmental Quality (CEQ) NEPA Regulations at 40 CFR parts 1500–1508; and HUD

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–6255–N–02]

Notice of Intent To Prepare a Draft Environmental Impact Statement (EIS) for the One San Pedro Specific Plan Project in Los Angeles City, California; Correction

AGENCY: Office of the General Counsel, HUD.

ACTION: Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS), correction.

implementing regulations at 24 CFR part 58. The April 5, 2021 NOI provided notice that the Housing Authority of the City of Los Angeles (HACLA) proposes to carry out a Section 18/Rental Assistance Demonstration (RAD) demolition/disposition through a ground lease and to use a combination of RAD Project-Based Vouchers (PBV), Tenant Projection Vouchers (TPV), and PBV authorized by the U.S. Housing Act of 1937, as amended (USHA), to redevelop the Rancho San Pedro public housing project site.

The City of Los Angeles, through the City of Los Angeles’s Housing and Community Investment Department (HCID), is acting as the Responsible Entity for the Rancho San Pedro public housing project. As the California Environmental Quality Act (CEQA) similarly requires an Environmental Impact Report (EIR), HACLA and HCID intend to produce a combined EIR/EIS for the project. A Public Scoping Meeting for CEQA issues was held on February 6, 2021. The April 5, 2021 NOI gave notice of the next Public Scoping Meeting, specifically about NEPA issues, to be held virtually on April 27, 2021. The NOI provided an incorrect Zoom link and call-in information. This notice provides the correct Zoom link and call-in information.

Corrections: In the Federal Register of April 5, 2021, in FR Doc. 2021–06929 on page 17621, in the second column, replace the first paragraph of the Dates section to read: “The next Public Scoping Meeting to satisfy NEPA requirements will be held virtually on Tuesday, April 27, 2021, from 5 p.m. to 6:30 p.m. Pacific Time, at https://zoom.us/j/92936528288?pwd=RmN5NFJoLWZld1k4cjt0Zz09 or calling (669) 900–6833 [Meeting ID: 929 3652 8288, Passcode: 392390].”

Aaron Santa Anna,
Associate General Counsel for Legislation and Regulations.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The Federal Register notice that solicited public comment on the information collection for a period of 60 days was published on December 17, 2020, at 85 FR 81946.

A. Overview of Information Collection

Title of Information Collection: Continuum of Care (CoC) Program Registration.

OMB Approval Number: 2506–0182.

Type of Request: Revision of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: This submission is to request an extension of an existing collection in use without an OMB Control Number for the Recordkeeping for HUD’s Continuum of Care Program. Continuum of Care program recipients will be expected to implement and retain the information collection for the recordkeeping requirements. The statutory provisions and implementing interim regulations govern the Continuum of Care Program recordkeeping requirements for recipient and subrecipients and the standard operating procedures for ensuring that Continuum of Care Program funds are used in accordance with the program requirements. To see the regulations for the new CoC program and applicable supplementary documents, visit HUD’s Homeless Resource Exchange at https://www.onecpd.info/resource/2033/hearth-coc-program-interim-rule/.
