SUPPLEMENTARY INFORMATION: The Census Bureau is planning one national webinar on May 19, 2021 with federally recognized tribes, which will provide a forum for tribes to receive an update on the Privacy-Protected Microdata Files (PPMFs) and Detailed Summary Metrics, to be released by April 30, 2021. The Census Bureau would like to inform the tribes of these data and to provide an opportunity for tribal input to inform final decisions about the settings and parameters of the DAS for the production run of the Public Law 94-171 redistricting data product that will be made available at the June 2021 Data Stewardship Executive Policy Committee meeting.

In accordance with Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, issued November 6, 2000, the Census Bureau has adhered to its tribal consultation policy by seeking the input of tribal governments in the planning and implementation of the 2020 Census with the goal of ensuring the most accurate counts and data for the American Indian and Alaska Native population. In that regard, the Census Bureau will be seeking comments to the Upcoming Demonstration Product—PPMFs and

Detailed Summary Metrics. As mentioned before, these data products will be released April 30, 2021. Tribes will have four weeks to analyze the data and provide input.
