Estimate of Burden: Public reporting burden for this collection of information is estimated to average 10 minutes per response for the producers and approximately 30 minutes per response for the buyers. NASS plans to mail out publicity materials with the questionnaires to inform operators of the importance of these surveys. NASS will also use multiple mailings, followed up with phone and personal enumeration to increase response rates and to minimize data collection costs.

Respondents: Farmers and ranchers.
Estimated Number of Respondents: 250.

Estimated Total Annual Burden on Respondents: 75 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, April 15, 2021.

Kevin L. Barnes,

Associate Administrator.
