

Interagency Council on Environmental Justice (Interagency Council). The WHEJAC will provide advice and recommendations about broad cross-cutting issues, related but not limited to, issues of environmental justice and pollution reduction, energy, climate change mitigation and resiliency, environmental health, and racial inequity. The WHEJAC's efforts will include a broad range of strategic, scientific, technological, regulatory, community engagement, and economic issues related to environmental justice.

**Registration:** Individual registration is required for each of the virtual public meetings. Information on how to register is located at <https://www.epa.gov/environmentaljustice/white-house-environmental-justice-advisory-council>. Registration for the meetings is available through the scheduled end time of each meeting day. Registration to speak during the public comment period will close 11:59 p.m., Eastern Daylight Time, one (1) week prior to meeting date. When registering, please provide your name, organization, city and state, and email address for follow up. Please also indicate whether you would like to provide public comment during the meetings, and whether you are submitting written comments at the time of registration.

#### A. Public Comment

Every effort will be made to hear from as many registered public commenters during the time specified on the agenda. Individuals or groups making remarks during the public comment period will be limited to three (3) minutes. To accommodate the number of people who want to address the WHEJAC during the time allotted on the agenda, only one representative of a particular community, organization, or group will be allowed to speak. Submission of written comments for the record are strongly encouraged. The suggested format for individuals providing public comments is as follows: Name of speaker; name of organization/community; city and state; and email address; brief description of the concern, and what you want the WHEJAC to advise CEQ to do. Written comments received by registration deadline, will be included in the materials distributed to the WHEJAC prior to the meeting. Written comments received after that time will be provided to the WHEJAC as time allows. All written commenters should use the webform at <https://www.epa.gov/environmentaljustice/forms/white-house-environmental-justice-advisory-council-whejac-public-comment> to

submit comments, and email any additional materials to [whejac@epa.gov](mailto:whejac@epa.gov).

#### B. Information About Services for Individuals With Disabilities or Requiring English Language Translation Assistance

For information about access or services for individuals requiring assistance, please contact Karen L. Martin, via email at [whejac@epa.gov](mailto:whejac@epa.gov). To request special accommodations for a disability or other assistance, please submit your request at least seven (7) working days prior to the meeting, to give EPA sufficient time to process your request. All requests should be sent to the email listed in the **FOR FURTHER INFORMATION CONTACT** section.

**AGENCY:** Export-Import Bank of the United States.

**ACTION:** Submission for OMB review and comments request.

**SUMMARY:** The Export-Import Bank of the United States (EXIM), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal Agencies to comment on the proposed information collection, as required by the paperwork Reduction Act of 1995.

**DATES:** Comments must be received on or before June 21, 2021 to be assured of consideration.

**ADDRESSES:** Comments may be submitted electronically on *WWW.REGULATIONS.GOV*. (EIB 11–01) By email to Madolyn Phillips, *Madolyn.Phillips@exim.gov*, Export-Import Bank of the United States, 811 Vermont Ave. NW, Washington, DC 20571.

Comments submitted in response to this notice may be made available to the public through the *WWW.REGULATIONS.GOV*. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

**FOR FURTHER INFORMATION CONTACT:** To request additional information, please Madolyn Phillips, *Madolyn.Phillips@exim.gov*, 202–565–3701.

**SUPPLEMENTARY INFORMATION:** The Export-Import Bank of the United States, pursuant to the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635, *et seq.*), facilitates the finance of the export of U.S. goods and services. The “Report of Premiums Payable for Exporters Only” form will be used by exporters to report and pay premiums on insured shipments to various foreign buyers.

*Title and Form Number:* EIB 11–01, Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

*Abstract:* The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of

products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency’s services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses

require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

*Current Actions:* Extension of approval for a collection of information.

*Type of Review:* Extension.

*Survey Type:* Web based/email based survey; Feedback/Comment Evaluation Form; Detailed Mail Evaluation Form; Telephone; Focus Group.

*Affected Public:* Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Below we provide projected average estimates for the next three years:

*Average Expected Annual Number of Activities:* 10.

*Average Number of Respondents per Activity:* 467.

*Annual Responses:* 4,670.

*Frequency of Response:* Once per request.

*Average Minutes per Response:* 8.

*Burden Hours:* 623.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation,

maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

All written comments will be available for public inspection *Regulations.gov*.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Assisted Reproductive Technology (ART) Success Rates Reporting and Data Validation Procedures

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Final notice.

**SUMMARY:** The Centers for Disease Control and Prevention, within the Department of Health and Human Services, announces the changes in assisted reproductive technology (ART) data validation selection process; data validation approach; and data discrepancy reporting. The proposed changes to ART data validation were published in the **Federal Register** on October 20, 2020 (85 FR 66566); public comments and recommendations were requested, and no comments were received. This notice describes changes to the data validation process that will be implemented effective for calendar year 2022.

**FOR FURTHER INFORMATION CONTACT:** Jeani Chang, Division of Reproductive Health, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control and Prevention, 4770 Buford Highway NE, Mailstop S107-2, Atlanta, Georgia 30341-3724. Telephone: (770) 488-5200. Email: [ARTinfo@cdc.gov](mailto:ARTinfo@cdc.gov).

**SUPPLEMENTARY INFORMATION:** Pursuant to the Fertility Clinic Success Rate and Certification Act of 1992, 42 U.S.C. 263a-5, CDC publishes pregnancy success rates reported to the agency in accordance with section 263a-1(a)(1). The primary goal of public reporting of clinical outcomes of ART is to provide accurate data to current or potential ART users. Therefore, multiple mechanisms ensuring data accuracy are employed by CDC: Conducting data checks for logical errors and inconsistencies during data entry stage, verification of data accuracy by clinics' medical directors, additional data checks for logical errors and internal inconsistencies after submission.
