Participation Requirements

All parties interested in participating in the trade mission must complete and submit an application package for consideration by the DOC. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. A minimum of eight and maximum of ten firms and/or trade associations will be selected to participate in the mission from the applicant pool.

Fees and Expenses

After a firm or trade association has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee for the Clean Air Trade Mission to India will be \$3,165 for small or medium-sized enterprises (SME);⁵ and \$4,495 for large firms or trade associations. The fee for each additional firm representative (large firm or SME/trade organization) is \$750. Expenses like travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Interpreter and driver services can be arranged for additional

cost. Delegation members will be able to take advantage of U.S. Embassy rates for hotel rooms. Companies opting for spin-off to Mumbai will pay an additional fee of \$1,625.

Timeframe for Recruitment and Application

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than March 15, 2022. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis. Applications received after March 15, 2022, will be considered only if space and scheduling constraints permit.
