BILLING CODE 4410-18-P

DEPARTMENT OF JUSTICE

Office of Justice Programs

[OMB Number 1121-0317]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Reinstatement, With Change, of a Previously Approved Collection for Which Approval has Expired: 2021 Identity Theft Supplement (ITS)

AGENCY: Bureau of Justice Statistics, Office of Justice Programs, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The Bureau of Justice Statistics, Office of Justice Programs, Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection was previously published in the **Federal Register**. Following publication of the 60-day notice, the Bureau of Justice Statistics received no requests for the survey instrument and two communications containing suggestions for revisions to the collection of data and regarding the administration of the instrument, which are addressed in Supporting Statement Part A.

DATES: Comments are encouraged and will be accepted for 30 days until May 26, 2021.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Erika Harrell, Statistician, Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531 (email: Erika.Harrell@usdoj.gov; telephone: 202-307-0758).

SUPPLEMENTARY INFORMATION: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting

“Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement of the Identity Theft Supplement, with changes, a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* 2021 Identity Theft Supplement.

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the questionnaire is ITS-1. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be persons 16 years or older living in households located throughout the United States sampled for the National Crime Victimization Survey (NCVS). The ITS will be conducted as a supplement to the NCVS in all sample households for a six (6) month period. The ITS is primarily an effort to measure the prevalence of identity theft among persons, the characteristics of identity theft victims, and patterns of reporting to the police, credit bureaus, and other authorities. The ITS was also designed to collect important characteristics of identity theft such as how the victim’s personal information was obtained; the physical, emotional and financial impact on victims; offender information;

and the measures people take to avoid or minimize their risk of becoming an identity theft victim. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justice statistics.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimate of the total number of respondents is 104,910. An estimated 90.2% of respondents (94,630) are estimated to report no identity theft and will complete the ITS screener and follow-up questions with an average burden of about eight minutes. Among the 9.8% of respondents (10,280) who are expected to experience at least one incident of identity theft during the reference period, the time to ask the screener, incident, and follow-up questions of identity theft is estimated to take an average of fifteen minutes. Respondents will be asked to respond to this survey only once during the six-month period. The burden estimate is based on data from actual interview times from the 2018 ITS, an analysis of the 2021 ITS questionnaire changes and mock interviews done with the 2021 questionnaire.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 15,185 total burden hours associated with this collection.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (21-026)]

Notice of Intent To Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant exclusive, co-exclusive or partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant an exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in **SUPPLEMENTARY INFORMATION** below.

DATES: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than May 11, 2021 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received by NASA no later than May 11, 2021 will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

Objections and Further Information: Written objections relating to the prospective license or requests for further information may be submitted to Agency Counsel for Intellectual Property, NASA Headquarters at Email: hq-patentoffice@mail.nasa.gov. For questions: Phone (202) 358-3437.

SUPPLEMENTARY INFORMATION: NASA intends to grant an exclusive, co-exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent No. 8,492,160, Biomarker Sensors and Method for Multi-color imaging and Processing of Single-molecule Life Signatures to Healthmetryx, Inc., having its principal place of business in Boston, Massachusetts. The fields of use may be limited. NASA has not yet made a final determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

This notice of intent to grant an exclusive, co-exclusive or partially exclusive patent license is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.

Helen Galus,

Agency Counsel for Intellectual Property.
