Title; Associated Form; and OMB Number: Workplace and Gender Relations Survey of DoD Civilians; OMB Control Number 0704–WGR.

Needs and Uses: This survey is used to solicit information on gender issues, including issues relating to sexual assault, sexual harassment, and gender discrimination in the DoD civilian employee workplace, as well as the climate in the Department for forming professional relationships between male and female employees. They also give the Department authority to conduct such surveys under the guidance of the Under Secretary of Defense for Personnel and Readiness (USD(P&R)). The Office of People Analytics (OPA) administers both web-based and paper-and-pen surveys to support the personnel information needs of the USD(P&R). The WGRSC survey expands a series of surveys that began in 1988 with military personnel to DoD civilian employees. OPA conducted Joint Service gender issues surveys of active duty members in 1988, 1995, 2002, 2006, 2010, 2012, 2016, and 2018, and of Reserve component members in 2004, 2008, 2012, 2015, 2017, and 2019. This is the third iteration of WGRSC surveys with DoD civilian employees, with the first iteration occurring in 2016 and second administration in 2018. The WGRSC survey is legislatively required to be conducted every two years.

Information from the WGRSC surveys will be used by DoD policy offices, the Military Departments, and Congress for program evaluation and, specifically, to assess and improve personnel policies, programs, practices, and training related to gender relations in the DoD civilian workplace. OPA will provide reports to DoD policy offices, each Military Department, the Joint Chiefs of Staff (JCS), and Congress.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The ANNH Program provides grants to eligible institutions of higher education (IHIs) to enable them to improve and expand their capacity to serve Alaska Natives and Native Hawaiians. Alaska Native-serving institutions and Native Hawaiian-serving institutions may use these grant awards to plan, develop, undertake, and carry out activities to improve and expand such institutions’ capacity to serve Alaska Natives or Native Hawaiians.

Priorities: This notice contains one competitive preference priority. This priority is from the Notice of Administrative Priority and Definitions for Discretionary Grant Programs, which was published in the Federal Register on December 30, 2020 (85 FR 86545) (Remote Learning NFP).

Competitive Preference Priority: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to three additional points for the priority, depending on how well the application meets this priority.

This priority is: Building Capacity for Remote Learning (up to 3 points).

Under this priority, an applicant must propose a project that is designed to provide personalized and job-embedded professional learning to build the capacity of educators to create remote learning experiences that advance student engagement and learning through effective use of technology (e.g., synchronous and asynchronous professional learning, professional learning networks or communities, and coaching).

Definitions: The definitions are from 34 CFR 77.1 and the Remote Learning NFP.

Demonstrates a rationale means a key project component included in the project’s logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes.

Logic model (also referred to as theory of action) means a framework that identifies key project components of the proposed project (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the key project components and relevant outcomes.

Note: In developing logic models, applicants may want to use resources such as the Regional Educational Laboratory Program’s (REL Pacific) Education Logic Model Application, available at https://nces.ed.gov/ncee/edlabsregions/pacific/
Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (e.g., training teachers on instructional practices for English learners and follow-on coaching for these teachers).

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program.

Remote learning means programming where at least part of the learning occurs away from the physical building in a manner that addresses a learner’s educational needs. Remote learning may include online, hybrid/blended learning, or non-technology-based learning (e.g., lab kits, project supplies, paper packets).

Program Authority: 20 U.S.C. 1067q (title II, part F, of the Higher Education Act of 1965, as amended (HEA)).

Note: In 2008, the HEA was amended by the Higher Education Opportunity Act of 2008 (HEOA), Public Law 110–315. Please note that the regulations for ANNH in 34 CFR part 607 have not been updated to reflect these statutory changes. The statute supersedes all other regulations.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 607. (e) The Remote Learning NFP.

An assurance form, which is included in the application materials for this competition, must be signed by an official for the applicant and submitted.

To qualify as an eligible institution under the ANNH Program, an institution must—

(a) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary recognizes the applicant as an organization to which its net earnings may lawfully be distributed benefit any private shareholder or individual; and

Note: The notice announcing the FY 2021 process for designation of eligible institutions, and inviting applications for waiver of eligibility requirements, was published in the Federal Register on March 4, 2021, (86 FR 12665). Only institutions that the Department determines are eligible, or which are granted a waiver under the process described in that notice, may apply for a grant in this program.

An eligible IHE that submits applications for an Individual Development Grant and a Cooperative Arrangement Development Grant in this competition may be awarded both in the same fiscal year. A grantee with an Individual Development Grant or a Cooperative Arrangement Development Grant may be a partner in one or more Cooperative Development Arrangement Grants. The lead institution in a Cooperative Arrangement Development Grant must be an eligible institution. Partners are not required to be eligible institutions.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) Proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant’s certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

2. a. Cost Sharing or Matching:

This competition does not require cost sharing or matching.

b. Supplement-Not-Supplant:

This competition involves supplement-not-supplant funding requirements. Grant funds must be used so that they supplement and, to the extent practical, increase the funds that would otherwise be available for the activities to be carried out under the grant and in no case supplant those funds (34 CFR 607.30(b)).

c. Administrative Cost Limitation:

This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. Subgrantees:

A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

V. Application Review Information

1. Selection Criteria: The following selection criteria for this competition are from 34 CFR 607.22(a) through (g) and 34 CFR 75.210. The maximum number of points available for each criterion is indicated in parentheses.

   (a) Quality of the applicant’s comprehensive development plan. (20 points). The extent to which—

   (2) The goals for the institution’s academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis;
   (3) The objectives stated in the plan are measurable, related to institutional goals, and, if achieved, will contribute to the growth and self-sufficiency of the institution; and
   (4) The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practice and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.

   (b) Quality of activity objectives. (15 points). The extent to which the objectives for each activity are—
   (1) Realistic and defined in terms of measurable results; and
   (2) Directly related to the problems to be solved and to the goals of the comprehensive development plan.

   (c) Quality of the project design. (10 points)
   (1) The Secretary considers the quality of the design of the proposed project.
   (2) In determining the quality of the design of the proposed project, the Secretary considers the extent to which the proposed project demonstrates a rationale (as defined in this notice).

   (d) Quality of implementation strategy. (18 points). The extent to which—
   (1) The implementation strategy for each activity is comprehensive;
   (2) The rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects; and

   (h) Budget. (7 points). The extent to which the proposed costs are necessary and reasonable in relation to the project’s objectives and scope.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.6, and 110.23). A panel of three non-Federal reviewers will review and score each application in accordance with the
selection criteria. A rank order funding slate will be made from this review. Awards will be made in rank order according to the average score received from the peer review and from the competitive preference priority.

In tie-breaking situations for development grants, 34 CFR 607.23(b) requires that we award one additional point to an application from an IHE that has an endowment fund of which the current market value, per FTE enrolled student, is less than the average current market value of the endowment funds, per FTE enrolled student, at comparable type institutions that offer similar instruction. We award one additional point to an application from an IHE that has expenditures for library materials per FTE enrolled student that are less than the average expenditure for library materials per FTE enrolled student at similar type institutions. We also add one additional point to an application from an IHE that proposes to carry out one or more of the following activities—

1. Developing new programs;
2. Funds and administrative management;
3. Development and improvement of academic programs;
4. Acquisition of equipment for use in strengthening management and academic programs;
5. Joint use of facilities; and
6. Student services.

For the purpose of these funding considerations, we use 2018–2019 data. If a tie remains after applying the tie-breaker mechanism above, priority will be given to applicants that have the lowest endowment values per FTE enrolled student.

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

5. In General: In accordance with the Office of Management and Budget’s guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205); (b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216); (c) Promoting the freedom of speech and religious liberty in alignment with Promoting Free Speech and Religious Liberty (E.O. 13798) and Improving Free Inquiry, Transparency, and Accountability at Colleges and Universities (E.O. 13864) (2 CFR 200.300, 200.303, 200.339, and 200.341); (d) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and (e) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or is otherwise not responsible.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to open license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on
5. Performance Measures: Under the Government Performance and Results Act of 1993 and 34 CFR 75.110, the following performance measures will be used in assessing the performance of the ANNH Program:

(a) The percentage change, over the five-year period, of the number of full-time degree-seeking undergraduates enrolled at Alaska Native and Native Hawaiian-Serving Institutions (Note: This is a long-term measure, which will be used to periodically gauge performance);

(b) The percentage of first-time, full-time degree-seeking undergraduate students at four-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

(c) The percentage of first-time, full-time degree-seeking undergraduate students at two-year Alaska Native and Native Hawaiian-Serving Institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same Alaska Native and Native Hawaiian-Serving Institution;

(d) The percentage of first-time, full-time degree-seeking undergraduate students enrolled at four-year Alaska Native and Native Hawaiian-Serving Institutions who graduate within six years of enrollment; and

(e) The percentage of first-time, full-time degree-seeking undergraduate students enrolled at two-year Alaska Native and Native Hawaiian-Serving Institutions who graduate within three years of enrollment.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, and that those assurances are applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
