[Docket Number FRA-2021-0042]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 1, 2021, Union Pacific Railroad Company (UPRR) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-of-Train Devices. FRA assigned the petition Docket Number FRA-2021-0042.

Specifically, UPRR requests relief from 49 CFR 232.203, *Training requirements*, to allow its Class I Brake Test Simulation proficiency demonstration as a method to satisfy the required “hands-on” training component of periodic refresher training. UPRR states that its blended brake system training curriculum exceeds the training objectives of the regulation and is designed to increase user proficiency.

Title: Debt Cancellation Contracts and Debt Suspension Agreements.

OMB Control No.: 1557–0224.

Description: Twelve U.S.C.

24(Seventh) authorizes a national bank (bank) to enter into Debt Cancellation Contracts (DCCs) and Debt Suspension Agreements (DSAs). 12 CFR part 37 requires banks to disclose information about a DCC or DSA using either a short or long form disclosure. The short form disclosure usually is made orally and issued at the time a bank first solicits the purchase of a contract. The long form disclosure usually is made in writing and issued before the customer completes the purchase of the contract. There are special rules for transactions by telephone, solicitations using written mail inserts or “take one” applications, and electronic transactions. Part 37 provides two model forms of disclosure for satisfying the requirements of the rule. Use of the forms is not mandatory, and the regulation permits a bank to adjust the form and wording of its disclosures so long as it meets the applicable requirements. The requirements of part 37 enhance consumer protections for customers who purchase DCCs and DSAs from banks and ensure that banks offer these products in a safe and sound manner by

requiring them to effectively manage their risk exposure.

Section 37.6

Section 37.6 requires the disclosures to be readily understandable and meaningful. The content of the short and long form may vary, depending on whether a bank elects to provide a summary of the conditions and exclusions in the long form disclosures or refer the customer to the pertinent paragraphs in the contract. For example, the short form disclosure requires a bank to instruct the customer to read carefully both the long form disclosures and the contract for a full explanation of the contract terms, while the long form gives a bank the option of either: (i) Summarizing the limitations; or (ii) advising the customer that a complete explanation of the eligibility requirements, conditions, and exclusions is available in the contract and identifying the paragraphs where the customer may find that information.

Section 37.6 and appendices A and B to part 37 require a bank to provide the following disclosures (summarized below), as appropriate:

- **Anti-tying (short and long form)—**A bank must inform the customer that purchase of the product is optional and that neither the bank’s decision whether to approve the loan nor the terms and conditions of the loan are conditioned on the purchase of a DCC or DSA.

- **Explanation of debt suspension agreement (long form)—**A bank must disclose that if a customer activates the agreement, the customer’s duty to pay the loan principal and interest is only suspended and the customer must fully repay the loan after the period of suspension has expired.

- **Amount of the fee (long form)—**A bank must make disclosures regarding the amount of the fee. The content of the disclosure depends on whether the credit is open-end or closed-end. In the case of closed-end credit, the bank must disclose the total fee. In the case of open-end credit, the bank must either: (i) Disclose that the periodic fee is based on the account balance multiplied by a unit cost and provide the unit cost; or (ii) disclose the formula used to compute the fee.

- **Lump sum payment of fee (short and long form)—**A bank must disclose, where appropriate, that a customer has the option to pay the fee in a single payment or in periodic payments and that adding the fee to the amount borrowed will increase the cost of the contract. This disclosure is not appropriate in the case of a DCC or DSA provided in connection with a home mortgage loan where the option to pay

¹ On February 27, 2021, the OCC published a 60-day notice for this information collection, 86 FR 9994.

the fee in a single payment is not available.

- Lump sum payment of fee with no refund (short and long form)—A bank must disclose that the customer has the option to choose a contract with or without a refund provision. This disclosure must also state that the prices of refund and no-refund products are likely to differ.

- Refund of fee paid in lump sum (short and long form)—If a bank permits a customer to pay the fee in a single payment and add the fee to the amount borrowed, the bank must disclose its cancellation policy. The disclosure informs the customer of the bank's refund policy, as applicable, *i.e.*, that the DCC or DSA may be: (i) Cancelled at any time for a refund; (ii) cancelled within a specified number of days for a full refund; or (iii) cancelled at any time with no refund.

- Whether use of a card or credit line is restricted (long form)—A bank must inform a customer if the customer's activation of the contract would prohibit the customer from incurring additional charges on the credit card or using the credit line.

- Termination of a DCC or DSA (long form)—If termination is permitted during the life of the loan, a bank must include an explanation of the circumstances under which a customer or the bank may terminate the contract.

- Additional disclosures (short form)—A bank must inform customers that it will provide additional information before the customer is required to pay for the product.

- Eligibility requirements, conditions, and exclusions (short and long form)—A bank must describe any material limitations relating to the DCC or DSA.

Section 37.7

Section 37.7 requires a bank to obtain a customer's written affirmative election to purchase a contract and written acknowledgment of receipt of the disclosures required by § 37.6. The section further provides that the election and acknowledgment must be conspicuous, simple, direct, readily understandable, and designed to call attention to their significance. Pursuant to § 37.7(b), if the sale of the contract occurs by telephone, the customer's affirmative election to purchase and acknowledgment of receipt of the required short form may be made orally, provided the bank: (i) Maintains sufficient documentation to show that the customer received the short form disclosures and then affirmatively elected to purchase the contract; (ii) mails the affirmative written election and written acknowledgment, together

with the long form disclosures required by § 37.6, to the customer within 3 business days after the telephone solicitation and maintains sufficient documentation to show it made reasonable efforts to obtain the documents from the customer; and (iii) permits the customer to cancel the purchase of the contract without penalty within 30 days after the bank has mailed the long form disclosures to the customer.

Pursuant to § 37.7(c), if the DCC or DSA is solicited through written materials such as mail inserts or "take one" applications and the bank provides only the short form disclosures in the written materials, then the bank shall mail the acknowledgment, together with the long form disclosures, to the customer. The bank may not obligate the customer to pay for the contract until after the bank has received the customer's written acknowledgment of receipt of disclosures, unless the bank takes certain steps, maintains certain documentation, and permits the customer to cancel the purchase within 30 days after mailing the long form disclosures to the customer. Section 37.7(d) permits the customer's affirmative election and acknowledgment to be made electronically.
