**Office of Surface Mining Reclamation
and Enforcement**

30 CFR Part 935

[SATS No. OH–263–FOR; Docket ID: OSM–2021–0002; S1D1S SS08011000 SX064A000 212S180110 S2D2S SS08011000 SX064A000 21XS501520]

Ohio Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are announcing receipt of a proposed amendment to the Ohio regulatory program (Ohio program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). Ohio seeks to amend its regulatory program in order to remove the requirement that a resident agent's tax ID number or the last four digits of a resident agent's social security number must be provided in a coal mining application and to make a non-substantive administrative change to a paragraph reference.

This document gives notice of the times when and locations where the Ohio program and this proposed Ohio program amendment will be available for public inspection, the comment period during which you may submit written comments on the amendment, and the procedures that we will follow for the public hearing, if one is requested.

DATES: We will accept written comments on this amendment until 4:00 p.m., Eastern Daylight Time (EDT), May 28, 2021. If requested, we will hold a public hearing on the amendment on May 24, 2021. We will accept requests to speak at a hearing until 4:00 p.m., EDT on May 13, 2021.

ADDRESSES: You may submit comments, identified by SATS No. OH–263–FOR, by any of the following methods:

- *Mail/Hand Delivery:* Mr. Eric Cavazza, Field Office Director, Pittsburgh Field Office, Office of Surface Mining Reclamation and Enforcement, 3 Parkway Center, Pittsburgh, PA 15220.

- *Fax:* (412) 937–2177.

- *Federal eRulemaking Portal:* The amendment has been assigned Docket ID: OSM–2021–0002. If you would like to submit comments go to <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. For detailed instructions on submitting comments and additional information on the rulemaking process, see the “Public Comment Procedures” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

Docket: For access to the docket to review copies of the Ohio program, this amendment, a listing of any scheduled public hearings, and all written comments received in response to this document, you must go to the address listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the amendment by contacting OSMRE's Pittsburgh Field Office or the full text of the program amendment is available for you to read at www.regulations.gov.

Mr. Eric Cavazza, Field Office Director, Pittsburgh Field Office, Office of Surface Mining Reclamation and Enforcement, 3 Parkway Center, Pittsburgh, PA 15220, Telephone: (412) 937–2827, Email: ecavazza@osmre.gov

In addition, you may review a copy of the amendment during regular business hours at the following location:

Mr. Dave Crow, Chief, Ohio Department of Natural Resources, Division of Mineral Resources Management, 2045 Morse Road, Building H2, Telephone: (614) 265–1020, Email: dave.crow@dnr.state.oh.us

SUPPLEMENTARY INFORMATION:

I. Background on the Ohio Program
II. Description of the Proposed Amendment
III. Public Comment Procedures
IV. Statutory and Executive Order Reviews

I. Background on the Ohio Program

Section 503(a) of the Act permits a state to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal

and non-Indian lands within its borders by demonstrating that its program includes, among other things, state laws and regulations that govern surface coal mining and reclamation operations in accordance with the Act and consistent with the Federal regulations. See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Ohio program on August 16, 1982. You can find background information on the Ohio program, including the Secretary's findings, the disposition of comments, and conditions of approval of the Ohio program in the August 10, 1982, **Federal Register** (47 FR 34717). You can also find later actions concerning the Ohio program and program amendments at 30 CFR 935.10, State Regulatory Program Approval; and 935.11, Conditions of State Regulatory Program Approval; and 935.15, Approval of Ohio Regulatory Program Amendments.

II. Description of the Proposed Amendment

By letter dated January 8, 2021, Ohio sent us a proposed amendment to its program under SMCRA (30 U.S.C. 1201 *et seq.*). Submitted pursuant to 30 CFR 732.17, the proposed amendment would revise Ohio Administrative Code (OAC) 1513-4-03 and 1501:13-5-01.

Ohio is proposing to amend its regulations at OAC 1501:13-4-03(B)(1) and (B)(4) to remove the requirement that a resident agent's tax ID number or the last four digits of a resident agent's social security number (SSN) must be provided in a coal mining application because this information is not necessary for the Ohio Department of Natural Resources' purposes. Resident agents were removed from the list of persons who must provide this information in section (B)(1). However, section (B)(1) also includes requirements regarding the submission of names, addresses and telephone numbers, and this information will still be required for the applicant's resident agent. Therefore, section (B)(4) was amended to require that each application other than a single proprietorship contain the name, address, and telephone numbers of the resident agent of the applicant who will accept service of process.

Ohio is also proposing to make a non-substantive change to a reference contained within OAC 1501:13-5-01(E)(6). In response to a rule passed by Ohio's state legislature (HB64) on June 28, 2018, a new paragraph (D)(2) was added to OAC 1501:13-4-03. This addition is the subject of a program amendment (OH-260-FOR), which is pending approval with OSMRE. If

approved by OSMRE, the provision currently known as 1501:13-4-03(D)(2) will become 1501:13-4-03(D)(3). In anticipation of this approval and subsequent renumbering, Ohio is proposing to revise an existing reference to the renumbered section that is located in OAC 1501:13-5-01(E)(6).

The full text of the program amendment is available for you to read at the locations listed above under **ADDRESSES** or at www.regulations.gov.

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the State program.

Electric or Written Comments

If you submit written or electronic comments on the proposed rule during the 30-day comment period, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see **DATES**) or sent to an address other than those listed (see **ADDRESSES**) will be included in the docket for this rulemaking and considered.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., EDT on May 13, 2021. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under

FOR FURTHER INFORMATION CONTACT. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak, and others present in the audience who wish to speak, have been heard.

Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

IV. Statutory and Executive Order Reviews

Executive Order 12866—Regulatory Planning and Review and Executive Order 13563—Improving Regulation and Regulatory Review

Executive Order 12866 provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget (OMB) will review all significant rules. Pursuant to OMB guidance, dated October 12, 1993, the approval of State program amendments is exempted from OMB review under Executive Order 12866. Executive Order 13563, which reaffirms and supplements Executive Order 12866, retains this exemption.

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSMRE for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the **Federal Register** indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We conclude our review of the proposed amendment after the close of the public

comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

Air Plan Approval; Illinois; Prevention of Significant Deterioration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the Illinois State Implementation Plan (SIP) that were submitted by the Illinois Environmental Protection Agency (IEPA) on September 22, 2020. These revisions implement new preconstruction permitting regulations for certain new or modified sources of air pollution in attainment and unclassifiable areas under the Prevention of Significant Deterioration (PSD) program of the Clean Air Act (CAA). Currently, the PSD program in Illinois is operated under a Federal Implementation Plan (FIP).

DATES: Comments must be received on or before May 28, 2021.

ADDRESSES: Submit your comments, identified by Docket ID Nos. EPA-R05-OAR-2020-0501, EPA-R05-OAR-2020-0502, or EPA-R05-OAR-2020-0503 at <http://www.regulations.gov>, or via email to damico.genevieve@epa.gov. For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). For either manner of submission, EPA may publish any comment received to its public docket. Do not submit electronically any information you

consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. I. Background for Proposed Action

Section 110(a)(2)(C) of the CAA requires that each SIP include a program to provide for the regulation of the construction and modification of stationary sources within the areas covered by the SIP. We refer to these as the New Source Review (NSR) provisions. They consist primarily of: (1) A permit program as required by part C of subsection I of the CAA, PSD, as necessary to assure that national ambient air quality standards (NAAQS) are achieved; (2) a permit program as required by part D of subsection I of the CAA, Plan Requirements for Nonattainment Areas, as necessary to assure that NAAQS are attained and maintained in “nonattainment areas” (known as “nonattainment NSR”); and (3) a permit program for minor sources and minor modifications of major sources as required by section 110(a)(2)(C) of the CAA. Specific plan requirements for an approvable PSD SIP are provided in sections 160–169 of the CAA and the implementing regulations at 40 CFR 51.166. The requirements applicable to SIP requirements for nonattainment areas are provided in sections 171–193 of the CAA and the implementing regulations at 40 CFR 51.165 and part 51, appendix S. The Federal PSD requirements at 40 CFR 52.21 apply through FIPs in states without a SIP-approved PSD program.

The PSD program applies to new major sources or major modifications at existing stationary sources for pollutants where the area the source is located has been designated as “attainment” or “unclassifiable” with respect to the NAAQS under section 107(d) of the CAA. Under section 160 of the CAA, the purposes of the PSD program are to: (1) Protect public health and welfare; (2) preserve, protect and enhance the air quality in national parks, national wilderness areas, national monuments, national seashores, and other areas of special national or regional natural, recreational, scenic, or historic value; (3) ensure that economic growth will
