

at least one year.³⁹ This statement must: (1) Identify the authorizing legislation; (2) present the estimated costs and benefits of the rule and, to the extent that such estimates are feasible and relevant, its estimated effects on the national economy; (3) summarize and evaluate state, local, and tribal government input; and (4) identify reasonable alternatives and select, or explain the non-selection, of the least costly, most cost-effective, or least burdensome alternative. This rule is not expected to result in increased expenditures by the private sector or by state, local, and tribal governments of \$165 million or more in any one year.

VII. Executive Order 13132, Federalism

The Department has (1) reviewed this delay in accordance with Executive Order 13132 regarding federalism and (2) determined that it does not have federalism implications. The rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

VIII. Executive Order 13175, Indian Tribal Governments

This rule will not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Signed this 23rd day of April, 2021.

Jessica Looman,

Principal Deputy Administrator, Wage and Hour Division.

BILLING CODE 4510-27-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2021-0170]

RIN 1625-AA00

Safety Zone; Sabine River, Orange, TX

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain navigable waters of the Sabine River, extending the entire width of the river, adjacent to the public boat ramp located in Orange, TX. The safety zone is necessary to protect persons and vessels from hazards associated with a high-speed boat race competition in Orange, TX. This regulation prohibits persons and vessels from being in the safety zone unless authorized by the Captain of the Port Marine Safety Unit Port Arthur or a designated representative.

DATES: This rule is effective from 8:30 a.m. through 6 p.m. on May 22, 2021 and May 23, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2021-0170 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Mr. Scott Whalen, Marine Safety Unit Port Arthur, U.S. Coast Guard; telephone 409-719-5086, email Scott.K.Whalen@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

On March 18, 2021, the City of Orange, TX notified the Coast Guard that it will be sponsoring high speed boat races from 8:30 a.m. to 6 p.m. on May 22 and 23, 2021, adjacent to the public boat ramp in Orange, TX. The Captain of the Port Port Arthur (COTP) has determined that potential hazards associated with high speed boat races would be a safety concern for spectator craft and vessels in the vicinity of these race events. In response, on April 6, 2021, the Coast Guard published a notice of proposed rulemaking (NPRM) titled "Safety Zone; Sabine River, Orange, TX" (86 FR 17755). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended April 21, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for

making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with hazards associated with high speed boat races.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Port Arthur (COTP) has determined that potential hazards associated with high speed boat races will be a safety concern for spectator craft and vessels in the vicinity of these race events. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published April 6, 2021. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone from 8:30 a.m. to 6 p.m. on May 22 and 23, 2021. The safety zone will cover all navigable waters of the Sabine River, extending the entire width of the river, adjacent to the public boat ramp located in Orange, TX bounded to the north by the Orange Public Wharf and latitude 30°05'50" N and to the south at latitude 30°05'33" N. The duration of the safety zone is intended to protect participants, spectators, and other persons and vessels, in the navigable waters of the Sabine River during high-speed boat races and will include breaks and opportunity for vessels to transit through the regulated area. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits.

³⁹ Calculated using growth in the Gross Domestic Product deflator from 1995 to 2019. Bureau of Economic Analysis. Table 1.1.9. Implicit Price Deflators for Gross Domestic Product.

This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the proposed size, location and duration of the rule. The safety zone will encompass a less than half-mile stretch of the Sabine River for eight hours on each of two days. The Coast Guard will notify the public by issuing Local Notice to Mariners (LNM), and/or Marine Safety Information Bulletin (MSIB) and Broadcast Notice to Mariners via VHF-FM radio and the rule will allow vessels to seek permission to enter the zone during scheduled breaks.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s

responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not

individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that would last 8 hours on each of two days and that would prohibit entry on less than a half-mile stretch of the Sabine River in Orange, TX. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Memorandum for Record supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREA AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08–0170 to read as follows:

§ 165.T08–0170 Safety Zone; Sabine River, Orange, TX.

(a) *Location.* The following area is a safety zone: all navigable waters of the Sabine River, extending the entire width of the river, adjacent to the public boat ramp located in Orange, TX bounded to the north by the Orange Public Wharf and latitude 30°05′50″ N and to the south at latitude 30°05′33″ N. The duration of the safety zone is intended to protect participants, spectators, and other persons and vessels, in the navigable waters of the Sabine River during high-speed boat races and will include breaks and opportunity for vessels to transit through the regulated area.

(b) *Effective period.* This section is effective from 10 a.m. through 6 p.m. on May 22, 2021 and May 23, 2021.

(c) *Enforcement periods.* This section will be enforced from 10 a.m. through 6 p.m. daily.

(d) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry of vessels or persons into this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Port Arthur (COTP) or a designated representative. They may be contacted on VHF-FM channel 13 or 16, or by phone at by telephone at 409-719-5070.

(2) The COTP or a designated representative may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(3) The COTP or a designated representative may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

(4) The COTP or a designated representative will terminate enforcement of the special local regulations at the conclusion of the event.

(e) *Informational broadcasts.* The COTP or a designated representative will inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

Dated: April 22, 2021.

Molly A. Wike,

Captain, U.S. Coast Guard, Captain of the Port, Marine Safety Zone Port Arthur.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 35

[FRL 10022-77-OW]

Notification of Funding for Credit Assistance Under the Water Infrastructure Finance and Innovation Act (WIFIA) Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of funding availability (NOFA).

SUMMARY: In the Further Consolidated Appropriations Act, 2021, signed by the President on December 27, 2020, Congress provided \$54.5 million in budget authority for the Water Infrastructure Finance and Innovation Act of 2014 (WIFIA) program to cover the subsidy required to provide a much larger amount of credit assistance. The Environmental Protection Agency (EPA or Agency) estimates that this budget authority may provide approximately \$5.5 billion in credit assistance and may finance approximately \$11 billion in water infrastructure investment. The purpose of this NOFA is to solicit letters of interest (LOIs) from prospective borrowers seeking credit assistance from EPA. EPA will evaluate and select proposed projects described in the LOIs using the selection criteria established in statute and regulation, and further described in this NOFA as well as the WIFIA program handbook. This NOFA establishes relative weights that will be used in the current LOI submittal period for the selection criteria, explains budgetary scoring factors to determine budgetary scoring compliance, and outlines the process that prospective borrowers should follow to be considered for WIFIA credit assistance. In addition, EPA reserves the right to make additional awards using FY 2021 appropriated funding or available carry-over resources, consistent with Agency policy and guidance, if additional funding is available after the original selections are made. This could include holding a subsequent selection round.

DATES: The LOI submittal period will begin on April 30, 2021, and end at 11:59 p.m. EDT on July 23, 2021.

ADDRESSES: Prospective borrowers should submit all LOIs electronically via email at: wifia@epa.gov or via EPA's SharePoint site. To be granted access to the SharePoint site, prospective borrowers should contact wifia@epa.gov and request a link to the SharePoint site, where they can securely upload their LOIs. Requests to upload documents should be made no later than 5:00 p.m. EDT on July 21, 2021.

EPA will notify prospective borrowers that their LOI has been received via a confirmation email.

Prospective borrowers can access additional information, including the WIFIA program handbook and application materials, on the WIFIA website: <https://www.epa.gov/wifia/>.

SUPPLEMENTARY INFORMATION: For a project to be considered during a selection round, EPA must receive an LOI, via email or SharePoint, before the corresponding deadline listed above. EPA is only able to accept emails of 25

MB or smaller with unzipped attachments (EPA cannot accept zipped files). If necessary due to size restrictions, prospective borrowers may submit attachments separately, as long as they are received by the deadline.

When writing an LOI, prospective borrowers should fill out the WIFIA LOI form and follow the guidelines contained on the WIFIA program website: <https://www.epa.gov/wifia/wifia-application-materials>. Prospective borrowers should provide the LOI and any attachments as Microsoft Word documents or searchable PDF files, whenever possible, to facilitate EPA's review. Additionally, prospective borrowers should ensure that financial information, including the pro forma financial statement, is in a formula-based Microsoft Excel document. Section VI of this NOFA provides additional details on the LOI's content.

EPA will invite each prospective borrower whose project proposal is selected for continuation in the process to submit a final application. Final applications should be received by EPA within 365 days of the invitation to apply, but EPA may extend the deadline on a case-by-case basis if the LOI schedule signals additional time may be needed.

EPA will host a series of webinars to provide further information about submitting an LOI. The webinar schedule and registration instructions can be found on the WIFIA program website: www.epa.gov/wifia.

Prospective borrowers with questions about the program or interest in meeting with the WIFIA program staff may send a request to wifia@epa.gov. EPA will meet with all prospective borrowers interested in discussing the program, but only prior to submission of an LOI.

I. Background

Congress enacted WIFIA as part of the Water Resources Reform and Development Act of 2014 (WRRDA). Codified at 33 U.S.C. 3901-3914, WIFIA authorizes a federal credit program for water infrastructure projects to be administered by EPA. WIFIA authorizes EPA to provide federal credit assistance in the form of secured (direct) loans or
