[EPA-OAR-2011-0371; FRL-10023-35-OMS]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; National Volatile Organic Compound Emission Standards for Architectural Coatings (Renewal)**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an Information Collection Request (ICR), National Volatile Organic Compound Emission Standards for Architectural Coatings (EPA ICR Number 1750.09, OMB Control Number 2060-0393) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). This is a proposed extension of the ICR, which is currently approved through June 30, 2021. Public comments were previously requested via the **Federal Register** on September 16, 2020, during a 60-day comment period. This document allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 1, 2021.

ADDRESSES: Submit your comments to EPA, referencing Docket ID No. EPA-OAR-2011-0371, online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under

30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: J. Kaye Whitfield, Sector Policies and Programs Division, Office of Air Quality Planning and Standards (D243-04), Research Triangle Park, North Carolina 27711, telephone number: 919-541-2509; fax number: 919-541-4991; email address: whitfield.kaye@epa.gov.

SUPPLEMENTARY INFORMATION: Supplementary documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov/>. The docket can be viewed online at <http://www.regulations.gov/>, or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is (202) 566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The EPA is required under section 183(e) of the Clean Air Act (CAA) to regulate volatile organic compound (VOC) emissions from the use of consumer and commercial products. Pursuant to CAA section 183(e)(3), the EPA published a list of consumer and commercial products and a schedule for their regulation (60 FR 15264). Architectural and industrial maintenance coatings are included on the list, and the standards for such coatings are codified at 40 CFR part 59, subpart D which specifies that manufacturers and importers of architectural coatings adhere to volatile organic compound (VOC) content limits in the regulation. Information collection requirements for manufacturers and importers complying with the VOC content limits consist of product labeling; an initial notification report, which includes an explanation of any date code used; and subsequent explanations of any date codes revised after submittal of the initial report. The regulation does not contain any additional reporting or recordkeeping requirements unless a manufacturer or importer chooses to comply through one of the optional provisions in lieu of meeting the VOC content limits (*i.e.*, the tonnage exemption, exceedance fee, or recycled coating credit provisions).

Form numbers: None.

Respondents/affected entities: Respondents are manufacturers, distributors, and importers of architectural coatings.

Respondent's obligation to respond: Mandatory under 40 CFR part 59,

subpart D—National Volatile Organic Compound Emission Standards for Architectural Coatings.

Estimated number of respondents: 500 (total).

Frequency of response: On occasion.
Total estimated burden: 14,661 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,481,441 (per year). There are no annualized capital or operation and maintenance costs.

Changes in the estimates: Labor rates have been updated using 2019 values, leading to an increase in the total estimated respondent cost burden compared with the ICR currently approved by OMB.

Courtney Kerwin,

Director, Regulatory Support Division.

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Indiana**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: This notice announces the Environmental Protection Agency's (EPA) approval of the State of Indiana's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA approves the authorized program revisions/modifications as of April 30, 2021.

FOR FURTHER INFORMATION CONTACT: Shirley M. Miller, CROMERR Program Manager, U.S. Environmental Protection Agency, Office of Information Management, Mail Stop 2824T, 1200 Pennsylvania Avenue NW, Washington, DC 20460, (202) 566-2908, miller.shirley@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic

reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On July 21, 2020, the Indiana Department of Environmental Management (IDEM) submitted an application titled IDEM Modernized Enterprise System for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed IDEM's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the applications met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Indiana's request to revise/modify its following EPA-authorized programs under 40 CFR parts 60, 63, 70, 123, 403, 271 and 281, to allow electronic reporting under 40 CFR parts 60, 61, 63, 64, 65, 70, 122, 125, 403–471, 260–270, 272–279, and 280 is being published in the **Federal Register**:

Part 60: Standards of Performance for New Stationary Sources (NSPS/CAR/Clean Air Act Title III) Reporting under CFR 60 & 65

Part 63: National Emission Standards for Hazardous Air Pollutants for Source Categories (NESHAP MACT/Clean Air Act Title III) Reporting under CFR 61, 63 & 65

Part 70: State Operating Permit Programs (Clean Air Act Title V) Reporting under CFR 64 & 70

Part 123: EPA-Administered Permit Programs: the National Pollutant Discharge Elimination System (NPDES) Reporting under CFR 122 & 125

Part 403: General Pretreatment Regulations for Existing and New Sources of Pollution Reporting under CFR 403–471

Part 271: Requirements for Authorization of State Hazardous Waste Programs (RCRA Subtitle C) Reporting under CFR 260–270, 272–279

Part 281: Technical Standards and Corrective Action Requirements for Owners and Operators of Underground Storage Tanks (UST) Reporting under CFR 280
IDEM was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: February 19, 2021.

Jennifer Campbell,

Director, Office of Information Management.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; EPA's Light-Duty In-Use Vehicle Testing Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), EPA's Light-Duty In-Use Vehicle Testing Program (EPA ICR Number 0222.12, OMB Control Number 2060–0086) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through June 30, 2021. Public comments were previously requested via the **Federal Register** on October 9, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 1, 2021.

ADDRESSES: Submit your comments to EPA, referencing Docket ID No. EPA–

HQ–OAR–2010–0690, online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: EPA has an ongoing program to evaluate the emissions performance of light-duty motor vehicles (*i.e.*, passenger cars and light trucks) after they have been introduced into commerce. This program, known as EPA's “in-use” program, operates in conjunction with other motor vehicle emissions testing programs conducted by the Agency and the light-duty motor vehicle manufacturers. These other test programs include confirmatory certification testing of prototype vehicles by manufacturers and EPA and the mandatory manufacturer in-use verification program (IUVP.) The Clean Air Act directs EPA to ensure that motor vehicles comply with emissions requirements throughout their useful
