Civil Penalty Amounts

AGENCY: Department of Transportation (DOT or the Department).

ACTION: Final rule.

SUMMARY: In accordance with the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, this final rule provides the 2021 inflation adjustment to civil penalty amounts that may be imposed for violations of certain DOT regulations. In

addition, this rule amends the Federal Aviation Administration regulations to set forth the new civil penalties established in Division V, Title I of the Consolidated Appropriations Act, 2021. The rule also corrects a rounding error in an FAA penalty.

DATES: Effective May 3, 2021.

Elizabeth Kohl, Attorney-Advisor, Office of the General Counsel, U.S. Department of Transportation, 1200 New Jersey Ave. SE, Washington, DC 20590, elizabeth.kohl@dot.gov.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

This rule implements the Federal Civil Penalties Inflation Adjustment Act of 1990 (FCPIAA), Public Law 101-410, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (2015 Act), Public Law 114-74, 129 Stat. 599, codified at 28 U.S.C. 2461 note. The FCPIAA and the 2015 Act require Federal agencies to adjust minimum and maximum civil penalty amounts for inflation to preserve their deterrent impact. The 2015 Act amended the formula and frequency of inflation adjustments. It required an initial catch-up adjustment in the form of an interim final rule, followed by annual adjustments of civil penalty amounts using a statutorily mandated formula. Section 4(b)(2) of the 2015 Act specifically directs that the annual adjustment be accomplished through final rule without notice and comment. This rule is effective immediately.

This rule also implements the authority to assess civil penalties for violations of requirements concerning certificates issued by the FAA and for interference with the duties of organization designation authorization unit members. These civil penalties were established in the Consolidated Appropriations Act, 2021, Public Law 116-260 (December 27, 2020), and are codified at 49 U.S.C. 44704 and 44742, respectively.

The Department's authorities over the specific civil penalty regulations being amended by this rule are provided in the preamble discussion below.

I. Background

On November 2, 2015, the President signed into law the 2015 Act, which amended the FCPIAA, to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The 2015 Act requires Federal agencies to: (1) Adjust the level of civil monetary penalties with an initial "catch-up" adjustment through an interim final rule

(IFR); and (2) make subsequent annual adjustments for inflation.

The 2015 Act directed the Office of Management and Budget (OMB) to issue guidance on implementing the required annual inflation adjustment no later than December 15 of each year.¹ On December 23, 2020, OMB released this required guidance, in OMB Memorandum M-21-10, which provides instructions on how to calculate the 2021 annual adjustment. To derive the 2021 adjustment, the Department must multiply the maximum or minimum penalty amount by the percent change between the October 2020 Consumer Price Index for All Urban Consumers (CPI-U) and the October 2019 CPI-U. In this case, as explained in OMB Memorandum M-21-10, the percent change between the October 2020 CPI-U and the October 2019 CPI-U is 1.01182.

II. Issuance of a Final Rule

This final rule is being published without notice and comment and with an immediate effective date.

The 2015 Act provides clear direction for how to adjust the civil penalties, and clearly states at section 4(b)(2) that this adjustment shall be made "notwithstanding section 553 of title 5, United States Code." By operation of the 2015 Act, DOT must publish an annual adjustment by January 15 of every year, and the new levels take effect upon publication of the rule. In addition, as noted previously in the discussion of the authority for this rulemaking, Division V, Title I of the Consolidated Appropriations Act, 2021 provides explicit authority to assess civil penalties for violations of 49 U.S.C. 44704 and 44742. The rule also corrects a rounding error in an FAA penalty. DOT does not have discretion with regard to effectuating the updates resulting from the changes to its authority, and the mathematical correction simply fixes a *de minimis* error of \$3 for the maximum penalty.

Accordingly, DOT is publishing this final rule without prior notice and comment, and with an immediate effective date.

III. Discussion of the Final Rule

In 2016, OST and DOT's operating administrations with civil monetary penalties promulgated the "catch up" IFR required by the 2015 Act. All DOT operating administrations have already finalized their "catch up" IFRs and this rule makes the annual inflation adjustment required by the 2015 Act.

¹ 28 U.S.C. 2461 note.

The Department emphasizes that this rule adjusts penalties prospectively, and therefore the penalty adjustments made by this rule will apply only to violations that take place after this rule becomes

effective. This rule also does not change previously assessed or enforced penalties that DOT is actively collecting or has collected.

A. OST 2021 Adjustments

OST's 2021 civil penalty adjustments are summarized in the chart below.

B. FAA 2021 Adjustments

On December 27, 2020, a new statute amended 49 U.S.C. 44704 to add new civil penalty provisions. Subsection (d) imposes a penalty for a holder of a production certificate who knowingly presents a nonconforming aircraft for issuance of an initial airworthiness certificate.² Subsection (e) allows for the assessment of a civil penalty against an applicant for or holder of a type certificate for knowing violations of § 44704(e)(1)–(3).³ The maximum penalty amount for both of these violations is \$1,000,000. In accordance

with OMB Memorandum M–16–06, these penalty levels will not be adjusted because they have been in effect for less than a year.

The new statute also authorized civil penalties against individuals acting on behalf of an applicant for or holder of a type certificate for knowingly making a false statement with respect to any of the matters described in § 44704(e)(1)(A)–(E).⁴ Here, however, the statute used the preexisting civil penalty authority in 49 U.S.C. 46301 rather than creating a new maximum civil penalty. The adjustment of the

penalties in § 46301 thus covers this amendment to § 44704.

Moreover, the new law authorized civil penalties for any supervisor of an organization designation authorization (“ODA”) holder who interferes with any ODA unit member’s performance of authorized functions.⁵ This new law imposes the civil penalty under the authority of 49 U.S.C. 46301(a)(1), so the applicable maximum civil penalty is already included in the FAA’s adjustments in this final rule.

Other 2021 adjustments are summarized in the chart below.

In addition to the civil penalties listed in the above charts, FAA regulations also provide for maximum civil penalties for violations of 49 U.S.C. 47528–47530, relating to the prohibition of operating certain aircraft not complying with stage 3 noise levels.

Those civil penalties are identical to the civil penalties imposed under 49 U.S.C. 46301(a)(1) and (a)(5), which are detailed in the above chart, and therefore, the noise-level civil penalties will be adjusted in the same manner as

the § 46301(a)(1) and (a)(5) civil penalties.

Regulatory Analysis and Notices

A. Executive Order 12866 and DOT Regulatory Policies and Procedures

This final rule has been evaluated in accordance with existing policies and procedures and is considered not significant under Executive Orders 12866 and DOT's Regulatory Policies and Procedures; therefore, the rule has not been reviewed by the Office of Management and Budget (OMB) under Executive Order 12866.

B. Regulatory Flexibility Analysis

The Department has determined the Regulatory Flexibility Act of 1980 (RFA) (5 U.S.C. 601, *et seq.*) does not apply to this rulemaking. The RFA applies, in pertinent part, only when "an agency is required . . . to publish general notice of proposed rulemaking." 5 U.S.C. 604(a).⁸ The Small Business Administration's *A Guide for Government Agencies: How to Comply*

⁸ Under 5 U.S.C. 603(a), the Regulatory Flexibility Act also applies when an agency "publishes a notice of proposed rulemaking for an interpretative rule involving the internal revenue laws of the United States." However, this rule does not involve the internal revenue laws of the United States.

with the Regulatory Flexibility Act (2012), explains that:

If, under the [Administrative Procedure Act (APA)] or any rule of general applicability governing federal grants to state and local governments, the agency is required to publish a general notice of proposed rulemaking (NPRM), the RFA must be considered [citing 5 U.S.C. 604(a)]. . . . If an NPRM is not required, the RFA does not apply.

As stated above, DOT has determined that good cause exists to publish this final rule without notice and comment procedures under the APA. Therefore, the analytical requirements of the RFA do not apply.

C. Executive Order 13132 (Federalism)

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 ("Federalism"). This regulation has no substantial direct effects on the States, the relationship between the National Government and the States, or the distribution of power and responsibilities among the various levels of government. It does not contain any provision that imposes substantial direct compliance costs on State and local governments. Therefore, the

consultation and funding requirements of Executive Order 13132 do not apply.

D. Executive Order 13175

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. Because none of the measures in the rule have tribal implications or impose substantial direct compliance costs on Indian tribal governments, the funding and consultation requirements of Executive Order 13175 do not apply.

E. Paperwork Reduction Act

Under the Paperwork Reduction Act, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the **Federal Register** providing notice of and a 60-day comment period on, and otherwise consult with members of the public and affected agencies concerning, each proposed collection of information. This final rule imposes no new information reporting or record keeping necessitating clearance by OMB.

F. National Environmental Policy Act

The Department has analyzed the environmental impacts of this final rule pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321, *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, Procedures for Considering Environmental Impacts (44 FR 56420, Oct. 1, 1979 as amended July 13, 1982 and July 30, 1985). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). See 40 CFR 1508.4. In analyzing the applicability of a categorical exclusion, the agency must also consider whether extraordinary circumstances are present that would warrant the preparation of an EA or EIS. *Id.* Paragraph 4(c)(5) of DOT Order 5610.1C incorporates by reference the categorical exclusions for all DOT Operating Administrations. This action qualifies for a categorical exclusion in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, (80 FR 44208, July 24, 2015), paragraph 5–6.6.f, which covers regulations not expected to cause any potentially significant environmental impacts. The Department does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this final rule.

G. Unfunded Mandates Reform Act

The Department analyzed the final rule under the factors in the Unfunded Mandates Reform Act of 1995. The Department considered whether the rule includes a Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation) in any one year. The Department has determined that this final rule will not result in such expenditures. Accordingly, no further assessment or analysis is required under the Unfunded Mandates Reform Act.

SUPPLEMENTARY INFORMATION:

Background

Current Rule

On April 25, 2011, the Department published the “Enhancing Airline Passenger Protections” rule to improve the air travel environment for passengers.¹ Under this rule, carriers are required to adopt and adhere to tarmac delay contingency plans. DOT’s regulations require that these plans contain assurances that covered carriers will not allow aircraft to remain on the tarmac for more than 3 hours for domestic flights and 4 hours for international flights without providing passengers the option to deplane, subject to exceptions related to safety, security, and Air Traffic Control related reasons. Carriers’ plans must also contain assurances that carriers will provide adequate food and drinking water within 2 hours of the aircraft being delayed on the tarmac, provide notifications regarding the status of the delay and the opportunity to deplane if the opportunity to deplane exists, maintain operable lavatories and, if necessary, provide medical attention.

FAA Extension, Safety and Security Act

Section 2308 of the FAA Extension, Safety, and Security Act of 2016, Public Law 114-190 (FAA Extension Act) requires the Department to issue regulations and take other actions necessary to carry out the amendments made by Section 2308. These amendments include new language requiring air carriers to begin to return an aircraft to a suitable disembarkation point no later than 3 or 4 hours after the main aircraft door is closed for departure. In response to the FAA Extension Act, the Department’s Office of Aviation Enforcement and Proceedings (renamed the Office of Aviation Consumer Protection, or OACP) issued an “Enforcement Policy on Extended Tarmac Delays” (Enforcement Policy)² on November 22, 2016. The Enforcement Policy states that, as a matter of enforcement discretion, the Department will not take enforcement action against U.S. and
