information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Reaffirmation Agreement.

OMB Control Number: 1845–0133.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: Individuals and Households; Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 12,110.

Total Estimated Number of Annual Burden Hours: 1,453.

Abstract: The Higher Education Act of 1965, as amended (HEA), established the Federal Family Education Loan (FFEL) Program, and the William D. Ford Federal Direct Loan (Direct Loan) Program under Title IV, Parts B and D respectively. The HEA provides for a maximum loan amount that a borrower can receive per year and in total. If a borrower receives more than the maximum amount, the borrower becomes ineligible for further Title IV aid (including Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, Federal Work-Study, and Teacher Education Assistance for Higher Education (TEACH) Grants, Iraq and Afghanistan Service Grants) unless the borrower repays the excess amount or agrees to repay the excess amount according to the terms and conditions of the promissory note that the borrower signed. Agreeing to repay the excess amount according to the terms and conditions of the promissory note that the borrower signed is called “reaffirmation”, which is the subject of this collection.

Kate Mullan,
PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Notice of Intent To Grant Exclusive License

AGENCY: Office of the General Counsel, Department of Energy.

ACTION: Notice of intent to grant exclusive patent license.

SUMMARY: The Department of Energy (DOE) hereby gives notice that DOE intends to grant an exclusive license to practice the invention described and claimed in U.S. Patent Application Number 16/895,188 titled “Colorimetric Detection of Actinides” and the resulting patent(s) to Innovyz USA LLC, a company having its principal place of business at Chicago, IL. The patent application is owned by United States of America, as represented by DOE.

DATES: Written comments, objections, or nonexclusive license applications must be received at the address listed by May 19, 2021.

ADDRESSES: Comments, applications for nonexclusive licenses, or objections relating to the prospective exclusive license should be submitted to Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Room 6F–067, 1000 Independence Ave. SW, Washington, DC 20585, or emailed to: marianne.lynch@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Marianne Lynch, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Room 6F–067, 1000 Independence Ave. SW, Washington, DC 20585; Email: marianne.lynch@hq.doe.gov; and Phone: (202) 586–3815.

SUPPLEMENTARY INFORMATION: This notice, issued in accordance with 35 U.S.C. 209(c)(1), 37 CFR 407(a)(1)(i) and 35 U.S.C. 209(c), gives DOE the authority to grant exclusive or partially exclusive licenses in federally-owned inventions where a determination is made, among other things, that the desired practical application of the invention has not been achieved, or is not likely to be achieved expeditiously, under a nonexclusive license. The statute and implementing regulations (37 CFR 404) require that the necessary determinations be made after public notice and opportunity for filing written comments and objections. The prospective exclusive license complies with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Innovyz USA LLC has applied for an exclusive license to practice the inventions embodied in the patent application and has plans for commercialization of the inventions.

Within 15 days of publication of this notice, any person may submit in writing to DOE’s General Counsel for Intellectual Property and Technology Transfer Office (contact information listed in the ADDRESSES section), either of the following, together with supporting documents: (i) A statement setting forth reasons why it would not be in the best interest of the United States to grant the proposed license; or (ii) An application for a nonexclusive license to the invention, in which applicant states that it already has brought the invention to practical application or is likely to bring the invention to practical application expeditiously.

The proposed license would be exclusive, subject to a license and other rights retained by the United States, and subject to a negotiated royalty. DOE will review all timely written responses to this notice, and will grant the licenses if, after expiration of the 15-day notice period, and after consideration of any written responses to this notice, a determination is made in accordance with 35 U.S.C. 209(c) that the licenses are in the public interest.

Signing Authority

This document of the Department of Energy was signed on April 26, 2021, by Brian Lally, Assistant General Counsel for Technology Transfer and Intellectual Property, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the Federal Register.
Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Application Type: Application for surrender of license.

c. Date Filed: March 31 and April 8, 2021.

d. Applicant: Kennebec Light and Power District.

e. Name of Project: Lower Mousam Hydroelectric Project.

f. Location: The project is located on the Mousam River in York County, Maine. The project does not occupy any federal lands.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. 791a–825r.

h. Applicant Contact: Todd Shea, General Manager, Kennebunk Light and Power District, 4 Factory Pasture Lane, Kennebunk, ME 04043, 207–985–3311 or tshea@klpd.org.

i. FERC Contact: Diana Shannon, (202) 502–6136, diana.shannon@ferc.gov.

j. Deadline for filing comments, motions to intervene, and protests: May 21, 2021.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission’s eFiling system at http://www.ferc.gov/docs-filing/efiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERConlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P–5362–021. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission’s Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. Description of Request: The applicant proposes to surrender its license which expires March 31, 2022. The applicant indicates that more reliable and cost-effective sources of electricity are available, and the project is no longer cost-effective to operate. The applicant proposes to decommission the project by removing all flashboards, disconnecting leads from generators, removing all generation and electrical equipment, as well securing each project development with fencing. The dams would remain in place and no ground disturbing activities would occur.

l. Locations of the Application: This filing may be viewed on the Commission’s website at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at http://www.ferc.gov/docs-filing/subscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1–866–208–3676 or email FERConlineSupport@ferc.gov, or TTY, call (202) 502–8659. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission’s mailing list should so indicate by writing to the Secretary of the Commission.
