

comments the drawtender receives by the waterway users. Caltrans will also document any benefits to land traffic during this period.

By requiring vessel operators to plan in advance for an opening of the drawspan, it is anticipated the expected impacts to navigation during this test deviation will be minimal. Vessels that can transit the bridge, while closed, can continue to do so at any time. The Coast Guard will notify the boating public and all other interested parties by formal letter sent to all marinas within 25 miles of the bridge. There is no alternative route for vessels requiring an opening of the drawspan.

The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

III. Information Requested

We are seeking comments from waterway users to understand the impacts of the contemplated change to the operating schedule of Caltrans Route 4 highway bridge, across Old River, mile 14.8, between Victoria Island and Byron Tract, California.

IV. Public Participation and Request for Comments

We encourage you to submit comments through the Federal portal at <https://www.regulations.gov>. In your submission, please include the docket number for this notice of inquiry and provide a reason for each suggestion or recommendation. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Documents mentioned in this temporary deviation as being available in this docket, and all public comments, will be in our online docket at [https://](https://www.regulations.gov)

www.regulations.gov and can be viewed by following that website's instructions. We review all comments received, but we may choose not to post off-topic, inappropriate, or duplicate comments that we receive. If you visit the online docket and sign up for email alerts, you will be notified when comments are posted or if a final rule is published.

This document is issued under authority of 5 U.S.C. 552 (a).

Dated: April 23, 2021.

Carl T. Hausner,

District Bridge Chief, Eleventh Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2021-0290]

RIN 1625-AA00

Safety Zone; Gulf of Mexico, Port Fourchon, LA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all navigable waters within a one nautical mile radius around a capsized vessel in the Gulf of Mexico, near Port Fourchon, LA. The temporary safety zone is needed to protect life and property during emergency salvage operations surrounding the capsized vessel. Entry of vessels or persons into this zone and movement of vessels within this zone is prohibited unless specifically authorized by the Captain of the Port Marine Safety Unit Houma or a designated representative.

DATES: This rule is effective without actual notice from May 3, 2021 through June 15, 2021. For the purposes of enforcement, actual notice will be used from April 27, 2021 until May 3, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2021-0290 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Commander Anthony Romero, Waterways Management, U.S.

Coast Guard; telephone 985-850-6471, email: Anthony.A.Romero@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. A safety zone is necessary to facilitate search and rescue and salvage operations surrounding a capsized vessel. Immediate action is needed to respond to the potential safety hazards associated with recovery salvage operations. We must establish this safety zone by April 27, 2021 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be against the public interest because immediate action is needed to continue ongoing search and rescue and salvage operations.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Marine Safety Unit Houma (COTP) has determined that potential hazards associated with the response operations on April 27, 2021, will be a safety concern for anyone within a one nautical mile radius around the capsized vessel in the South Timbalier Block 22 of the Gulf of Mexico at position 29°00'25.7877" N, 090°11'52.9852" W. This rule is needed to protect life and property on the navigable waters while response operations are ongoing.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from April 27, 2021 through June 15, 2021. The safety zone will cover all navigable waters within a one nautical mile radius around position 2900'25.7877" N, 09011'52.9852 W, in South Timbalier Block 22 of the Gulf of Mexico, near Port Fouchon, LA. The duration of the zone is intended to protect life and property on these navigable waters for the duration of emergency response operations related to the capsized vessel. No vessel or person will be permitted to enter and move within the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Marine Safety Unit Houma. Vessels requiring entry into this safety zone must request permission from the COTP or a designated representative. They may be contacted on VHF-FM Channel 16 or 67. Persons and vessels permitted to enter or to move within this safety zone must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative. The COTP or a designated representative will inform the public of the enforcement periods and changes through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the limited scale of the safety zone and the ease of vessel traffic navigating around said zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the temporary safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of

power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry within a one nautical mile radius of vessels and machinery being used by personnel response operations to a capsized vessel. It is categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is not required but will be available in the docket if necessary. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to call or email the person listed in the **FOR FURTHER**

INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T08–0290 to read as follows:

§ 165.T08–0290 Safety Zone; Gulf of Mexico, Port Fourchon, LA.

(a) *Location.* The following area is a safety zone: All navigable waters within a one nautical mile radius of the capsized vessel and emergency response operations taking place at 29°11'25.7877" N, 090°11'52.9852" W.

(b) *Effective period.* This section is effective without actual notice from May 3, 2021 through June 15, 2021. For the purposes of enforcement, actual notice will be used from April 27, 2021 until May 3, 2021.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry into or remaining within this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit (COTP) or designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard (USCG) assigned to units under the operational control of USCG Marine Safety Unit Houma.

(2) Vessels requiring entry into this safety zone must request permission from the COTP or a designated representative. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (985) 850–6471.

(3) Persons and vessels permitted to enter this safety zone must transit at their slowest safe speed and comply with all lawful directions issued by COTP or the designated representative.

(d) *Information broadcasts.* The COTP or a designated representative will inform the public of the enforcement times and date for this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners

(LNM)s, and/or Marine Safety Information Bulletins (MSIB)s as appropriate.

Dated: April 27, 2021.

J.W. Russell,

Captain, U.S. Coast Guard, Captain of the Port, Marine Safety Unit Houma.

BILLING CODE 9110–04–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 2, 15, 90 and 95

[ET Docket No. 19–138; FCC 20–164; FR ID 17510]

Use of the 5.850–5.925 GHz Band

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) adopts revised rules to repurpose the lower 45 megahertz of the 5.850–5.925 GHz band (5.9 GHz band) for the expansion of unlicensed mid-band spectrum operations, while retaining the upper 30 megahertz of spectrum in the 5.9 GHz band for intelligent transportation system (ITS) operations. Splitting the 5.9 GHz band between unlicensed and ITS uses is intended to optimize use of the spectrum resources in the 5.9 GHz band to fully and effectively serve the American people, providing access to additional spectrum for unlicensed use to help meet the growing demand for wireless broadband, while retaining spectrum for ITS use to meet current and future ITS needs within the transportation and vehicular-safety related ecosystem. The Commission modified the *First Report and Order* and *Order of Proposed Modification* released on November 20, 2020, with an Erratum released on December 11, 2020. The Commission released a Second Erratum on February 9, 2021. The corrections from these errata are included in this document.

DATES: Effective July 2, 2021, except for § 90.372, which is delayed indefinitely. The Commission will publish a document in the **Federal Register** announcing the effective date for § 90.372. The incorporation by reference of certain publications listed in the rules is approved by the Director of the Federal Register as of July 2, 2021.

FOR FURTHER INFORMATION CONTACT: Jamie Coleman, Chief, Spectrum Policy Branch, Office of Engineering and Technology, at (202) 418–2705 or

Jamie.Coleman@fcc.gov. For information regarding the PRA information collection requirements contained in this PRA, contact Nicole Ongele, Office of Managing Director, at (202) 418–2991 or *Nicole.Ongele@fcc.gov.*

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *First Report and Order* and *Order of Proposed Modification*, ET Docket No. 19–138, FCC 20–164, adopted November 18, 2020, and released November 20, 2020. This document is available by downloading the text from the Commission's website at <https://docs.fcc.gov/public/attachments/FCC-20-164A1.pdf>. When the FCC Headquarters reopens to the public, the full text of this document also will be available for public inspection and copying during regular business hours in the FCC Reference Center, 45 L Street NE, Washington, DC 20554. Alternative formats are available for people with disabilities (Braille, large print, electronic files, audio format) by sending an email to FCC504@fcc.gov or calling the Commission's Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), (202) 418–0432 (TTY).

Final Regulatory Flexibility Analyses

The Regulatory Flexibility Act of 1980, as amended (RFA) requires that an agency prepare a regulatory flexibility analysis for notice and comment rulemakings, unless the agency certifies that “the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities.” As required by the RFA, an Initial Regulatory Flexibility Analysis (IRFA) was incorporated in the *Notice of Proposed Rulemaking (NPRM)* (85 FR 6841, Feb. 6, 2020). The Commission sought written public comment on the proposals in the *NPRM*, including comments on the IRFA. No comments were filed addressing the IRFA. Accordingly, the Commission has prepared a Final Regulatory Flexibility Analysis (FRFA) concerning the possible impact of the rule changes contained in this *First Report and Order* on small entities. This present FRFA conforms to the RFA.

Paperwork Reduction Act

The requirements in § 90.372 constitute new or modified collections subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104–13. They will be submitted to the Office of Management and Budget (OMB) for review under section 3507(d) of the PRA. OMB, the general public, and
