Since March 1, 2021, there have been no new confirmed EVD cases reported in the DRC and all contacts of cases that were being monitored for EVD have passed the 21-day incubation period. With no new cases reported in the past 42 days (2 incubation periods) no remaining hospitalized patients with EVD, and no contacts of confirmed EVD cases still requiring monitoring, the potential risk for Ebola virus exposure in the DRC has greatly diminished. Therefore, CDC no longer requires contact information from passengers who were departing from or were otherwise present in the DRC.

For these reasons, I hereby determine that airline travelers destined for the United States who are departing from, or were otherwise present in, the DRC in the past 21 days are no longer at risk of exposure to Ebola virus. Therefore, all requirements of the Order pertaining to airlines, aircraft operators, and passengers destined for the United States and departing from or who were otherwise present in the DRC are hereby rescinded.

All requirements of the March 2, 2021 Order pertaining to Guinea remain in effect due to a recently confirmed case. The most recent case of EVD in Guinea was confirmed on April 3, 2021.

CDC may modify this Order by an updated publication in the Federal Register or by posting an advisory to follow at www.cdc.gov.

In testimony whereof, the Director, Centers for Disease Control and Prevention, United States Department for Health and Human Services, has hereunto set her hand at Atlanta, Georgia, this 29 day of April 2021.

Sherri Berger, Acting Chief of Staff, Centers for Disease Control and Prevention.

Barbara Demopoulos, Privacy Officer, Division of Security, Privacy Policy and Governance, Office of Information Technology, Centers for Medicare & Medicaid Services.

**Participating Agencies**

The Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS) is the recipient agency, and the Office of Personnel Management (OPM) is the source agency.

**Authority for Conducting the Matching Program**

The principal authority for conducting the matching program is 42 U.S.C. 18001 et seq.

**Purpose(s)**

The purpose of the matching program is to provide CMS with OPM data which CMS and state Administering Entities (AEs) need to determine individuals’ eligibility for financial assistance in
paying for private health insurance coverage, under provisions of the Patient Protection and Affordable Care Act. In this matching program, OPM provides CMS with monthly data identifying each active federal employee’s status as enrolled in or eligible for coverage under an OPM Health Benefit Plan, and an annual premium spread index file identifying the lowest premium available to a federal employee in each of 32 premium localities. CMS and AEs use the OPM data to verify whether an individual who is applying for or is enrolled in private health insurance coverage under a qualified health plan through a federally-facilitated or state-based health insurance exchange is eligible for coverage under an OPM health benefit plan, for the purpose of determining if the individual is eligible for financial assistance (including an advance tax credit and cost sharing reduction, which are types of insurance affordability programs) in paying for the private coverage. OPM health benefit plans provide minimum essential coverage, and eligibility for such plans precludes eligibility for financial assistance in paying for private coverage.

Categories of Individuals

The categories of individuals whose information is involved in the matching program are:

- Active federal employees; and
- Consumers who apply for or are enrolled in a qualified health plan through an exchange established under the Patient Protection and Affordable Care Act and receive determinations of eligibility for insurance affordability programs.

Categories of Records

The categories of records used in the matching program are identity information about the above consumers, which are maintained by CMS, and identity information and minimum essential coverage period records about all active federal employees, and annual premium information, maintained by OPM. The data elements provided to CMS by OPM are as follows:

- Monthly status file:
  - Record type;
  - Record number;
  - Unique person ID;
  - Social security number;
  - Last name;
  - Middle name;
  - First name;
  - Last name suffix;
  - Gender;
  - Date of birth; and
  - Health plan code.
- Annual Premium Spread Index File:
  - State;
  - Plan;
  - Option;
  - Enrollment code;
  - Current total bi-weekly premium;
  - Future total bi-weekly premium;
  - Future government pays bi-weekly premium;
  - Future employee pays bi-weekly premium;
  - Future change in employee payment bi-weekly premium;
  - Current total monthly premium;
  - Future total monthly premium;
  - Future government pays monthly premium;
  - Future employee pays monthly premium; and
  - Future change in employee payment monthly premium.

CMS will not send any data about individual applicants or enrollees to OPM in order to receive this data from OPM.

System(s) of Records

The records used in the matching program are maintained in these systems of records:

- OPM/GOVT–1 General Personnel Records, last published in full at 77 FR 73694 (Dec. 11, 2012), and amended at 80 FR 42133 (July 16, 2015) and 80 FR 74815 (Nov. 30, 2015). The disclosures of OPM data to CMS are authorized by Routine Use “rr”.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10215]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS’ intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by July 6, 2021.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. Electronically. You may send your comments electronically to http://www.regulations.gov. Follow the instructions for “Comment or Submission” or “More Search Options” to find the information collection document(s) that are accepting comments.

2. By Regular Mail. You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number: CMS–P–0015A, Room C4–26–05, 7500 Security Boulevard, Baltimore, Maryland 21244–1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

FOR FURTHER INFORMATION CONTACT: William N. Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see ADDRESSES).
