comments provided under the Public Participation section of this notice. Currently, the U.S. Department of Energy and the National Ocean Atmospheric Administration have expressed their intention to participate as cooperating agencies in the preparation of the environmental document to satisfy its NEPA responsibilities related to this project. The U.S. Coast Guard and the U.S. Department of Transportation’s Pipeline and Hazardous Materials Safety Administration would also participate as cooperating agencies.

Consultation Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation’s implementing regulations for section 106 of the National Historic Preservation Act, the Commission is using this notice to initiate consultation with the applicable State Historic Preservation Offices, and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project’s potential effects on historic properties. The environmental document for this project will document our findings on the impacts on historic properties and summarize the status of consultations under section 106.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission’s regulations) who are potential right-of-way grantees, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project and includes a mailing address with their comments. Commission staff will update the environmental mailing list as the analysis proceeds to ensure that Commission notices related to this environmental review are sent to all individuals, organizations, and government entities interested in and/or potentially affected by the planned project.

If you need to make changes to your name/address, or if you would like to remove your name from the mailing list, please complete one of the following steps:

1. Send an email to GasProjectAddressChange@ferc.gov stating your request. You must include the docket number PF21–1–000 in your request. If you are requesting a change to your address, please be sure to include your name and the correct address. If you are requesting to delete your name from the mailing list, please include your name and address as it appeared on this notice. This email address is unable to accept comments. OR

2. Return the attached “Mailing List Update Form” (appendix 2).

Becoming an Intervenor

Once CP2 LNG and CP Express file their applications with the Commission, you may want to become an “intervenor” which is an official party to the Commission’s proceeding. Only intervenors have the right to seek rehearing of the Commission’s decision and be heard by the courts if they choose to appeal the Commission’s final ruling. An intervenor formally participates in the proceeding by filing a request to intervene pursuant to Rule 214 of the Commission’s Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at https://www.ferc.gov/resources/guides/how-to.asp. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal application for the project, after which the Commission will issue a public notice that establishes an intervention deadline.

Additional Information

Additional information about the project is available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on “General Search” and enter the docket number in the “Docket Number” field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

Public sessions or site visits will be posted on the Commission’s calendar located at https://www.ferc.gov/news-events/events along with other related information.

[Project No. 15109–000]

Turnagain Arm Tidal Energy Corp.; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On April 13, 2021, the Turnagain Arm Tidal Energy Corp filed an amended application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the proposed Turnagain Arm Tidal Electric Generation Project (TATEG) No. 15109–000, to be located on Turnagain Arm and adjacent lands of the Municipality of Anchorage and the Kenai Peninsula Borough. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

The proposed project would consist of the following: (1) Six 0.5-mile-long, 300-foot-wide tidal power stations, with five stations containing 40, 10-megawatt (MW) tidal-to-electrical energy generating units and one station containing 42, 10–MW tidal-to-electrical energy generating units for a total installed capacity of 2,420 MW; (2) a transmission network consisting of 29.81 miles of undersea transmission lines connecting the six power stations and coming onshore at Point Campbell in Anchorage and near Possession Point on Kenai Peninsula Borough land; (3) a 7.5-mile-long, aboveground transmission line extending from Point Campbell through South Anchorage to a control building and step-up facility in South Anchorage; (4) a 2.91-mile-long, 230-kilovolt (kV) aboveground transmission line extending from the Anchorage control building to a 40,000-square-foot industrial battery array with

hydroelectric application has been filed
with the Commission and is available
for public inspection:

a. Application Type: Acceleration
of License Term.

b. Project No: 2952–072.

c. Date Filed: August 12, 2020.

d. Applicant: City of Idaho Falls.

e. Name of Project: Gem State
Hydroelectric Project.

f. Location: The project is located on
the Snake River in Bonneville and
Bingham Counties, Idaho and occupies
federal lands administered by the U.S.
Bureau of Land Management.

g. Filed Pursuant to: Federal Power
Act, 16 U.S.C. 791a–825r.

h. Applicant Contact: Richard Malloy,
Compliance Manager, Idaho Falls
Power, 140 S. Capital Avenue, Idaho
Falls, ID 83402, (208) 612–8428,
rmalloy@ifpower.org.

i. FERC Contact: Ashish Desai, (202)
502–8370, Ashish.Desai@ferc.gov.

j. Deadline for filing comments,
motions to intervene, and protests:
May 28, 2021.

The Commission strongly encourages
electronic filing. Please file comments,
motions to intervene, and protests using
the Commission’s eFiling system at http://

page of any filing should include the
docket number P–2952–072. Comments
emailed to Commission staff are not
considered part of the Commission
record.

The Commission’s Rules of Practice
and Procedure require all intervenors
filing documents with the Commission
to serve a copy of that document on
each person whose name appears on
the official service list for the project.
Further, if an intervenor files comments
or documents with the Commission
relating to the merits of an issue that
may affect the responsibilities of a
particular resource agency, they must
also serve a copy of the document on
that resource agency.

k. Description of Request: The City of
Idaho Falls, licensee for the Gem State
Project No. 2952, filed a request with
the Commission to accelerate the term
of the 50-year license for the project,
currently expiring on November 30,
2033. The licensee requests that
expiration of the project license be
accelerated to January 31, 2029 to align
its expiration date with that of the
licensee’s Idaho Falls Project No. 2842,
located immediately upstream on the
Snake River. The licensee states that
aligning the expiration dates for the two
projects would decrease relicensing
costs, increase efficiency of the
relicensing process, and allow
stakeholders to comprehensively
analyze the projects’ effects
simultaneously.

l. Locations of the Application: This
filing may be viewed on the
Commission’s website at http://
