SUMMARY: The Department of the Interior (DOI) is issuing a public notice of its intent to rescind the Bureau of Reclamation (Reclamation) Privacy Act system of records notice, INTERIOR/WBR-11, Identification/Security Cards. SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, Reclamation is rescinding the system of records notice, INTERIOR/WBR-11, Identification/Security Cards, and removing it from its inventory. This system was used to manage physical security operations and access to Reclamation controlled buildings and facilities.

During a review of Reclamation's system of records notices, it was determined that this system is no longer needed since the records are covered by a published Department-wide system of records notice, INTERIOR/DOI-46, Physical Security Access Files, 85 FR 3406 (January 21, 2020). Therefore, Reclamation is rescinding this system of records notice to avoid duplication of existing system of records notices in accordance with the Office of Management and Budget Circular A-108, *Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*.

Rescinding the INTERIOR/WBR-11, Identification/Security Cards, system of records notice will have no adverse impacts on individuals as the records are covered by and maintained under an existing published DOI system of records notice. This rescindment will promote the overall streamlining and management of DOI Privacy Act systems of records. This notice hereby rescinds the INTERIOR/WBR-11, Identification/Security Cards, system of records notice as identified below.

[Investigation Nos. 701-TA-464 and 731-TA-1160 (Second Review)]

Prestressed Concrete Steel Wire Strand from China

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping and countervailing duty orders on prestressed concrete steel wire strand from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on September 1, 2020 (85 FR 54401) and determined on December 7, 2020 that it would conduct expedited reviews (86 FR 18297, April 8, 2021).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on April 29, 2021. The views of the Commission are contained in USITC Publication 5189 (April 2021), entitled *Prestressed Concrete Steel Wire Strand from China: Investigation Nos. 701-TA-464 and 731-TA-1160 (Second Review)*.
