ACTION: Announcement of new funding opportunity, the Interventional Cooperative Agreement Program.

SUMMARY: We are announcing a new funding opportunity, the Interventional Cooperative Agreement Program (ICAP). The purpose of this new program is to allow us to enter into cooperative agreements to collaborate with States, private foundations, and other non-Federal groups and organizations who have the interest and ability to identify, operate, and partially fund interventional research. The Request for Applications is now open on Grants.gov.

SUPPLEMENTARY INFORMATION: ICAP will provide a process through which we can systematically review proposals from outside organizations (including States, private foundations, and other non-Federal groups and organizations) and enter into cooperative agreements with them for collaboration on interventional research. We hope to tap local, external knowledge about potential interventions relevant to beneficiaries who receive Social Security Disability Insurance (SSDI) benefits or recipients of Supplemental Security Income (SSI). ICAP research topics are as follows:

• Examining the structural barriers in the labor market, including for racial, ethnic, or other underserved communities, including people with disabilities, that increase the likelihood of people receiving or applying for SSDI or SSI benefits;

• Promoting self-sufficiency by helping people enter, stay in, or return to the labor force, including children and youth;

• Coordinating planning between private and human services agencies to improve the administration and effectiveness of the SSDI, SSI, and related programs;

• Assisting claimants in underserved communities apply for or appeal determinations or decisions on claims for SSDI and SSI benefits; and

• Conducting outreach to children with disabilities who are potentially eligible to receive SSI, and conducting outreach to their parents and guardians.

For more information, please see the Request for Applications for funding opportunity ICAP–ICA–21–001 on Grants.gov.

The Commissioner of Social Security, Andrew Saul, having reviewed and approved this document, is delegating the authority to electronically sign this document to Faye I. Lipsky, who is the primary Federal Register Liaison for SSA, for purposes of publication in the Federal Register.

Faye I. Lipsky, Federal Register Liaison, Office of Legislation and Congressional Affairs, Social Security Administration.

DEPARTMENT OF STATE

[Public Notice: 11422]

Notice of Determinations; Culturally Significant Objects Being Imported for Exhibition—Determination: “Medieval Treasures from Münster Cathedral” Exhibition

SUMMARY: Notice is hereby given of the following determinations: I hereby determine that certain objects being imported from abroad pursuant to agreements with their foreign owner or custodian for temporary display in the exhibition “Medieval Treasures from Münster Cathedral” at the Cleveland Museum of Art, Cleveland, Ohio, and at possible additional exhibitions or venues yet to be determined, are of cultural significance, and, further, that their temporary exhibition or display within the United States as aforementioned is in the national interest. I have ordered that Public Notice of these determinations be published in the Federal Register.

Matthew R. Lussenhop,
Acting Assistant Secretary, Bureau of
Educational and Cultural Affairs, Department of
State.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Submission Deadline for
Schedule Information for Chicago
O’Hare International Airport, John F.
Kennedy International Airport, Los
Angeles International Airport, Newark
Liberty International Airport, and San
Francisco International Airport for the
Northern Winter 2021/2022 Scheduling
Season

AGENCY: Department of Transportation, Federal Aviation Administration (FAA).

ACTION: Notice of submission deadline.

SUMMARY: Under this notice, the FAA announces the submission deadline of May 13, 2021, for Winter 2021/2022 flight schedules at Chicago O’Hare International Airport (ORD), John F. Kennedy International Airport (JFK), Los Angeles International Airport (LAX), Newark Liberty International Airport (EWR), and San Francisco International Airport (SFO).

DATES: Schedules should be submitted by May 13, 2021.

ADDRESSES: Schedules may be submitted to the Slot Administration Office by email to: 7-AWASlotadmin@faa.gov.

FOR FURTHER INFORMATION CONTACT: Al Meilus, Manager, Slot Administration, AJR–G, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone (202) 267–2822; email Al.Meilus@faa.gov.

SUPPLEMENTARY INFORMATION: This document provides routine notice to carriers serving capacity-constrained airports in the United States, including Chicago O’Hare International Airport (ORD), John F. Kennedy International Airport (JFK), Los Angeles International Airport (LAX), Newark Liberty International Airport (EWR), and San Francisco International Airport (SFO). In particular, this notice announces the deadline for carriers to submit schedules for the Northern Winter 2021/2022 scheduling season. The FAA deadline coincides with the schedule submission deadline established in the International Air Transport Association (IATA) Calendar of Coordination Activities.

General Information for All Airports

The FAA has designated EWR, LAX, ORD, and SFO as IATA Level 2 airports subject to a schedule review process premised upon voluntary cooperation. The FAA has designated JFK as an IATA Level 3 airport consistent with the Worldwide Slot Guidelines (WSG), now generally known as the Worldwide Airport Slot Guidelines (WASG). The FAA currently limits scheduled operations at JFK by order that expires on October 29, 2022. The Northern Winter 2021/2022 scheduling season is from October 31, 2021, through March 26, 2022, in recognition of the IATA winter scheduling period. Notwithstanding that carriers may presently face uncertainty about their operations in light of the COVID–19 pandemic, carriers should plan and submit their schedules under the assumption that no further relief will be granted at Level 2 and Level 3 airports during the Winter 2021/2022 scheduling season. The FAA and the Office of the Secretary will continue to monitor industry developments closely and will announce any possible COVID–19-related relief, if it is deemed necessary, in a separate notice. Any possible relief for the Winter 2021/2022 scheduling season and any possible action to alter the established rules and policies for slot management and schedule facilitation in the United States are not within the scope of this notice. The FAA does, however, understand the need for carriers to plan in advance with as much certainty as possible regarding the applicable regulatory and procedural framework. As the industry gradually recovers, new entrant and other carriers have commenced some operations using capacity that was not being operated by the carriers having historic precedence to that capacity under the waiver policy. The DOT/FAA seeks to facilitate all segments of the industry’s recovery from the pandemic and ensure that the transportation needs of the American people are efficiently met, especially during the economic recovery. Therefore, carriers should not assume further relief will be made available beyond the relief already provided to date through October 30, 2021.

The FAA is primarily concerned about scheduled and other regularly conducted commercial operations during designated hours, but carriers may submit schedule plans for the entire day. The designated hours for the Winter 2021/2022 scheduling season are: at EWR and JFK from 0600 to 2300 Eastern Time (1000 to 0300 UTC), at LAX and SFO from 0600 to 2300 Pacific Time (1300 to 0600 UTC), and at ORD from 0600 to 2100 Central Time (1100 to 0200 UTC). These hours are unchanged from previous scheduling seasons. The FAA understands there may be differences in schedule times due to U.S. daylight saving time dates and will accommodate these differences to the extent possible.

Carriers should submit schedule information in sufficient detail including, at minimum, the marketing or operating carrier, flight number, scheduled time of operation, frequency, aircraft equipment, and effective dates. IATA standard schedule information format and data elements for communications at Level 2 and Level 3 airports in the IATA Standard Schedules Information Manual (SSIM) Chapter 6 may be used. The WSG provides additional information on schedule submissions at Level 2 and Level 3 airports. Some carriers at JFK manage and track slots through FAA-assigned Slot ID numbers corresponding to an arrival or departure slot in a particular half-hour on a particular day of week and date. The FAA has a similar voluntary process for tracking schedules at EWR with Reference IDs, and several carriers are managing their schedules accordingly. These are primarily U.S. and Canadian carriers that have the highest frequencies and considerable schedule changes throughout the season and can benefit from a simplified exchange of information not dependent on full flight details. Carriers are encouraged to submit schedule requests at those airports using Slot or Reference IDs.

As stated in the WSG, schedule facilitation at a Level 2 airport is based on the following: (1) Schedule
