plats of survey 30 calendar days from the date of this publication in the BLM Wyoming State Office, Cheyenne, Wyoming. This survey, which was executed at the request of the Bureau of Reclamation, was necessary for the management of these lands.

**DATES:** Protests must be received by the BLM prior to the scheduled date of official filing by June 7, 2021.

**ADDRESSES:** You may submit written protests to the Wyoming State Director at WY926, Bureau of Land Management, 5353 Yellowstone Road, Cheyenne, Wyoming 82009.

A person or party who wishes to protest one or more plats of survey identified below must file a written notice of protest within 30 calendar days from the date of this publication with the Wyoming State Director at the above address. Any notice of protest received after the scheduled date of official filing will be untimely and will not be considered. A written statement of reasons in support of a protest, if not filed with the notice of protest, must be filed with the State Director within 30 calendar days after the notice of protest is filed. If a notice of protest against a plat of survey is received prior to the scheduled date of official filing, the official filing of the plat of survey identified in the notice of protest will be stayed pending consideration of the protest. A plat of survey will not be officially filed until the next business day following dismissal or resolution of all protests of the plat.

Before including your address, phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**FOR FURTHER INFORMATION CONTACT:** Sonja Sparks, BLM Wyoming Chief Cadastral Surveyor, at 307–775–6225 or s75spark@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact Ms. Liberatore. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The plats of survey of the following described lands are scheduled to be officially filed in the Bureau of Land Management, Wyoming State Office, Cheyenne, Wyoming.

**Sixth Principal Meridian, Wyoming**

T. 50 N., R. 67 W., Group No. 1018, dependent resurvey, accepted March 12, 2021

T. 51 N., R. 66 W., Group No. 1031, corrective dependent resurvey and dependent resurvey, accepted March 30, 2021

Copies of the preceding described plat and field notes are available to the public at a cost of $4.20 per plat and $0.15 per page of field notes. Requests can be made to blm_wy_survey_records@blm.gov or by telephone at 307–775–6222.

**(Authority: 43 U.S.C., Chapter 3)**

**Dated:** May 3, 2021.

Sonja S. Sparks,
Chief Cadastral Surveyor, Division of Minerals & Lands.

**Notice of Availability of the Record of Decision for the Crimson Solar Project and the Proposed Amendment to the California Desert Conservation Area Plan, Riverside County, CA**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Record of Decision (ROD) for the Final Environmental Impact Statement (EIS)/Environmental Impact Report (EIR)/Plan Amendment developed for the proposed Crimson Solar Project, and by this notice is announcing its availability.

**DATES:** The Principal Deputy Assistant Secretary, Land and Minerals Management, Department of the Interior signed the ROD on April 30, 2021.

**ADDRESSES:** Copies of the ROD are available for public inspection during regular business hours at 1201 Bird Center Drive, Palm Springs, CA 92262. Due to COVID–19 related office closures, an appointment must be made in advance. Please contact the project manager listed below to make an appointment. Interested persons may also review the ROD at: https://go.usa.gov/xACdN.

**FOR FURTHER INFORMATION CONTACT:** Miriam Liberatore, Project Manager, telephone: 541–618–2200; email: mliberatore@blm.gov; mailing address: Bureau of Land Management, 3040 Biddle Road, Medford, OR 97504. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact Ms. Liberatore. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** Sonoran West Solar Holdings LLC (the Applicant), a wholly owned subsidiary of Recurrent Energy LLC, applied for a right-of-way grant for a photovoltaic solar project with the BLM. The applicant proposed to construct, operate, maintain, and decommission a maximum 350-megawatt photovoltaic solar facility with integrated battery storage and necessary ancillary facilities, including project substations, access roads, operations and maintenance buildings, and lay down areas. The Proposed Action included 2,500 acres of BLM-administered land in the Riverside East Solar Energy Zone.

In addition to the Proposed Action (Alternative A), the Final EIS/EIR/Plan Amendment considered a no-action alternative and two action alternatives. Alternative B, Alternative Design, included one or more of three design elements to reduce grading, trenching, and vegetation removal during construction. Alternative C, Reduced Acreage Alternative, was the same as described under Alternative A in the number and size of project-related facilities and energy generation, but the project area was reduced to 2,049 acres. All action alternatives proposed amending the California Desert Conservation Area (CDDA) Plan to allow the project. The Agency Preferred Alternative combines the reduced grading and reduced vegetation removal elements of Alternative B and the facility sizes, locations, and separation by unit under Alternative C. The Selected Alternative is the Preferred Alternative with the inclusion of the paved access road from Power Line Road described under Alternative A. The CDDA Plan requires proposed utility sites not previously identified in the plan and proposed transmission lines outside designated utility corridors be considered through a Plan Amendment. This decision therefore amends the CDDA Plan to identify the Crimson Solar Project site as suitable for
solar energy generation and to recognize the development of a high-voltage transmission line outside a designated corridor.

The Draft EIS/EIR/Plan Amendment was circulated for a 90-day public comment period initiated in October 2019, Federal Register Notice of Availability (84 FR 58738). The BLM held public meetings on December 2 and 3, 2019, in Palm Desert and Blythe, respectively. Twenty-one comments were received during the comment period. Responses to substantive comments were in Appendix W of the Final EIS/EIR/Plan Amendment. Public comments resulted in the addition of clarifying text but did not warrant changes in the analysis or conclusions. The Final EIS/EIR/Plan Amendment was published February 12, 2021 (86 FR 9335), initiating a 30-day protest period and a concurrent Governor’s consistency review of up to 60 days. During the protest period for the Proposed Amendments to the RMPs, the BLM received three protest letters. All protests were resolved prior to the issuance of the RODs. For a full description of the issues raised during the protest period and how they were addressed, please refer to the BLM Protest Resolution Report, which is available online at https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports. The Governor of California reviewed the Final EIS and Proposed Amendments to the RMPs and did not identify any inconsistencies with State or local plans, policies, or programs.

The BLM selects the Agency Preferred Alternative with the addition of the paved access road under Alternative A and amends the CDCA Plan. This decision constitutes the final decision of the Department of the Interior and is not subject to appeal under departmental regulations at 43 CFR part 4. Any challenge to this decision must be brought in the Federal District Court.

International Trade Commission

[Investigation No. 337–TA–1185]

Notice of Request for Submissions on the Public Interest; Certain Smart Thermostats, Smart HVAC Systems, and Components Thereof

ACTION: Notice.

SUMMARY: Notice is hereby given that on April 20, 2021, the presiding administrative law judge (“ALJ”) issued an Initial Determination on Violation of Section 337. On May 3, 2021, the ALJ issued a Recommended Determination on remedy and bonding should a violation be found in the above-captioned investigation. The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public only.

FOR FURTHER INFORMATION CONTACT: Michael Liberman, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3115. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at https://edis.usitc.gov. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at https://www.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States: unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry.

The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation, specifically: (1) A limited exclusion order directed to certain smart thermostats, smart HVAC systems, and components thereof imported, sold for importation, and/or sold after importation by the following respondents: ecobee Ltd. and ecobee, Inc. (collectively “ecobee”); Google LLC (“Google”); Alarm.com Incorporated and Alarm.com Holdings, Inc. (collectively “Alarm.com”); Daikin Industries, Ltd., Daikin America, Inc., and Daikin North America LLC (collectively “the Daikin Respondents”); Schneider Electric USA, Inc. and Schneider Electric SE (collectively “the Schneider Respondents”); and Vivint, Inc. (“Vivint”) (collectively, “Respondents”); (2) cease and desist orders directed to each Respondent.

The Commission is interested in further development of the record on the public interest in this investigation. Accordingly, members of the public are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the ALJ’s Recommended Determination on Remedy and Bonding issued in this investigation on May 3, 2021.

Comments should address whether issuance of the recommended remedial orders in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the recommended remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant’s licensees, and/or third-party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and

Laura Daniel-Davis,
Principal Deputy Assistant Secretary, Land and Minerals Management.
