(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652–0005; Security Programs for Foreign Air Carriers, 49 CFR part 1546. TSA uses the information collected to determine compliance with 49 CFR part 1546 and to ensure passenger safety by monitoring foreign air carrier security procedures. Foreign air carriers must carry out security measures to provide for the safety of persons and property traveling on flights provided by the foreign air carrier against acts of criminal violence and air piracy, and the introduction of unauthorized explosives, incendiaries, or weapons aboard an aircraft. The information TSA collects includes identifying information on foreign air carriers’ flight crews and passengers. Specifically, TSA requires foreign air carriers to electronically submit the following information: (1) A master crew list of all flight and cabin crew members flying to and from the United States; (2) the flight crew list on a flight-by-flight basis; and (3) passenger identifying information on a flight-by-flight basis. This information collection is mandatory for foreign air carriers and must be submitted before entry into the United States.

Additionally, foreign air carriers must maintain these records, as well as training records for crew members and individuals performing security-related functions, and make them available to TSA for inspection upon request. TSA will continue to collect information described above to determine foreign air carrier compliance with requirements of 49 CFR part 1546. TSA estimates that there will be approximately 180 respondents to the information collection, with an annual burden estimate of 277,247 hours.

Christina A. Walsh,
TSA Paperwork Reduction Act Officer, Information Technology.

[FR Doc. 2021–10185 Filed 5–13–21; 8:45 am]
The USACE has decided to adopt BOEM’s FEIS and issue a Department of the Army (DA) permit pursuant to section 404 of the CWA (33 U.S.C. 1344) and section 10 of the RHA (33 U.S.C. 403). The DA permit authorizes Vineyard Wind to discharge fill below the high tide line of waters of the United States and to perform work and place structures below the mean high-water mark of navigable waters of the United States. Activities under the DA permit are being authorized using a combination of alternatives C, D2, and E, as described in the Vineyard Wind FEIS. This alternative incorporates all practicable avoidance and minimization measures.

Authority: This NOA is published in accordance with 40 CFR parts 1500–1508, implementing the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.).

William Yancey Brown,
Chief Environmental Officer, Bureau of Ocean Energy Management.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1258]

Certain Smart Thermostat Systems, Smart HVAC Systems, Smart HVAC Control Systems, and Components Thereof; Notice of Commission Decision Not To Review an Initial Determination Granting an Unopposed Motion To Amend the Complaint and Notice of Investigation

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 4) of the presiding administrative law judge (“ALJ”) granting an unopposed motion to amend the complaint and notice of investigation to substitute Johnson Controls Inc. for respondent Johnson Controls International, PLC. For further information contact: Houda Morad, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–4716. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at https://edis.usitc.gov. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at https://www.usitc.gov.

In addition, the Proposed Respondent was identified as the appropriate entity. See id. The ID also finds that “no prejudice to the public interest or to the rights of the parties to the investigation will result from granting the motion.” See id. at 3. No petition for review of the subject ID was filed.

The Commission has determined not to review the subject ID. Respondent Johnson Controls International, PLC is terminated from the investigation. Johnson Controls Inc. is named as a respondent in this investigation.

The Commission’s vote for this determination took place on May 11, 2021.

Lisa Barton,
Secretary to the Commission.
