When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting*: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures*: The Secretary has established the following key performance measures for assessing the effectiveness of the PBI Program for purposes of the Government Performance and Results Act of 1993 (GPRA):

(a) The percentage of change in the number of full-time, degree-seeking undergraduate students enrolled at PBIs.

(b) The percentage of first-time, full-time, degree-seeking undergraduate students at four-year PBIs who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same four-year PBI.

(c) The percentage of first-time, full-time, degree-seeking undergraduate

students at two-year PBIs who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same two-year PBI.

(d) The percentage of first-time, full-time, degree-seeking undergraduate students enrolled at four-year PBIs who graduate within six years of enrollment.

(e) The percentage of first-time, full-time, degree-seeking undergraduate students enrolled at two-year PBIs who graduate within three years of enrollment.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance management requirements, the performance targets in the grantee's approved application.

In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Title of Collection: Impact Aid Electronic Data Collection (EDC) Program Questionnaire.

OMB Control Number: 1810-NEW.

Type of Review: New collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 30.

Total Estimated Number of Annual Burden Hours: 8.

Abstract: The Impact Aid Program (IAP) in the Office of Elementary and Secondary Education (OESE) at the U.S. Department of Education (the Department) requests clearance for the Electronic Data Collection (EDC) Program Questionnaire. This is a new information collection request. As part of the Impact Aid 7003 application, Local Educational Agency's (LEA) are required to submit data concerning federally-connected children within their LEA. In the past LEAs have collected this information using paper forms, but more recently, and particularly this past year, there has been more interest from LEAs to collect this data electronically. The purpose of the EDC program is to reduce administrative burden and to create a set of best practices to assist other LEAs in the development their own electronic systems. The questionnaire will allow IAP staff to provide in depth technical

assistance to LEAs and potentially increase efficiency and reduce costs associated with the Impact Aid data collection process. Prior to Impact Aid approval of an EDC program, the LEA must successfully demonstrate that their system complies with all requirements of the Impact Aid program: U.S.C. 7703 and 7705, and regulations at 34 CFR 222.39-35.

Dated: May 11, 2021.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Strengthening Institutions Program provides grants to eligible institutions of higher education (IHEs) to help them become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the institution's academic quality, institutional management, and fiscal stability.

Priorities: This notice contains two competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(v), Competitive Preference Priority 1 is from allowable activities specified in the statute (see section 311 of the Higher Education Act of 1965, as amended (HEA)). Competitive Preference Priority 2 is from the Secretary's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the **Federal Register** on March 2, 2018 (83 FR 9096) (Supplemental Priorities).

Competitive Preference Priorities: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to eight additional points for the priorities, depending on how well the application meets these priorities. Applicants may address one or both of the competitive preference priorities.

These priorities are:

Competitive Preference Priority 1—Tutoring, Counseling, and Student Service Programs (up to 5 points).

Background: The SIP Program is critical to the Department's efforts to improve college completion for students who have been traditionally underrepresented in postsecondary education. In recent years, attention to the importance of other supports, such as mental health, food pantries, and childcare, among others, to student persistence and graduation rates has increased.¹ Through this priority we encourage IHEs to develop and/or create internal support systems and/or train personnel on ways to enhance and/or develop systems of support that provide wrap around services to students and promote retention. These services can
