

accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Impact Aid Electronic Data Collection (EDC) Program Questionnaire.

OMB Control Number: 1810-NEW.

Type of Review: New collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 30.

Total Estimated Number of Annual Burden Hours: 8.

Abstract: The Impact Aid Program (IAP) in the Office of Elementary and Secondary Education (OESE) at the U.S. Department of Education (the Department) requests clearance for the Electronic Data Collection (EDC) Program Questionnaire. This is a new information collection request. As part of the Impact Aid 7003 application, Local Educational Agency's (LEA) are required to submit data concerning federally-connected children within their LEA. In the past LEAs have collected this information using paper forms, but more recently, and particularly this past year, there has been more interest from LEAs to collect this data electronically. The purpose of the EDC program is to reduce administrative burden and to create a set of best practices to assist other LEAs in the development their own electronic systems. The questionnaire will allow IAP staff to provide in depth technical

assistance to LEAs and potentially increase efficiency and reduce costs associated with the Impact Aid data collection process. Prior to Impact Aid approval of an EDC program, the LEA must successfully demonstrate that their system complies with all requirements of the Impact Aid program: U.S.C. 7703 and 7705, and regulations at 34 CFR 222.39-35.

Dated: May 11, 2021.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Strengthening Institutions Program provides grants to eligible institutions of higher education (IHEs) to help them become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the institution's academic quality, institutional management, and fiscal stability.

Priorities: This notice contains two competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(v), Competitive Preference Priority 1 is from allowable activities specified in the statute (see section 311 of the Higher Education Act of 1965, as amended (HEA)). Competitive Preference Priority 2 is from the Secretary's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the **Federal Register** on March 2, 2018 (83 FR 9096) (Supplemental Priorities).

Competitive Preference Priorities: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to eight additional points for the priorities, depending on how well the application meets these priorities. Applicants may address one or both of the competitive preference priorities.

These priorities are:

Competitive Preference Priority 1—Tutoring, Counseling, and Student Service Programs (up to 5 points).

Background: The SIP Program is critical to the Department's efforts to improve college completion for students who have been traditionally underrepresented in postsecondary education. In recent years, attention to the importance of other supports, such as mental health, food pantries, and childcare, among others, to student persistence and graduation rates has increased.¹ Through this priority we encourage IHEs to develop and/or create internal support systems and/or train personnel on ways to enhance and/or develop systems of support that provide wrap around services to students and promote retention. These services can

be provided to newly admitted students or to existing students at the institution.

Priority: Projects designed to provide tutoring, counseling, and student service programs designed to improve academic success, including innovative, customized, instruction courses designed to help retain students and move the students rapidly into core courses and through program completion, which may include remedial education and English language instruction.

Competitive Preference Priority 2—Fostering Flexible and Affordable Paths to Obtaining Knowledge and Skills (up to 3 points).

Background: One of the top expectations of students who attend postsecondary education is that they will gain the knowledge and skills necessary to get a job. However, a Lumina Foundation/Gallup Poll² report found that less than half (43 percent) of Americans agree that college graduates are well-prepared for success in the workplace, and when polling business leaders, just 11 percent strongly agreed that higher education institutions are graduating students with the skills and competencies that their businesses need. With the coronavirus pandemic's negative impact on higher education enrollment and employment, the previously found gap between skills and degrees has likely worsened. To ameliorate these gaps, institutions are encouraged to provide their students employability-related experiences.

Priority: Projects designed to provide work-based learning experiences (such as internships, apprenticeships, and fellowships) that align with in-demand industry sectors or occupations (as defined in section 3(23) of the Workforce Innovation and Opportunity Act of 2014 (WIOA)).

Definitions: These definitions apply to the priorities and the selection criteria for this competition and are from section 3(23) of WIOA and 34 CFR 77.1.

Demonstrates a rationale means a key project component included in the project's logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes. (34 CFR 77.1).

In-demand industry sector or occupation means—

(a) **In General.**—(i) An industry sector that has a substantial current or potential impact (including through jobs that lead to economic self-sufficiency and opportunities for advancement) on

the State, regional, or local economy, as appropriate, and that contributes to the growth or stability of other supporting businesses, or the growth of other industry sectors; or

(ii) An occupation that currently has or is projected to have a number of positions (including positions that lead to economic self-sufficiency and opportunities for advancement) in an industry sector so as to have a significant impact on the State, regional, or local economy, as appropriate.

(B) **Determination.**—The determination of whether an industry sector or occupation is in-demand under this paragraph shall be made by the State board or local board, as appropriate, using State and regional business and labor market projections, including the use of labor market information. (WIOA).

Logic model (also referred to as theory of action) means a framework that identifies key project components of the proposed project (*i.e.*, the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the key project components and relevant outcomes. (34 CFR 77.1).

Note: In developing logic models, applicants may want to use resources such as the Regional Educational Laboratory Program's (REL Pacific) Education Logic Model Application, available at <https://ies.ed.gov/ncee/edlabs/regions/pacific/elm.asp> to help design their logic models. Other sources include: https://ies.ed.gov/ncee/edlabs/regions/pacific/pdf/REL_2014025.pdf, https://ies.ed.gov/ncee/edlabs/regions/pacific/pdf/REL_2014007.pdf, and https://ies.ed.gov/ncee/edlabs/regions/northeast/pdf/REL_2015057.pdf.

Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (*e.g.*, training teachers on instructional practices for English learners and follow-on coaching for these teachers). (34 CFR 77.1).

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program. (34 CFR 77.1).

Program Authority: 20 U.S.C. 1057–1059d (title III, part A, of the HEA).

Note: In 2008, the HEA was amended by the Higher Education Opportunity Act of 2008 (HEOA), Public Law 110–315. Please note that the regulations for SIP in 34 CFR part 607 have not been updated to reflect these statutory

changes. The statute supersedes all other regulations.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program are in 34 CFR part 607. (e) The Supplemental Priorities.

II. Award Information

Type of Award: Discretionary grants. Five-year Individual Development Grants and Cooperative Arrangement Development Grants will be awarded in FY 2021.

Note: A cooperative arrangement is an arrangement to carry out allowable grant activities between an institution eligible to receive a grant under this competition and another eligible or ineligible IHE, under which the resources of the cooperating institutions are combined and shared to better achieve the purposes of this part and avoid costly duplication of effort.

Estimated Available Funds: \$17,182,981.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Individual Development Grants:

Estimated Range of Awards: \$400,000–\$450,000 per year.

Estimated Average Size of Awards: \$425,000 per year.

Maximum Award: We will not make an award exceeding \$450,000 for a single budget period of 12 months.

Estimated Number of Awards: 28.

Cooperative Arrangement Development Grants:

Estimated Range of Awards:

\$500,000–\$550,000 per year.

Estimated Average Size of Awards: \$525,000 per year.

Maximum Award: We will not make an award exceeding \$550,000 for a single budget period of 12 months.

² Gallup and Lumina Foundation, What America Needs to Know about Higher Education Redesign (Indianapolis: Lumina Foundation, 2014).

Estimated Number of Awards: 10.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

III. Eligibility Information

1. Eligible Applicants:

This program is authorized by title III, part A, of the HEA. To qualify as an eligible institution under any title III, part A program, an institution must—

(a) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered;

(b) Be legally authorized by the State in which it is located to be a junior or community college or to provide an educational program for which it awards a bachelor's degree; and

(c) Be designated as an "eligible institution" by demonstrating that it: (1) Has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Note: The notice announcing the FY 2021 process for designation of eligible institutions, and inviting applications for waiver of eligibility requirements, was published in the **Federal Register** on March 4, 2021 (86 FR 12665). The Department extended the deadline for applications in a notice published in the **Federal Register** on April 13, 2021 (86 FR 19231). Only institutions that the Department determines are eligible, or which are granted a waiver under the process described in the March 4, 2021 notice, may apply for a grant in this program.

An eligible IHE that submits applications for an Individual Development Grant and a Cooperative Arrangement Development Grant in this competition may be awarded both in the same fiscal year. A grantee with an Individual Development Grant or a Cooperative Arrangement Development Grant may be a partner in one or more Cooperative Development Arrangement Grants. The lead institution in a Cooperative Arrangement Development Grant must be an eligible institution. Partners are not required to be eligible institutions.

Relationship Between the Title III, Part A Programs and the Developing Hispanic-Serving Institutions (HSI) Program

A grantee under the HSI program, which is authorized under title V of the HEA, may not receive a grant under any HEA, title III, part A program. The title

III, part A programs are: SIP; the Tribally Controlled Colleges and Universities program; the Alaska Native and Native Hawaiian-Serving Institutions program; the Asian American and Native American Pacific Islander-Serving Institutions program; and the Native American-Serving Nontribal Institutions program.

Furthermore, a current HSI program grantee may not give up its HSI grant to receive a grant under SIP or any title III, part A program as described in 34 CFR 607.2(g)(1).

An eligible HSI that is not a current grantee under the HSI program may apply for a FY 2021 grant under all title III, part A programs for which it is eligible, as well as receive consideration for a grant under the HSI program. However, a successful applicant may receive only one grant as described in 34 CFR 607.2(g)(1).

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) Proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

2. a. *Cost Sharing or Matching:* This program does not require cost sharing or matching unless the grantee uses a portion of its grant for establishing or improving an endowment fund. If a grantee uses a portion of its grant for endowment fund purposes, it must match those grant funds with non-Federal funds (20 U.S.C. 1057(d)(1)–(2)).

b. *Supplement-Not-Supplant:* This program involves supplement-not-supplant funding requirements. Grant funds must be used so that they supplement and, to the extent practical, increase the funds that would otherwise be available for the activities to be carried out under the grant and in no case supplant those funds (34 CFR 607.30(b)).

c. *Administrative Cost Limitation:* This program does not include any

program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. *Subgrantees:* A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

IV. Application and Submission Information

1. Application Submission

Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf, which contains requirements and information on how to submit an application.

2. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

3. *Funding Restrictions:* We specify unallowable costs in 34 CFR 607.10(c). We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

4. *Recommended Page Limit:* The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you limit the application narrative to no more than 50 pages for Individual Development Grants and no more than 65 pages for Cooperative Arrangement Development Grants. If you are addressing one or both competitive preference priorities, we recommend that you limit your response to no more than an additional five pages total, three additional pages for Competitive Preference Priority 1 and two additional pages for Competitive Preference Priority 2. Please include a separate heading when responding to one or both competitive preference priorities. We also recommend that you use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations,

references, and captions as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger, and no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract. However, the recommended page limit does apply to all of the application narrative.

Note: The Budget Information-Non-Construction Programs Form (ED 524) Sections A–C are not the same as the narrative response to the Budget section of the selection criteria.

V. Application Review Information

1. *Selection Criteria:* The following selection criteria for this competition are from 34 CFR 607.22(a) through (g) and 34 CFR 75.210. Applicants should address each of the following selection criteria separately for each proposed activity. The selection criteria are worth a total of 100 points; the maximum score for each criterion is noted in parentheses.

(a) *Quality of the Applicant's Comprehensive Development Plan.* (Maximum 20 Points) The extent to which—

(1) The strengths, weaknesses, and significant problems of the institution's academic programs, institutional management, and fiscal stability are clearly and comprehensively analyzed and result from a process that involved major constituencies of the institution;

(2) The goals for the institution's academic programs, institutional management, and fiscal stability are realistic and based on comprehensive analysis;

(3) The objectives stated in the plan are measurable, related to institutional goals, and, if achieved, will contribute to the growth and self-sufficiency of the institution; and

(4) The plan clearly and comprehensively describes the methods and resources the institution will use to institutionalize practice and improvements developed under the proposed project, including, in particular, how operational costs for personnel, maintenance, and upgrades of equipment will be paid with institutional resources.

(b) *Quality of the Project Design.* (Maximum 15 Points) The Secretary considers the quality of the design of the proposed project. In determining the

quality of the design of the proposed project, the Secretary considers the extent to which the proposed project demonstrates a rationale (as defined in this notice).

(c) *Quality of Activity Objectives.* (Maximum 16 Points) The extent to which the objectives for each activity are—

(1) Realistic and defined in terms of measurable results; and

(2) Directly related to the problems to be solved and to the goals of the comprehensive development plan.

(d) *Quality of Implementation Strategy.* (Maximum 15 Points) The extent to which—

(1) The implementation strategy for each activity is comprehensive;

(2) The rationale for the implementation strategy for each activity is clearly described and is supported by the results of relevant studies or projects; and

(3) The timetable for each activity is realistic and likely to be attained.

(e) *Quality of Key Personnel.* (Maximum 8 Points) The extent to which—

(1) The past experience and training of key professional personnel are directly related to the stated activity objectives; and

(2) The time commitment of key personnel is realistic.

(f) *Quality of Project Management Plan.* (Maximum 10 Points) The extent to which—

(1) Procedures for managing the project are likely to ensure efficient and effective project implementation; and

(2) The project coordinator and activity directors have sufficient authority to conduct the project effectively, including access to the president or chief executive officer.

(g) *Quality of Evaluation Plan.* (Maximum 10 Points) The extent to which—

(1) The data elements and the data collection procedures are clearly described and appropriate to measure the attainment of activity objectives and to measure the success of the project in achieving the goals of the comprehensive development plan; and

(2) The data analysis procedures are clearly described and are likely to produce formative and summative results on attaining activity objectives and measuring the success of the project on achieving the goals of the comprehensive development plan.

(h) *Budget.* (Maximum 6 Points) The extent to which the proposed costs are necessary and reasonable in relation to the project's objectives and scope.

2. *Review and Selection Process:* We remind potential applicants that in

reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

A panel of three non-Federal reviewers will review and score each application in accordance with the selection criteria. A rank order funding slate will be made from this review. Awards will be made in rank order according to the average score received from the peer review and from the two competitive preference priorities.

In tie-breaking situations for development grants, 34 CFR 607.23(b) requires that we award one additional point to an application from an IHE that has an endowment fund of which the current market value, per FTE enrolled student, is less than the average current market value of the endowment funds, per FTE enrolled student, at similar type institutions that offer similar instruction. We award one additional point to an application from an IHE that has expenditures for library materials per FTE enrolled student that are less than the average expenditure for library materials per FTE enrolled student at similar type institutions. We also add one additional point to an application from an IHE that proposes to carry out one or more of the following activities—

- (1) Faculty development;
- (2) Funds and administrative management;
- (3) Development and improvement of academic programs;
- (4) Acquisition of equipment for use in strengthening management and academic programs;
- (5) Joint use of facilities; and
- (6) Student services.

For the purpose of these funding considerations, we use 2018–2019 data.

If a tie remains after applying the tie-breaker mechanism above, priority will be given to applicants that have the lowest endowment values per FTE enrolled student.

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR

200.206, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the

National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements

in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* Under the Government Performance and Results Act of 1993 and 34 CFR 75.110, the following performance measures will be used in assessing the effectiveness of SIP:

(a) The percentage change, over the five-year period, of the number of full-time degree-seeking undergraduates enrolled at SIP institutions. Note that this is a long-term measure that will be used to periodically gauge performance.

(b) The percentage of first-time, full-time degree-seeking undergraduate students at four-year SIP institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same SIP institution.

(c) The percentage of first-time, full-time degree-seeking undergraduate students at two-year SIP institutions who were in their first year of postsecondary enrollment in the previous year and are enrolled in the current year at the same SIP institution.

(d) The percentage of first-time, full-time degree-seeking undergraduate students enrolled at four-year SIP institutions graduating within six years of enrollment.

(e) The percentage of first-time, full-time degree-seeking undergraduate students enrolled at two-year SIP institutions graduating within three years of enrollment.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving

the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The AANAPISI Program provides grants to eligible institutions of higher education (IHEs) to enable them to improve and expand their capacity to serve Asian American and Native American Pacific Islander students. Institutions may use these grants to plan, develop, or implement activities that strengthen the institution.

The Department encourages applicants to describe how their services will improve educational outcomes for Asian American and Native American Pacific Islander students. The Department strongly encourages applicants to develop a five-year plan that will improve the assistance provided by the Asian American and Native American Pacific Islander-serving institution to Asian American and Native American Pacific Islander students and low-income individuals.

Priorities: This notice contains two competitive preference priorities and one invitational priority. Competitive Preference Priority 1 is from the Secretary's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs,

published in the **Federal Register** on March 2, 2018 (83 FR 9096) (Supplemental Priorities). Competitive Preference Priority 2 is from the Administrative Priorities for Discretionary Grant Programs, published in the **Federal Register** on March 9, 2020 (85 FR 13640) (Administrative Priorities).

Competitive Preference Priorities: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 1. We award an additional three points to an application that meets Competitive Preference Priority 2.

These priorities are:

Competitive Preference Priority 1—Fostering Flexible and Affordable Paths to Obtaining Knowledge and Skills (up to 5 points).

Providing work-based learning experiences (such as internships, apprenticeships, and fellowships) that align with in-demand industry sectors or occupations (as defined in section 3(23) of the Workforce Innovation and Opportunity Act of 2014).

Competitive Preference Priority 2—Applications from New Potential Grantees (3 points).

Under this priority, an applicant must demonstrate that it has never received a grant, including through membership in a group application submitted in accordance with 34 CFR 75.127-75.129, under the AANAPISI Part F program.

Invitational Priority: For FY 2021, there is one invitational priority for this program. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Addressing the Impact of COVID-19 on Students' Mental Health and Academic Outcomes Through Student Support Services.

Projects designed to provide integrated student support services (also known as wrap-around services) for students to address mental health and academic support needs due to the COVID-19 pandemic. An applicant should describe in its application how it will collaborate with any partners to provide resources to support students and communities hit the hardest by COVID-19 and implement evidence-based best practices to address the existing inequities exacerbated by the
